

The World's Great Men

Rev. C. H. Spurgeon

What do they mean to you? Are they simply names and faces, or are they living realities? Are you taking advantage of the great store of knowledge that is being given to the world by these great minds? If you are not, you are losing the best that life

H. G. Wells

has to give you. A college training does not necessarily make a man well educated. The men who have benefited their fellowmen most are those who have educated themselves. Abraham Lincoln was born in a log cabin. He did not have the opportunity of getting a college education, but he studied to the best of his ability the few good books that he could secure and waited for his chance, and in time his chance came. Your chance might come tomorrow. Would you be ready to take advantage of it?

An Opportunity for Local Associations and Unions

John Nicholson

Our local farmers' organizations have done a great deal for the uplift of the community, and The Guide has constantly endeavored to assist them in every way possible. We feel that there is no way in which an Association or Union could confer more real

John Bright

benefit upon its individual members and upon the community than by going in for The Guide's Free Association Library. We are confident that if every Association would have a good library the effect that it would have in stimulating and improving the work of the organized farmers, as well as the individual members, would be tremendous.

Cut out the coupon below and mail it to The Guide office. We will then send you full particulars of our plan for supplying your Association with a Free Library, and you can bring it up at the next meeting of your local Association or Union. Do not wait for somebody else to do this. Anything that concerns the welfare of your Association is your business.

Booker Washington

By introducing this movement in your local you will be conferring a lasting benefit on your individual members and also on the cause for which we are all working.

LOUDEN

BOOK OF BARN PLANS FREE

If You Intend to Build a New Barn or Remodel an Old One You Should Have This Book

Louden Barn Plans is not a catalog of barn equipment. It is a complete and valuable book of reference and instruction on barn construction. The 96 pages of *Louden Barn Plans* are full of dollar-saving information.

It contains 51 representative designs for cow barns, horse barns, combination and general purpose barns, as well as many other designs for hog barns, pens, hay sheds, chicken houses, etc.

In addition to the barn plans shown in the book, there are 32 pages devoted to general construction problems, such as concrete work, laying floors, roof construction, ventilation, etc.

When Writing for This Book Please State When You Expect to Build, and How Many Cows and How Many Horses You Want to House

We have designs for nearly 4,000 barns, and our architects will give your letter personal attention if we learn your exact requirements.

Louden Barn Equipment

Louden equipment makes possible a clean, sanitary barn with a minimum of expense. When cows are transferred from dark, dirty barns to Louden barns the milk flow often increases from 15 to 25 per cent, and the labor of caring for the herd is reduced from one third to one half. Louden equipment is just as great an economy for the man with a half dozen head of stock as for the man with hundreds of animals. The percentage of labor saved is the same.

The Louden Line of Sanitary Steel Equipment Includes:

Litter Carriers	Cow Stalls	Water Basins
Feed Carriers	Horse Stalls	Cow Pens
Milk Can Carriers	Mangers	Calf Pens
Harness Carriers	Manger Divisions	Bull Pens
Hay Carriers	Feed Racks	Hog Pens
Feed Trucks	Hay Loft Equipment	Sheep Pens
		(10)

*Bird Proof Barn Door Hangers
Power Hoists, and
Other Barn Specialties*
