His little daughter gave evidence against him in court.

PAVING MATTERS

Chatham is acknowledged to be one of the best paved cities in Ontario. Visitors from many places have commented upon the fine pavements from time to time, and other cities have not been slow in sending deputations here to "see how it's done."

St. Thomas has heard quite a lot about the Maple City pavements and the spirit of emulation has taken the Saintly City. Paving matters are looking up and Mr. Simmonds and ex-Ald. Brechin were in Windsor on Thursday and Friday last acting as a committee for the residents of Horton street, St. Thomas, to enquire into the different systems of street paving supplied by Windsor and Walkerville firms.

NEW PROPOSITION

It is stated by certain influential gentlemen in the city that Captain Davidson, the best sugar magnate, in talking with certain Chathamites some time ago, stated that he would be willing to erect and operate a sugar factory in Chatham, on condition that the city annex the factory and exempt it from taxes for a term of years.

The Planet was told this morning that the Chatham Board of Trade were considering the advisability of writing Captain Davidson regarding the matter, but the replies made by members of the Board of Trade to queries since made, would indicate that the Board know nothing whatever about any such proposition, and had never heard of Captain Davidson's alleged offer.

ANOTHER BIG OIL STRIKE

"Fin" Robertson Has A Gusher On His Farm Near Stewart

IT IS THE TWELFTH WELL

A mild sensation was caused in the Tilbury oil fields on Saturday when it was found that a gusher had been struck on the "Fin" Robertson farm. It is one of the best wells that have been put down in the field.

Late Saturday night the men who were drilling on this farm got down a distance of 1390 feet where the pay rock was struck. There was a showing of oil and about a bucket full was taken out. During the night the oil broke through the thin crust at the bottom of the well and commenced to gush up. The oil was thrown up away above the derrick, and continued to flow all day Sunday. It will be capped as soon as it is possible. The oil is now flowing all over the fields in that vicinity.

This new well is on the farm adjoining the Smith farm where there are now two wells, both good producers. Another well is now being put down on the Smith farm with a good show of success. The Smith wells are down a distance of 1433 feet, and it is thought that the Robertson well will be just as good as these when it is put down to the same depth.

This new strike shows that the field does not run north as was thought. This well, being west of the Smith property, enlarges the field considerably.

This is the 12th well put down in the field, and all of the finished wells are producers. Not a dry hole has been put down.

HE USED A RIFLE

C. P. R. Contractor Who Defied Him Gets Bullet In Side.

Bracebridge, June 18.—John Kilty, of Foote's Bay, is in jail here, charged with shooting with intent to do bodily harm to William Scott, a C. P. R. contractor, engaged on construction work near here and on Kilty's farm.

Kilty forbade Scott crossing a certain part of his farm, and when the work was continued according to plans, Kilty went to his home and returned with a rifle, with which he deliberately shot Scott. The bullet pierced Scott's side and for some time he was in a precarious condition, but he is now considered out of danger.

Kilty will appear before Judge Mahaffy for trial.

CORONATION FESTIVITIES.

Trondhjem Converted From Fisher Village to Capital.

Christiana, June 18.—Trondhjem, a city of fishers, was yesterday a capital. Many of those who will participate in the coronation of King Haakon have already swelled the population, and others are crowding north by steamers and trains.

The gaily over the confirmation of the country's new independence will reach its full tide Tuesday, when King Haakon, Queen Maud and the baby Crown Prince Olaf reach Trondhjem. All over the country floats the flag of Norway—the white bordered blue cross upon a field of red—testifying to the fealty of the people.

THOUSANDS HONOR SEDDON.

In Spite of Late Hour, Gather to Witness Arrival of Casket.

Wellington, N. Z., June 18.—The steamer Owestry Grange, bearing the body of Premier Seddon, who died on board the vessel shortly after it left Sydney, June 10, for New Zealand, arrived here at 11 o'clock Saturday night.

Despite the lateness of the hour thousands of persons were at the wharf and witnessed the landing of the casket.

Yesterday the body was lying in state in the Parliament Building.

The funeral will take place here next Thursday.

REVOLUTION IS CRUSHED.

Bambaat's Followers All Killed—Sigananda's Sons Surrender.

Durban, Natal, June 18.—Two of the Chief Sigananda's sons have surrendered to the Natalian forces, and nearly all of Chief Bambaat's followers were killed in the recent fighting.

Col. Mackenzie of the Natalian contingent has given the rebels, who are leaderless and scattered, far and wide, until June 19 to surrender, saying that otherwise they will be shot if captured.

Earl Grey's Son Weds.

London, June 18.—Two of England's leading families were united Saturday afternoon by the marriage at St. Margaret's Church, Westminster, of Viscount Hawick, eldest son of Earl Grey, Governor-General of Canada, to Lady Mabel Palmer, only daughter of the Earl of Selborne, high commissioner for South Africa.

Japan Won't Pay.

Tokio, June 18.—The Nichi Nichi reports that the Government recently received a detailed statement of the cost of the quartering of the Japanese prisoners in Russia during the war and declines to settle on the ground of the exorbitance of the charges. The negotiation of the matter is likely to prove difficult.

A Lumber Fire.

Quebec, June 18.—A despatch from Montreal says that fire broke out here at 6 o'clock last evening on the Bros' wharf, and before it was gotten under control about 75,000 feet of deals were consumed. About 60,000 feet were thrown in the water, but most, if not all, of this will be recovered.

Adam Lloyd Insane.

