Mr. and Mrs. F. W. Kilburn returned from Quebec early this week, accompanied by Mrs. Kilburn's parents from Birmingham, England. They will spend the summer here.

Mr. and Mrs. Ed Drost and son, Neville, have gone to Linville to spend the summer.

BAIRDSVILLE NOTES

Confirmation service was held in St. Georges church, Bairdsville, on Monday afternoon, June 9. His Lordship, Bishop Richardson, gave a very appealing sermon and a large congregation welcomed him again. Those confirmed were Misses Margaret and Helen Bain, Alice Mavor, Gladys Kennedy, Arthur Gingham, Paul Mavor and Henry Kennedy.

Many friends and neighbors regret to learn of the serious illness of Mr. James Cassidy. We all hope for a speedy recovery.

Miss Anna Cassidy was called home from Presque Isle owing to the illness of her father, James Cassidy.

Mr. and Mrs. Wiley Grant and daughter Shirley of Kilburn spent last Sunday with Mr. and Mrs. Chas. Baird.

Mrs. George Fields, Miss Harvey and Mr. Fisher of Carlingford spent last Sunday with Mr. and Mrs. Perley Fields.

The ladies of the W. A. held their annual meeting at the home of Mrs. Charles Baird on June 11. A large number were present and about fifty eight eating supper.

The new French Chamber of Deputies has two sensational novelties. A deputy who addressed it in German, or the kind of German spoken in Alsace, and a deputy clad in the Breton variety of the garb of old Gaul.

The former is M. Hatcher, Communist deputy from Alsace, who is obliged to talk German because he cannot talk anything else, and the latter is the Liberal deputy from Morbihan, a farmer named Joseph Cadic, who lives in Pontivy. M. Cadic wears the local festival costume, consisting principally of a kind of Eton jacket with a waistcoat of white cloth, both elaborately embroidered in red. The rest of the garments are of black silk.

A strange discovery was made by a butcher in Ingersoll, Ont., when removing the heart from a cow that had just been slaughtered. Firmly embedded in the heart was a piece of small wire about eight inches in length.

The wire had entered the heart at one side and had been forced almost through that organ. The wire was of the kind that is used on baled hay and it seems remarkable that it did not prove fatal to the animal.

Arthur Callitt, aged 2, of St. Boniface, Man., climbed aboard a drift-covered ice floe in the Seine river, near his home recently, and was taken off his hazardous island a little later.

a mile and a half down in the Red river. In the meantime he had been missed and the river was dragged for his body. Arthur was not seen climbing aboard the floe. G. Schreider, fishing for driftwood, saw the boy drifting down stream and took him off. He was quite uninjured and not particularly alarmed.

Here and There

Comparative figures on the hydro-power installed in the United States and Canada show that the latter is far in the lead in respect of horsepower installed per 1,000 of population. The United States has 10,455,000 h.p. of installed water power against Canada's water power installations of 3,227,414 h.p. The horsepower per 1,000 of population in the United States is 95, but in Canada it is 350.

A steady increase in the volume of wheat exports from Canada is noted in the monthly statement issued by the Bureau of Statistics. In April, 1924, 6,085,465 bushels in all were exported, as against 5,143,304 in April, 1923. Included in these figures are 32,305 bushels sent to the United States, 2,972,469 to the United Kingdom and 3,060,191 to other countries.

Approximately 80 per cent of Manitoba's wheat acreage has been seeded, despite the general lateness of work on the land occasioned by unfavorable spring weather. Practically every district correspondent reports a reduction in the wheat acreage, with corresponding indications that barley and flax acreage, in particular, will be increased.

Alberta provided the bulk of the wool sold by the Canadian Co-operative Wool Growers' Association last year, 1,062,613 pounds, of the total of 2,843,365 pounds of the 1923 clip, coming from this province, according to a statement made by the general manager of the Association. Ontario growers took second place, with 686,076 pounds, followed by Manitoba Saskatchewan, 469,583 pounds. Summary shipments totalled 245,599 pounds.

The value of the building permits issued in 56 Canadian cities showed a large increase during April, as compared with March, 1924. Representative cities authorized buildings to the value of \$13,452,359, as compared with \$9,162,763 in the previous month. Nova Scotia, Quebec, Ontario, Manitoba and New Brunswick registered increases in the value of building permits issued.

