"Galt" Shingles

THIS IS THE SHEET METAL AGE.

To have been first shows antiquity—to have become first proves merit. The new "Galt" Shingle owes its enormous popularity and sales—not to the age, but to the brains of its inventors and makers.

We use only the Best British Galvanized Steel Plates—there are none better. Our bold Gothic Tile pattern is very handsome in appearance. "Galt" Shingles are accurately made, which insures quick and easy application. Covered nailing flanges at both top and sides insures strength and rigidity.

Our claims for the "Galt" Shingle are firmly based on the superiority of its constructional features here illustrated.

We originated the Gale-proof, Closed-end side lock. We perfected the continuous interlocking, over-lapping, easy-fitting and invisible top lock.

Pronounced by roofing experts to be the most perfect shingle ever made. They cost no more than the others.

We have a lot more to tell you about them in Catalog "B-3"—ask for it.

Roofing

Before deciding on *any* roofing, for *any* purpose, send for this free book which will give you the inside facts about all roofings—shingle, tin, tar, iron—and prepared, or "ready" roofings.

This book is fair, frank, comprehensive. It tells all about the cost of each kind of roofing. It tells the advantages and the disadvantages of each. It is a veritable gold mine of roofing information.

The reason we send it free is because it tells too, about Ruberoid roofing.

Since Ruberoid roofing was invented nearly twenty years ago, there have sprung up more than 300 substitutes.

These substitutes, *before they are laid and exposed to the weather*, look like Ruberoid. But don't let that deceive you.

Ruberoid roofing is sun proof, rain proof, snow proof, cold proof, weather proof. It resists acids, gases and fumes.

RUBEROID

(TRADEMARK REGISTERED)

It is so nearly fireproof that if you drop live coals on a Ruberoid roof it will not burn.

The secret of these wonderful properties of Ruberoid roofing lies in the Ruberoid gum—our exclusive product.

No other maker can use this Ruberoid gum—that is why no other roofing can possibly be so good as Ruberoid.

Ruberoid is supplied in its natural color, also in shades—Red, Green, Brown—suitable for the finest homes. And the colors do not wear off or fade, because they are part of the roofing—impregnated by our exclusive process.

Spray with the EMPIRE KING

IT TAKES precedence over any other spraying machine made. It is not enough for a pump to simply squirt water. Our KING is a combination of three machines in one: while it maintains a strong, steady pressure on the nozzles, it also keeps the liquid in the tank thoroughly agitated, and with each stroke of the pump-handle it cleans the suction strainer twice. Brass cylinder, plunger and valves secure greatest strength, long life, and freedom from corrosion. Every consideration urges it as the best pump. We also manufacture the Monarch, Garfield Knapsack, and many other kinds and sizes of sprayers. Write for our excellent book on spraying formulas, etc. Mailed free.