Belleville, June 18.—A report has reached this city that old Adam Lloyd, who was tried at the last Assizes for the murder of his wife, and acquitted, has gone violently insane. He is now in his son's near detention, who took charge of the old fellow after the trial.

For Twenty-One Years.

Barn Struck by Lightning.

Wingham, June 18.—Saturday night the barn of Edmund Teskey, cor. 1 barrie township, was struck by lightning and entirely destroyed.

RETURNED FROM COBALT

Dave King returned from Cobalt last evening after spending nearly three months in "the land of sunshine and silver." Dave is looking remarkably well on the strenuous life of a silver miner. He says that Cobalt is a great place to live although the country is of a wild description. The property in which Dave and Charlie have shares is increasing in value and pays better all the time. The samples and photographs which the two partners have brought back to Chatham, give a good idea of the value of the Cobalt silver mining industries.

They will have again for Cobalt this week, the increasing importance of the partners' holdings in that place necessitating his speedy return.

BIALISTOK NOW QUIET

Christians Calmed By The Government And Clergy

St. Petersburg, June 18.—The pitiable affair at Bialistok apparently has burned itself out. No further bloodshed was reported yesterday, and no more is expected, even by the Radicals, who are satisfied that the authorities are now in control and will do everything possible to prevent a renewal of the excesses. This confidence is based on the action of the Governor of Grodno, who is hated and distrusted by the bureaucrats, and who, after investigating the situation at Bialistok, took the unprecedented step, in order to stop the spread of the massacres, of telegraphing the authorities of all towns within the Jewish pale, denying the alleged official reports that the disorders were due to the wanton throwing of bombs at a Christian procession by Jewish revolutionists.

This measure, aided by the Catholic clergy, who yesterday throughout Russian Poland addressed their congregations, imploring them not to believe reports spread broadcast for the purpose of stirring up bloody excesses, was efficacious in calming the agitated spirits among the Christian population. The Catholics of Warsaw cabined a great religious procession which was to have been held yesterday in order to avoid the chance of a conflict.

Grows Grim.

The general situation, however, is hourly growing more disquieting, and the country seems to be on the verge of another gigantic upheaval. In St. Petersburg and Moscow, the populace is greatly excited, and nothing is talked of except a general political strike, which would bring the Government to its knees. The proletarian leaders, who have been preparing for months for a blow, believe the moment has come to strike; and that the agrarian troubles now are sufficiently extended, and that the disorders in the army are ripe. The Government has openly refused to accede to the demands of Parliament, and a rupture is imminent there.

Victims Number Hundreds.

London, June 18.—The Times St. Petersburg correspondent cables this morning: It is difficult to estimate the number of victims. The total is placed at several hundred, and according to one account six hundred Jews were killed or wounded. Whole families were murdered and their bodies thrown out of the windows. The hospitals soon were overcrowded and the wounded had to be sent to neighboring towns. Six thousand Jews are said to have taken refuge in the forests. Continuous butchery lasted for eight hours, and neither soldiers nor police interfered.

Five infantry regiments, one of dragoons, with artillery, and a strong force of mounted police had been concentrated in the town. The troops appear to have done nothing the first day except patrol the streets, firing at random at fugitives or into houses.

The second day, when many streets were in flames, they seem to have done nothing to help the fire brigade, which abstained under the pretext that the houses contained explosives.

Attack Military.

Warsaw, June 18.—A band of 30 revolutionists Saturday attacked a branch postoffice which was guarded by a small detachment of military, killing several of the soldiers and wounding two of them. One of the wounded soldiers succeeded in escaping and summoned help. After a further fight the band was driven off, but seven of its members were captured.

A second sergeant of police was killed in the streets here Saturday, and a policeman and a soldier were wounded.

Fear Peasant Uprising.

Odesa, June 18.—Instructions have been issued to the effect that all the infantry regiments and army reserve men in the southern and southwestern provinces are to be temporarily placed on a "home war footing," in view of the possibility of the peasants rising against the nobles. The Cossacks are to be mobilized into flying brigades.

An Organized Slaughter.

London, June 18.—The Daily Telegraph this morning prints a telegram received in London from Helmsforfs. It is dated Sunday afternoon and is signed by M. Vinaver and four other Jewish members of the Russian Parliament.

M. Brando, Schosberg, Katzenelson and Lewin. The telegram says: "The outbreak at Bialistok clearly was the beginning of an organized massacre, similar to the bloody October days. Only energetic intervention can prevent a terrible catastrophe. Peril is imminent. Appeal to all influences to help us."

Czar to Tempt Fate.

St. Petersburg, June 18.—The Associated Press is reliably informed that Emperor Nicholas has definitely decided to declare a recess of Parliament June 28, and that his majesty and the royal family will immediately thereafter leave on a cruise of the Finnish fjords on board the imperial yacht Standard, which is being fitted out for that purpose.

Such a decision seems to tempt fate, for if it is executed it will be almost certain to be the signal for an immediate and bloody struggle.

The group of toll as an outcome of its open declaration against a recess passed a resolution declaring that neither now nor in the near future can Parliament be recessed, that at no time will the members leave the posts, and that so long as the arbitrariness and outrages of the Government continue and the sufferings of the peasantry and workmen reign, Parliament must continue to work until it has achieved "A land of freedom" or exhausted all means to that end.

100 Killed or Hurt.

Vladivostok, June 18.—A passenger train was derailed at Progranitschnai station on the Chinese Eastern Railroad yesterday, and 100 persons are reported killed or injured.