Except in sheep, Canadian livestock and livestock products show an increase in shipments to the United States all along the line in the January-February period of this year, compared with the corresponding months of last year. Cattle shipments in the period were 11,190, compared with 10,310; beef 923,400 lbs., compared with 446,800 lbs.; bacon 81,700 lbs., compared with 30,100 lbs.; pork 165,300 lbs., compared with 30,800 lbs., and mutton 2,400 lbs., compared with 700 lbs.

The first annual row-wow, of the Trail Riders of the Canadian Rockies, which will be held July 17-18 at Yoho, will take place in a big sun-dance lodge decorated by Stony Indians. The order aims to encourage travel through the Canadian Rockies, outdoor life, nature study, and forest conservation, and to honor early explorers. Many noted authors and artists have joined and E. W. Beatty, President of the Canadian Pacific Railway, has donated \$1,000 towards expenses.

The Canadian Pacific S.S. "Empress of Canada" arrived at Vancouver, B.C., on May 24th, following a world cruise of five months and nearly 30,000 miles. The passengers witnessed a remarkable eruption at Hilo, in the Hawaiian Islands, on May 17th. After a public welcome at Vancouver, they left for the East, stopping en route at Banff Springs Hotel for a dinner-dance. E. W. Beatty, President of the Canadian Pacific, who met the ship, said that she had done important missionary work in carrying the Canadian Ensign over the Seven Seas.

Arrangements are well under way for entertaining the members and friends of the Canadian Teachers' Federation during their trans-Canadian tour, which will take place August 4th-12th over the main lines of the Canadian Pacific Railway, in a train specially provided for their accommodation. Fort William, Port Arthur, Winnipeg, Regina, Moose Jaw, Calgary, Edmonton, Banff, Lake Louise, Vancouver and Victoria are all planning festivities. The Canadian Pacific is preparing to give the teachers a royal time at their beautiful Rocky Mountain resort, and the people of Victoria, who are planning a convention will also help to make their stay in that city a memorable one.

"Perhaps the most noteworthy fact we discovered was the vastly improved psychology of the people of the west to that which existed a year ago," commented E. W. Beatty, President of the Canadian Pacific Railway, on his return from a recent inspection of the Company's property. "They are full of hope and confidence and realize, as the east should realize, the tremendous benefit to the whole of Canada of a second consecutive large harvest."

The number of big industrial undertakings projected for immediate construction on the coast of British Columbia provides a striking indication of how that province is going ahead. A \$400,000 logging railway up the Shehalis River Valley, a \$1,000,000 mill plant at Chemainus, a \$200,000 amusement centre at Victoria and a \$200,000 sawmill at Port Coquitlam, with about \$10,000,000 in power plants in the Seave Lake District are some of the more important and a host of smaller projects are also under way.

Practically all Canada's production of newsprint for export in March was absorbed by the United States. Of March shipments amounting to 127,583 tons valued at \$9,756,530, the United States received 125,848 tons, valued at 9,617,828. The only other Canadian exports of newsprint of importance were 599 tons to South Africa and 1,037 tons to New Zealand. It is expected that April shipments will show an even greater proportion of consignments to the United States.

The concentration camp for emigrants to Canada and the United States maintained by the Canadian Pacific Railway and other steamship companies, is located at Southampton, England. It has an average daily attendance of 600 and, on some days, the number is about 1,000. Comfortable quarters and meals at moderate cost are provided and features of the camp are the special dining room for Jewish passengers, the private shower baths, with towels and bathing gowns supplied and the individual rooms which are also available.

A young woman who was reared in an Eastern Kansas town read in a poultry journal that poultry-raising was remunerative, so she decided to try it. She purchased a hen and set her on thirteen eggs. She wrote to a poultry journal that poultry-raising was much to her liking and "wondered how long the hen should remain on the eggs. The paper wrote back: "Three weeks for chickens and four weeks for ducks." Later she wrote to the poultry journal as follows: "Many thanks for your advice about the setting hen. She remained on the nest three weeks and at the end of that time there were no chickens hatched. As I did not care for ducks, I took her off the nest and sold the
