Nothing adds so much to the beauty of a home
as floors that are properly cared for; on the
other hand, floors that are not protected are
unpleasant to look at, are hard to keep clean,
and become injured through wear. Don't
neglect your floors, beautify them and save
them. Save the surface and you save all.

MARBLE-ITE Floor Finish is the perfect
treatment for floors of all kinds. It is the one
floor finish that has a money-back guarantee
attached to every can.

In 24 hours MARBLE-ITE dries hard with a
beautiful finish that will not show heel marks.
It has a high gloss, yet is tough enough to stand
any amount of wear without injury. It can be
washed with soap and water and it will not
mar nor scratch white.

We invite you to call and discuss this method
of beautifying and protecting your floors. We
can give you full details regarding this or any
other painting or varnishing problem. We have
a complete stock of MARTIN-SENOUR Paints

It takes a smart man to speak in seven languages, but it takes a snarler man to remain silent in one when he finds his newly-planted garden sorted over by the early hen.

In 1919 in Ontario 1020 schools qualified for grants for home and school gardens; there were 357 school fairs with 11,823 entries, and an attendance of 96,000 children and 107,590 adults; 1600 public and separate schools conducted classes in agriculture; 33 high schools provided agriculture as an optional subject.

The Dominion Government entomologist, after examining the fruit buds in the Annapolis Valley, reported that he had never seen them looking better. Unless some serious weather conditions are encountered he is satisfied that this year's crop will run to 1,500,000 barrels, with every possibility of reaching the 2,000,000 mark. All early indications point to a bumper crop.

Mr. Joe Hill, who works for John Lorch jr., townline Brant and Carrick had the misfortune to fall over a box one day last week and fracture several ribs. This is the third time within as many years that Joe has had similar misfortune. On one recent occasion a horse kicked him, caving in some ribs and not long before that, an animal he was leading, jostled him against a fence, with like results.

As a consequence of the dry majority on the referendum held on April 22nd, Ontario could be dry at the earliest on June 22nd. If the Returning Officers delay sending their reports in to the Chief Electoral Office, Lieut.-Col. O. M. Biggar, as long as they did after the October referendum in the three Prairie Provinces and Nova Scotia, the date will not be before August 1st. It wholly depends on whether correct reports will be sent in at the earliest possible moment.

John Jardine, a well known resident of Glenelg Twp., disappeared very unexpectedly eighteen or nineteen years ago, and was never heard of since until this month word came that he was alive and well, and has been farming near Manistique, Mich. ever since he disappeared. He was met by Wm. Burnett, a former neighbor in Glenelg, and at first denied his name, but on being challenged admitted his identity, and enquired for friends. It will be remembered, says the Durham Chronicle, that Jardine left the field in which he was working, leaving his watch and pipe behind him, as well as his working vest. He was an inveterate smoker, and the leaving of the pipe was the greatest source of surprise to those who knew him and learned of his departure.

WALT MASON'S SEVEN AUNTS.

For old time ways my spirit pants,
or modern ways I groan; in olden times my maiden aunts let politics alone. And there were then attractive girls I truthfully may state they had their hair done up in curls, their hats were up-to-date. They looked with cold and scornful eyes on states men and their game, they talked for hours of cakes and pies, and how to make the same. But household work now they deem a frost, they talk at stewing prunes; they say they'll save at any cost, our bulwarks and our bows. No more they fuss with pans and bowls, that scoke no kitchen fire they talk forever of the pots of green graves of our sires. To me no pan-cakes do they bring, they've found a nobler sphere, and I could stand this sort of thing, for there's a chop house near; but, oh, it fills me with despair to see those slouchy girls, they haven't time to comb their hair, or do it up in curls; they do not care how tough they look; how seedy they appear since they decline to sew and cook, to fill a higher sphere. My aunts are now a frenzy crew, their shoe-strings are untied; and once, an once I used to view these aunts with honest pride. There may be women who can mix with heelsers on the street, and thrash around in politics and still be fine and sweet, and keep the bearing that enchants, the dignity of old; alas, alas, my seven aunts that secret do not hold.

Good looks in woman
do not depend upon

You never see a good-

irritable, out of sorts, fidgety and

destroyers of beauty. Men do not

The average growth of hair in a
vigorous and healthy person is ap-
proximately one inch per month. If
a man has his hair cut twelve times
in a year the barber has cut during
that time nearly nineteen miles of
hair from his head.

Two mares, mother and daughter

until they were turned out to pasture.
The old mare seeing her presumptu-

What is a Recommendation Worth?

That depends very much upon who gives
it. For instance, we recommend Ames
Holden "Auto-Shoes" as the cheapest
mileage you can buy.

And we know a lot about tires. We have
to in our business.

Hence our recommendation should carry
some weight, apart from the fact that
we are benefiting to some extent by your
custom.

We know that if you buy once, you will
buy again—because you will find that
our recommendation saves you money
on mileage.

We will give you a guarantee with Ames Holden
"Auto-Shoes" too—a guarantee that protects you
against any defect in material or workmanship
which may arise at any time in the life of the
tire. And we will get you an adjustment on that
basis should necessity arise, without quibble or
red-tape. Drop in and let us show you Ames
Holden "Auto-Shoes" today if you can.

AN INTERESTING CASE.

Elmer Daniel, the fifteen year old
lad, who was arrested last week on a
charge of stealing a hundred dollars
from Frank Stanley's house, 6th con.
Bruce, the night his barn was burnt
down, was taken to Kincardine on
Monday for trial. After hearing a
lot of evidence the Magistrate reman-
ded Daniel for another week to allow
the Crown authorities to investigate
the matter thoroughly. On April 15
while Mr. and Mrs. Stanley were a-
way attending a relative's wedding
their barn was burnt down, and
when they arrived home about 2 a.
m. they found the neighbors putting
out the last of the flames. The loss
on the building and contents was
pretty well covered by insurance. It
was found that \$100 which was in
Stanley's clothes hanging on the wall
before the fire, had been stolen.
This money, or at least eighty dol-
lars of it, was afterwards found un-
der the mattress of the bed occupied
by Elmer Daniel, the 15 year old hir-
ed man of Stanley's brother, who lives
on the farm across the road. De-
puty Fire Warden Jordan was up
from Toronto last week investigating
the cause of the fire and has not as
yet got to the bottom of it. The
authorities are slow to believe that
Elmer Daniel, who appears to be an
honest boy though not overly bright,
had anything to do with it. It looks
to the neighbors as if somebody had
been putting up a job on the boy and
there are strange stories going about
the neighborhood. The greatest in-
terest is being taken in the case and
there were 250 people present at the
trial in Kincardine last Monday, in-
cluding most of the Bruce Township
countrywide. Crown Attorney Dixon
represented the Crown, and the de-
fendant Daniel, was taken over to
Kincardine by High Constable Briggs.
It is considered probable that the Fire
Marshal of Ontario will come up and
hold a regular court investigation of
the affair, in which case it seems like-
ly the mystery should not prove hard
to solve. In the meantime Elmer
Daniel is out on \$500 bail furnished
by Alex Mawhinney, M. P. P.—Tele-

PEOPLE.

A little six-year-old girl writes the
following composition on "People":
People are composed of boys and girls
also men and women. Boys are no
good until they grow up and get mar-
ried. Men who don't get married
are no good either. Girls are young
women who will be ladies when they
graduate. Boys are an awful bother
they want everything they see except
soap. If I had my way half the boys
in the world would be girls and the
other half dolls. My ma is a woman
and my pa is a man. A woman is a
grown-up girl with children. My pa
is such a nice man that I guess he
must have been a girl when he was
a little boy.
