Mr. Knowles has just entered upon his seventeenth year as Principal of Hespeler Public School, and has just completed twenty-seven consecutive years of teaching. During that time he has lost only five days of lawful teaching time.

The year begins with an attendance of 26, which is likely to be greatly increased before the end of the week. Miss Walker has been second teacher for the past eight years. The entire staff of last year has been re-argaged, and the additional one is Miss Bessie Gilchrist, a former teacher. Alma Gorrespondence.

Able sermons were preached in the Methodist church in this village on Sabbath last by the Revs. C. Hamilton, chairman of the Palmerston District, and D. A. Moir, of Alma, to large congregations. The anniversary tea was served by the Iddies of the congregation in the lecture room on Monday evening. Grand adresses were delivered by the Revs. Hamilton, Gifford, Moir, Irwin, and by Mr. Irwin, a layman of London. Music of a very high grade was well rendered. Proceeds, about \$100.

On Dec. 25th and 26th the anniversary of the Methodist church at Creekbank was held, proceeds, \$107.

The social gatherings at both of these churches are pronounced the best held for years in this locality.

Although the prices charged by the Association have been exceedingly moderate, and netwithstanding the fact that the large bulk of traders are fully in sympathy with the arrangements (?), yes owing to the new wells that are coming into operation at Mooretown, Windoor, etc., it was found impossible to continue. "The prices at which salt can now be obtained will be low enough to satisfy the most patriotic Patron of Industry."

Within a few weeks no ess than 40,000,000 Canadian eggs have been landed at the port of Liverpool alone. A consigument was sent on to London; but, owing to the low prices, it had to be returned to Liverpool.
