Entries of thoroughbred stock have been received from parties at Lyn, Smith's Falls and Maitland, who have never before exhibited at this fair, and at the time of going to press the number of entries and the prospects of a large exhibit were never better, of the same number of days before the fair.

Don't fail to get your entries in to the secretary in good time. This will prevent confusion and delay when putting your goods in position.

The Ontario government will make a large display of pure manilla Binder twine at the Unionville fair. This exhibit will be of particular interest to farmers and will be carefully examined. The exhibit will be in charge of Byron W. Lovern, of Greenbush, who will be prepared to give all needed information, and distribute circulars to all who wish for them.

The arrangements are about completed, but not far enough to allow us to make a definite announcement.

MOTHER AND SON DROWNED. Authentic Particulars of the Lamentable Death of the wife and child of Mr. John Miller, of Parry Sound.

Last week the daily papers contained the sad intelligence that the wife and eldest son of Mr. John Miller, lumber merchant of Toronto, had been drowned at Parry Sound. Mr. Miller was the son of a late J. O. Miller (both well known in this section) and a grandson of Mrs. (Dr.) Chamberlain, Athens. His wife and children were spending the summer months at Pine Lodge, Parry Sound, the residence of his mother, when the terrible accident occurred.

The many friends of the family among our readers will be interested in the following particular account of the sorrowful event which was extracted from a letter written by Mrs. J. C. Miller, of Parry Sound, to her mother, Mrs. Chamberlain:—"On Friday afternoon, 26th ult., Mrs. Miller took the boys and Miss Cunningham to Sloop Island, in a row boat. They had been in the habit of going there to let the boys learn to swim, sail their little toy boats, and play about on the sandy beach, and they have enjoyed the afternoon of the warm bright days. GLADSTONE CHEERED. His Admirers Express Their Feelings—A Lamentable Occurrence.

LONDON, Sept. 4.—A remarkable demonstration took place outside Parliament on Monday morning. An immense concourse assembled, chiefly Irishmen, and awaited the announcement of the result of the division on the Home Rule bill. This was greeted with loud cheers and singing of "United Ireland." When Mr. Gladstone emerged from the House at 1.15 a.m., and entered his carriage he was greeted by a throng of admirers, who waved their handkerchiefs and sang "God Save the King" and "The Star Spangled Banner." Mr. Gladstone, who looked well, smilingly acknowledged the greetings.

By the rejection of the betterment clauses of the London Improvement bill, which shaves part of the expense of the street improvement on the ground landlords benefiting thereby, the House of Lords has brought relief in direct conflict with the whole body of London voters. Their action, it is thought, will give an immense impetus to the Radical movement in favor of the abolition or reform of the hereditary franchise, besides inducing voters whom the Liberal rejection of another appeal to the country on Home Rule.

It is expected that in next Friday's division 49 peers will support the Government. The debate is likely to be protracted to midnight owing to the number of peers desiring to speak. Lord Salisbury will close the session by piecemeal anticipation.

Hon. Edward Blake, who remained to vote on the third reading of the Home Rule bill, closed his speech on Saturday morning. He will return for the autumn session.

Mr. Gladstone replied by letter to the demand made by the Liberal Parliamentary party, that the disestablishment of the Church in Wales should be the first item in the Government program for 1894. He wrote: "I recognize the self-restraint and forbearance of the friends of disestablishment. When the measures of the next session shall be considered I will decide whether to remove the supplementary bill or introduce a complete measure. Meantime it will be hazardous to settle the business of the session by piecemeal anticipation."

Jersey City's Cholera. JERSEY CITY, Sept. 4.—Surgeon-General W. James and Dr. Eschbach made a tour on Saturday afternoon of the districts in which the supposed cholera cases originated. They said that they did not apprehend any further outbreak and were amply prepared for any emergency.

Another Case Suspected. JERSEY CITY, N. J., Sept. 4.—Another suspected cholera case was found here on Saturday. The authorities do not think the patient has cholera, but he was sent to the emergency hospital until the case develops sufficiently to allow the physicians to decide. The patient is John Lynch. His home is in Baltimore.
