

## The Gurney-Oxford Attracts Madam To The Kitchen

THE GURNEY-OXFORD has a large following of fashionable cooks who dip into the culinary art simply for the pleasure they derive from trying dainty recipes previously not attempted. They are all most enthusiastic supporters of the Gurney-Oxford because it contains many exclusive devices that make a perfect cooking equipment.

Its oven is evenly heated in every corner to insure deliciously dainty cakes, golden brown biscuits, and light flaky pastry. A special Divided Flue carries the heat to every hole on the range. The top is perfectly smooth and clean, requiring no black lead polish.

But most important is the Economizer. It is a small lever that moves around a series of six notches giving the exact degree of heat required for any particular dish. The heat of the range can be shut off and the kitchen kept cool between meals by turning the lever to a certain number.

The fire is held at a low ebb on a special Reversible Grate until a baking oven is required. Then the necessary heat can be obtained quickly by simply turning the Economizer lever to another notch.

Such control as this enables many smart women to invent some very tempting dishes which they set triumphantly before their friends. It will pay you to investigate the Gurney-Oxford.

**G. W. PARKER'S**  
CANNING, N. S.

Very quiet but pretty wedding took place at Kentville, Sept. 13th, at the home of Mr. and Mrs. T. E. Holmes, sister of the groom, when Miss Eugene Langton Mosher, of "The Lakes," Aylesford and Dr. Wiley G. Church, V. S., of Kentville, were united in marriage by the Rev. J. D. Spidell. At three o'clock to the strains of the wedding march played by Mrs. Holmes, the happy couple took their places under a beautiful arch of evergreen and sweet peas. The groom was supported by Mr. D. C. McKay, of Amherst, and the bride was attended by Mrs. J. M. Campbell, sister of the groom. The bride looked charming in a gown of soft cream satin and real lace with large picture hat trimmed with ostrich feathers and sprays and carried a bouquet of bridal roses and maiden hair fern. The bridesmaid also looked very becoming in white marquisette dress and pink ribbon and large picture hat. The rooms were decorated with potted plants, cut flowers and evergreen.

### Shipments

The Halifax Herald of Monday says:—Apple shipments approximating twenty thousand barrels were taken away from Halifax over the week end by two liners bound over the Atlantic to the old country. To load the first 1913 consignment of Nova Scotia apples for the Scottish market the Allan liner Parisian made a special call from Boston. She sailed again yesterday having embarked about ten thousand barrels. The other exports were in the cargo of the Warren liner Sagamore which left for Liverpool with alike amount. The Parisian embarked fourteen passengers at Halifax and the Sagamore two.

### Long Distance for Moose

Although the open season for moose only commenced on Tuesday there have been five carcases brought to town so far. The finest head was on the animal secured by Mr. Boadway, of Pasadena, Cal., Ellison Gray, guide, which is now at B. Doane's for mounting. A rather peculiar coincidence in this respect is that when the head arrived at Mr. Doane's shop, he was in conversation with another gentleman just starting for the woods. To him Mr. Doane said, "That man (Boadway) has come a long distance to get that head." "Where from?" the stranger asked. "From California," was the reply. "He has got to go 2,000 miles farther to beat me," said the stranger; "I'm from Honolulu."—Yarmouth Times.

### Family of John Alden

A curious fact came out at a meeting recently held in England for the purpose of forming an English Mayflower Club. This was that the home of the original John Alden, built in 1653, still stands at Plymouth, Mass., and that the home over which "Priscilla, the Pugian maiden", first presided has ever since been occupied by a John Alden. The present occupant is the fifth in direct descent.

### A Fine Moose

Mr. John Murphy, of New Ross, was out at Whitney Lake, New Ross, after moose, accompanied by John Broom, on Tuesday Sept. 16th. They succeeded in shooting a fine one weighing about 700 pounds, and Mr. Murphy said the antlers had a spread of 59 inches.

The engagement is announced of Freida Lorraine, second daughter of Mr. and Mrs. Freeman Morton, Lakeville to Thurston Scott Cooke, New Glasgow, Pictou Co., N. S. Wedding to take place in October.

Back in Ottawa.—An Ottawa dispatch says:—Premier Borden returned to the capital on Saturday from his visit to Halifax, and will probably spend some time in Ottawa.—Herald.

### Obituary

W. B. GRIERSON

Miss Grierson received a telegram yesterday announcing the death of her brother, W. B. Grierson, which took place at Newport, Rhode Island, on Sunday morning. He was a native of New York, but his youth was spent in Kentville. He leaves a widow; one brother, J. A. Grierson, of Weymouth, and three sisters. He was a member of the Masonic fraternity and was an employee of the Government torpedo works at Newport until failing health compelled him to retire.—Yarmouth Herald.

### Nova Scotia Views for New York children

Paul Yates, the Digby photographer, is in town in the interest of the New York State education department—division of visual instruction. Mr. Yates is taking photographs of interest in Yarmouth, and in fact all the way from Annapolis to Yarmouth which will be reproduced on lantern slides and enlarged photographs, for the express purpose of instructing the young of New York state in the geography of this part of the province, and not only the geography, but also the industrial and social phases of the people. Mr. Yates has been with this department since August and will be with them for some time to come. Yarmouth Times.
