Verdict In the Case of Harry Clark Killed Near Cockston.

Hamilton, Oct. 31.—Coroner Balfe's Jury last night returned the following verdict, after an enquiry into the cir-cumstances:

cumstances:

"That Harry Clark, G. T. R. foreman, came to his death near Cookston, on the morning of Oct. 25, through a collision between engines 338 and 666, on the G. T. Railway, and that Engineed Jones of 666 disobeyed orders in stopping his engine when he had orders to go to Lynden, and that the G. T. R. officials were negligent in not calling medical aid and providing an ambulance with more despatch."

The evidence went to show that when Clark was brought to Hamilton he was kept at the station about 30 minutes before removal to the hospital.

GOOD REASONS FOR ITS SUCCESS

The majority of catarrh remedies are useless. But one that does cure is Catarrhozone. It clears the head of all mucous discharge. Putrid matter in the nostrils, phlegm in the throat, and disease germs are complectly swept away. The cause of the disease is destroyed, it's results are destroyed, and the system so thoroughly cleansed of catarrhal poison that cure is permanent. All types o featarrh, throat and bronchial trouble, colds and coughs are more certainly cured by Catarrhozone than anything else. Two sizes, 25c. and \$1, at all dealers.

Russian Workmen Permit Manifesto Anniversary to Pass

IN UNDISTURBED PEAC

The Putiloff Iron Works' employes worked as usual, in obedience to or-ders from labor headquarters. These works are the heart of the labor move-

ment.

Disquieting signs were observed near the works last week and yesterday an adequate force of men was stationed near by to cope with any emergency. The men of a score of smaller factories had the day off, but work was performed in a majority of the shops.

The Czar's Ukase.

At noon a special edition of The Official Gazette, containing the imperial ukase granting full religious freedom to the "old believers" was issued, the preamble of which is as follows:

"To guarantee to all Russian subjects liberty of faith and public worship according to the dictates of their conscience, we issued a ukase April 30, 1905. In continuance of this task of love and peace we deem if good to establish rules and regulations governing the internal organization of the old believers' and other dissident sects of the Holy Orthodox Church, charging the ministry of the interior at the same time to elaborate a similar law for the sects issuing from other Christian confessions. With trust in a beneficent Providence we believe that these measures will serve to strengthen the ties of loyalty by which the 'old believers' have been bound for centuries to the throne and fatherland and enhance the greatness of our general mother, the Holy Orthodox Church."

#### Religious Freedom

Introduces Civil Marriage.

The new law introduces an important innovation in the form of civil marriage, designed for the sects having no clergy, but of which non-members can easily take advantage, enabling thousands of persons, who on account of their objection to a religious rite and the absence of a civil ceremony, have lived together unmarried, to assume the legal tie and legitimatize their children. This law is of specal importance to the Mariavists, the Polish Schismatics from the Roman Catholic Church, whose numbers are rapidly growing on the German frontier.
