## The Provincial Besleyan.

national religion by the side of Popery, pay-ing its pastors out of the State budget. This the Gospel in freedom than at any other liberal policy has been extended to even the period. Jews and Mohammedans of the empire, as signed for entering the State Church again, I have shown in a former letter.

have shown in a former letter. But generous as this treatment from the 1848, were, first, that it afforded him a wider state may appear to be, it was injurious to field to work in; and secondly, that the fice of the old constitution of the Reformed and rapid progress in the Churches, that Church. It could have been accepted only general return to the old foundations of the under the sway of that Rationalism which Reformed Church of France, to its confes-French infidelity had introduced into the sion and discipline, was to be expected be-Church ; and just in proportion as spiritual fore long. "With this hope," he says, "I life resuscitates the latter, does it find its remain in the Church, and would rather renewed movements trammelled by the state wait patiently than secede."

The

But those who agreed with him in other The characteristic fact of the new order respects, did not all share this hope and paintroduced by Napoleon is, that the power tience. In the year 1848 there was no of the Church is vested, not in the body of longer any government authority to interfere its members, much less of its orthodox with the holding of a general synod. mémbérs, but in the possessors of property. opportunity was therefore afforded of speak-"Those who had the most interest in a cause ing as one body on the questions of do would take the best care of it," thought and government. And the result was just Napoleon ; but a principle so salutary in what might have been expected. One of civil politics may be found quite otherwise the speakers described the state of the exin religion; for the kingdom of Christ is isting Reformed Church as a " trightful disspiritual, and the spiritual minded are most order," and what help was there since there usually found among the humble, the unin- was no unity of principle, and, as E. de fluential. In fine, not only a government Pressensé expresses himself, "the one Church substantially Papal had, by this new consti- bore two Churches in its womb." tution, control of the Protestant Church, but the two leading parties in the assembly, in the constitutional power within the Church which the rationalists had certainly the maitself was not orthodox, and could not be jority, effected a species of compromise, brought into subjection to the ancient sym- those who had been long inclined to secede, bols of the body. Learned and spiritual pressed from the very first for the question minded men, therefore, deemed it necessary to be decided, whether the assembly would for not only their own tranquility, but the adopt such a confession as befitted a Chrismoral safety of their children, to escape tian Church. The question was indefinitely uniformity, and successfully expose to view the no cause of annoyance to the susceptibilities be restored, and henceforth collectors of tithes, the innocent victums may be worse than that of STATE OF PUBLIC FEELING IN RUSSIC postponed. Thereupon Frederic Monod from it.

But the process of the formation of these and the Count de Gasperin declared that new Churches is an interesting part of the they would no longer take part in a synod a fuller notice.

Religious ideas, sometimes attended with the find no such foundation, and afirmed that it no little excitement, began to awaken in the had no such foundation, and afirmed that it Protestant mind in several parts of France, wished to have none. These eminent men the protect of faith and practice; the oppositions of Contemporary Popes and Councils, their mutual sons who had acted, or were supposed to act, good work : intercourse with Churches in of France.

Evangeliques," you must accept from me a some negotiations, eighteen of those Churches presence of an armed force has kept them in ter in London to make the strongest repre-

tory nor that of their fathers. The simple contession of evangelical truth, the preaching Protestantism.
