ELECTION

For County Councillors Held Yesterday.

WARM CONTESTS

In Some of the Parishes. Many Returned by Acclamation.

The election of councillors which is held the second Tuesday of every second year took place throughout Northumberland county yesterday. At least it was supposed to have been held but in at least two parishes the clerks neglected to post the necessary notice and special dates have to be set for these two parishes, Glenelg and Blackville.

The following parishes elected councillors by acclamation:—
Chatham—Police Magistrate Connors and Ald. Watt—have been re-elected by acclamation.

Messrs. Wm. Anderson and Wm. L. Allan have been elected by acclamation as councillors for the parish of Altwick for the ensuing term.

Messrs. J. S. Pond and Wm. A. Campbell have been returned by acclamation to represent Ludlow parish at the municipal board for the ensuing term.

The following were elected in the election held yesterday:—
Blissfield—Swan and Brophy.

Newcastle—Davidson 301; Doyle 265; Wood 168.

Derby—Parker and Crocker.

Southwick—Gibbs and Hubbard.

Northwick—McCormick and Whitney.

Nelson—Doolin and Fleet.

Blackville (and Glenelg)—No election. Notice not posted.

DEATH OF MR. J. O. BEIDERMAN.

Mr. J. Oscar Beiderman died suddenly at the American House, corner of Duke and Prince William streets, this morning. About a year ago Mr. Beiderman's health became so poor that he was forced to give up his work, and since then he has failed rapidly. His death was not expected, however. Mr. Thomas Steeves, of the hotel, was passing along the hall in front of Mr. Beiderman's room about 6 o'clock this morning when he noticed the deceased lying on the floor in his night clothes. He went in quickly and found the deceased still alive, though it was evident that death was not far distant. Dr. J. H. Scammell was summoned, but his services were of no avail, and fifteen minutes after Mr. Steeves entered the room death ensued. The deceased was a man of about fifty years of age. He was an American of German descent, having been born in Milwaukee. The greater part of his life, however, has been spent in St. John, where his work as a piano tuner has become well known, he having enjoyed a reputation as the leader in his profession. He came here when about sixteen, and lived in this city for more than thirty years. Prof. A. J. Beiderman, now of Lackawanna Penn., a well-known composer, is the father of deceased, and Mr. Edward Beiderman, of Harlem, N. Y., a prominent organist, is his brother. The deceased is survived by a wife and two daughters. Mr. Beiderman had planned to leave shortly for New York for treatment in St. Luke's Hospital. Coroner Berryman was notified, but an inquest is unlikely.—Globe.

ST. JOHN CARNIVAL.

St. John people are anticipating an enjoyable time during the week of the carnival October 5th to 10th. The great horse show has been arranged to take place in Victoria Park on October 6th and 7th and entries are pouring in with great rapidity. It will be the feature of the period in St. John and the exhibit includes horses of all class of all breeds from the strong farm working horse to the ladies driving and saddle horse. Horse shows are of great interest in any city and the amount of interest which not only local but people from all over the province take, is great. Trophies of silver of much value and cash prizes amounting to a large sum will be awarded the successful competitors. On Oct 6th and 7th the athletic and aquatic sports take place. The athletic sports will consist of all kinds of athletic competition including running races, jumping exhibitions, pole vaulting, hammer throwing etc. At the sports held in St. John last year athletes of world wide standing were present and competed against local men, in the various sports and will be present this year again.

The aquatic sports take place on the large and spacious harbor of St. John, which has been the scene of many notable contests. The programme will consist of rowing events in single, double and four oared shells, in which events a Halifax representation will be present and probably crews from the famous Upper Canadian rowing clubs. The yacht races taking place in the harbor also are the occasion of much rivalry among the amateur yachtsmen and outside place will also be represented.

WEDDING BELLS.

The wedding which was the scene of a very pretty wedding last Wednesday evening, when Miss Adeline R. daughter of Mr. J. A. Clark and Mr. W. C. Hayward, secretary of The Lounsbury Co., were united in the holy bonds of matrimony.

The ceremony was performed by Rev. Geo. Harrison assisted by Rev. H. Johnson, pastor of the church.

The church was tastefully decorated with flags, cut flowers and potted plants giving a very artistic white, green and gold effect and was crowded to the doors with the friends of the contracting parties.

At nine o'clock, with a quartette, composed of Messrs. Walden and Crocker and Messrs. Wyse and Williamson, sang "the voice that breathed over Eden," the bride entered leaning on the arm of her father and attended by Miss Georgia Harrison while little Ruth Wyse made a very pretty flower girl.

