Mercantile Summary.The capital stock of the Canada
Brass Rolling Mills Co., Limited,
Toronto, has been increased from \$200,-
000 to \$500,000.The following assignments took place
this week: McLean & Tapling, black-
smiths of Southampton, and J. H.
Thompson, cheese manufacturer of
Amaranth.According to a Board of Trade return
in England, Canada received 85,755
immigrants for the eight months ending
August 31, while Australia and New
Zealand received only 8,083.The assets of the Canada Launch and
Engine Works, of Toronto, are being
advertised for sale. They are placed at
\$28,739 in value, while the liabilities
are \$17,405. Unfortunately, after spend-
ing large sums on expensive machinery
they appear to have cramped them-
selves for working capital.Subjects which the Vancouver Board
of Trade has been debating at its
monthly meeting are the approaching
meetings of the Railway Commission
and the Tariff Commission; the Con-
gress of Chambers of Commerce of the
Empire, and the appointment of a com-
mittee to act in conjunction with the
committee recently appointed by the
City Council for the promotion of indus-
tries in the city.The Arbuthnott, McMillan & Co.,
Limited, of Toronto, a printing house,
has assigned to E. R. C. Clarkson, with
liabilities of somewhere about \$8,000.
The assets, which were advertised to be
tendered the 15th inst., are placed at
\$10,960, of which \$10,750 is in machinery
and plant and the pitiful sum of \$200
in stock on hand. They had also \$300
worth of work on hand when they
stopped. The prospects of dividend are
slender.Mr. Trout has sent us a copy of the
literature issued by the Canadian Gov-
ernment at the Liège Exhibition,
referred to in his letter. It consists of
a 64-page book with a Mercator's map
on one cover and pictures of our various
legislative buildings on the other. It
contains maps of the provinces, pictures
of all parts of Canada, many statistics,
and diagrams to illustrate the statistics.
In fact it is a readable, valuable pub-
lication, and reflects credit on Hon. Mr.
Sifton, whose name it bears, and his
assistants in the Department of Interior.
The little maps, showing prominent
towns and their surroundings, are
especially interesting.

—A friend of the editor writes from
Boston, where he resides, a most en-
thusiastic letter telling of his arrival
home from a glorious trip as far as
Portland, Oregon, through Washington
State and British Columbia. He travelled
over the C.P.R., with stops here and
there, and camping out occasionally at
Glacier, Field, Emerald Lake, the Yoho
Valley, and Laggan, and beautiful Lake
Louise. Camped for two weeks on the
slope of Mount Rainier, near the great

This plant is situated in the midst of a
great consuming population which is an-
nually increasing, and the market for the
product of this factory is at its doors.Each tender must be accompanied by
an accepted cheque, payable to the Bank
of British North America, equal to 10 per
cent. of the amount tendered, and which
will be applied upon the purchase money
in case the tender is accepted, or will be
forfeited to the Company in case the
tender is accepted and the purchase for
any reason is not carried out by the Pur-
chaser. Each tender must state terms of
payment proposed, and any other special
terms he desires. Rate of interest will
be 6 per cent. upon deferred payments.Tenders will be received for the whole
or portions of the property. The high-