The groom was supported by Mr. A. E. G. McKenzie and the ushers were Messrs. C. W. Anslow and F. W. Pickles.

After the ceremony the wedding party left the church to the strains of Mendelssohn's wedding march, played by Miss Clarke, and entered their carriages going to the home of the bride's parents, where the happy couple received the congratulations and good wishes of their friends. The bride looked very charming in a dress of white tulle silk, with a heavy cream stripe trimmed with ribbon and wore a bridal veil and orange blossoms and carried a bouquet of white roses. The bridesmaid was dressed in a very fetching pale blue silk muslin and a hat of white chiffon and carried a bouquet of pink carnations.

The little flower girl was very pretty in a sweet little dress of white silk and white silk hat and carried a basket of sweet peas.

After a sumptuous wedding supper was served, Mr. and Mrs. Hayward took the Maritime express for Montreal, Toronto, Kingston, Niagara and other points in the west, followed by the good wishes of their many friends who went to the station to see their departure. The bride's going away gown was of blue broadcloth trimmed with white satin. Many beautiful and costly presents testified to the esteem in which the young couple were held. On their return Mr. and Mrs. Hayward will be at home at the residence of Rev. Geo. Harrison Sept. 23rd and 24th. No cards.

KILLED AT CHATHAM.

John Sheehan Killed While Loading Steamer.

A sad accident happened at Chatham Monday morning when a young man, Joseph Sheehan, of Lartigue was instantly killed and his body knocked overboard from a steamer loading at Richards wharf, Chatham.

A sling of deals was being hoisted on board, and when clear of the side the guy broke allowing the boom to swing which it did, striking Sheehan with great force, knocking him overboard.

The body did not come to the surface and men were grappling for it Monday and yesterday.

The young man was about 19 years of age.

RELIANCE WON.

The American Cup will Remain in Possession of the New York Yacht Club.

NEW YORK, Sept. 3.—The Reliance, the American cup defender, today won the third and final race and the series for that famous sea trophy, the American cup. In a dense fog, which prevented vision beyond 250 yards, she finished the race at 5:30.02 and the acclamations of the assembled fleet.

Shamrock 111, after running for more than an hour in the fog, missed the finish line, passed by it, and then returned to it from the opposite direction. As the Reliance was then being towed through the fleet, with yacht ensigns fluttering from her truck and spreaders in celebration of her victory, the Shamrock 111 did not cross the finish line. An official said of the historic race when the America won the cup, "there was no second."

Government work at Port Hood.

The government dredge, St. Lawrence, is now at PORT HOOD, despatching the approach to and the channel alongside the PORT HOOD COAL CO'S PIER. This will enable vessels of small tonnage to be loaded without interfering with steamers and larger shipping, and will greatly facilitate the shipment of coal from Port Hood. When she is finished work at the Port Hood Coal Co's pier, the dredge will be moved to the government pier, where the water will also be deepened.

A considerable amount of shipping has been at Port Hood for the past month loading Port Hood Coal for the St. Lawrence and Maritime Province ports.

The Port Hood Coal Company report some difficulty in obtaining a supply of vessels at the present time. They will want a good many during September and October. The demand for Port Hood Coal is constantly increasing.

Editor's Mail.

Mr. Editor:—

Please give space enough for the refutation of the following slander, which verities the truths of God's line:

"In the woods of the north there are insects that live

On the brains of the elk till his very last

sigh

Oh, genius thy patrons more cruel than

they

First feed on your brains then leave you

to die."

"The late Wendell Phillips was once in a hotel at Charleston, had breakfast in his room and was served by a slave. Mr. Phillips spoke to him as an abolitionist, but the other seemed to be more concerned about the breakfast than about himself. Finally, Mr. Phillips told him to go away, saying he could not bear to be waited upon by a slave. The other remonstrated:—

"Scuse me, massa, but I've 'bliged to stay yere, 'cause I've 'sponsible fo' de silver-ware."—Springfield Republican.

Wendell Phillips was never in Charleston.

Mr. Bowles who founded the paper from which I clip the above must have turned in his casket when this appeared. Such stuff can only serve one purpose, which is to prove that French novelists have not a monopoly of diseased minds and this assassin isle is offering to exist on the fruit of other men's brains. The sequel of the above may be deduced from the following.

Some years ago the Governors of N. York and Pennsylvania met in New York City and went to Delmonico's for lunch and were shown to a private room, and when their order was filled, they said to the waiter, "you may retire now as we have some business of a private nature to do, and the waiter said: "Dat's all right but I've 'sponsible fo' dese spoons."
