OLD STARS TALK OF TURNING OUT

"Liz" Marriott Could be Used, But Dinny McCarthy Has Nothing on Pfelffer—Art Turner Has Been Working Hard.

With Saturday's defeat as a stimulus several of the old Tiger Rugby stars are talking of turning out, but from here Liz Marriott looks to be about the only one who will be able to catch a place. There has been some talk about Dinny McCarthy turning out, but it is hard to see where he has anything on Pfeif-fer, if he is as good. Pfeif. played a game on Saturday equal to anything put up by McCarthy for the last couple of up by McCarthy for the last couple of years and there is not much danger of him being shunted to the touch lines. With Don Lyon back in the game, and "liz" out again, it is hard to see where the Tigers need any more strengthening up. Every department will be well looked after then, and the yellow and black will have a team good enough to beat the Rough Riders on their own grounds or anywhere else. A practise was held yesterday afternoon, and all the team, with the exception of Isbister and Wigle, were out. The boys were a little sore for heavy work, but limbered up enough to kee pthe min condition.

Art Turner may have played a weak game on Saturday, but no one can gainsay his gamenets, and all day yesterday he was at the Cricket Grounds working like a nigger to improve his tackling and following up. This certainly shows a proper spirit, and the man who has heart enough to come back after having so much disparaging stuff written about him, as Turner has, has got to have a lot of girt in him. Yesterday afternoon he worked harder than any man on the field, and when the practice was overwent for a three-mile jaunt around the grounds. In the evening he was out again, and spent over an hour on the tackling dummy. Not satisfied with going after the dummy in the usual way, he placed a bench about ten feet in front of it, and standing back some distance, making a dash and diving over the intervening space between the bench and dummy and getting it below the waist every time. This is very severe practice, but Turner kept at it for over an hour, and then went at Trainer Sim Vaughan. He will be given a chance to make good, and he certainly deserves, it.

The Midnight Club tendered Davey Tope a banquet at the American Hotel last night by way of consolation. Davey is to be married to-day, you know, but seems to be giving up his rights of bachelorhood with great willingnes.

Toronto Telegram: A back division that would have found difficulty in qualifying for the "highly commended" medal was largely responsible for Argonauts defeat at Rosedale last Saturday. And also from the gentle boosts that read like the usual flowery advance motice of a munisal comedy one would have sanspected the oarsmen of the speed of a dynamo; but, also, whe nit came to the real contest Argos were found snoozing at the switch. We won't go into all the harrowing details, but really the local team's rear division played like it had just graduated from a private school. When it wasn't muffing it would foozle and when it failed to foozle it invariably muffed.

Montreal played good steady football, but had Argos come to life earlier in the game the acore might have been a great deal closer. Norcross played a splendid game, his tackling being quite a feature, but the majority of the team lacked that football technique that sometimes wins championships. It grieves us very much to make such painful personal references, but something will have to be done if the gentlemen from the water front hope for recognition in the football arena.

The boys were a little sore for heavy work, but limbered up enough to kee pthe min condition.

The line-up for Saturday's game with the Argonauts here has not been goven out, but it will be the men who make good during the week who will catch places. George Smith made a favorable impression by his work on Saturday, and he will give "Kid" Smith-a run for the full back position. The Argos had a chance to find out their weak spots on Saturday, and they will bring a much stronger team for the game here.

The Argos may be without the services of Norcross during the rest of the season. He was hurt rather badly in last Saturday's match, and as a result may have to quit the game.

As McGill defeated Ottawa College and Varsity beat Queen's, next Saturday's game between the Montreal and Toronto teams ought almost to decide the Intercollegiate championship.

It was McGill's back line that won them the game against Ottawa College last Saturday.

Johnstone, at full back for Ottawa, played a fast game in Saturday's match with Hamilton. "Nick" Bawlf was to have held that position, but he failed to make good, and Johnstone was given the job.

The Argos can play a great deal better than they did against Montreal. It was an off-day for them.

The senior Y. M. C. A. football team will have a full practice to night on the Central Y. M. C. A. grounds. Every player is requested to be sharp on hand.

A meeting of the senior city Rugby League executive will be held on Wed-nesday evening at 8.30 sharp at J. W. Nelson's.

On Thursday evening the Knox, Y. M. C. Å., Erskines and St. Andrew Church League executive will hold a meeting at 8.30 at 36 James street north. Among other matters, new officials have to be arranged to take the place of Snider and others who are playing senior city ball. Applications should be sent in at once to Mr. Springstead, secretary, in case of J. W. Nelson.

To-night at 8.30 the junior City League, 90 pound average and 112 limit, will hold a meeting, composed of repre-sentatives from the Hurons, Broadviews, Blue Labels, Victorias and Tigers, Two representatives from each club are re-quested to be sharp on hand.

Jeff has spent several weeks in Europe, and now that he is about to return those interested in puglism are asking the question, "What progress towards a fight has been made since his departure?" The answer is not difficult by any means, and two words are adequate enough. These two words are "no progress." When Jeff won abroad he left the matter of negotiations for the match in the hands of his manager, Sam Berger, but he might just as well have had no representative at all on this fidence in the big Californian.

A splendid opportunity to supplement the regular revenue of the farm is of-fered to those who can compete for the fered to those who can compete for the large cash prizes which will be given at the Ontario Provincial Winter Fair to be held in Guelph on Dec. 6 to 10, 1990. About \$14,000 will be offered as prize money in the different departments, which include the principal breeds of horses, dairy cattle, beef cattle, sheep, swine and poultry, and also seeds. The fair comes at a convenient season, when the fitting can be done during the stack time of fall and early winter, while the few days spent in Guelph with the exhibits is a pleasant and profitable outing.

hibits is a pleasant and profitable outing.

During the past summer about \$50,000 was spent or an addition to the fair building. Besides providing increased and improved accommodation for the former departments of the fair, a large judging arena and about one hundred and fifty horse stalls have been placed in the new part, which gave splendid facilities for a magnificent horse show. Special attention has been given to providing accommodation for the judging of the different classes of stock, and, besides the ring for horses and beef cattle, there are now separate judging rings for swine and sheep, each with adequate seating.

viding accommodation for the judging of the different classes of stock, and, be sides the ring for horses and beef cattle, there are now separate judging rings for swine and sheep, each with adequate seating.

The following is a brief summory of the prize list. Our readers who are in terested should apply to the Secretary of the fair, A. P. Westervelt, Toronto, for a complete list: In the horse department there are classes for Clydesdales, Shires, Hackneys, Standard-breds, Thoroughbreds, Pomies and Heavy Draught horses, for which there is offered \$3,300 in prizes. The \$2,000 offered for beef cattle goes to Shorthorns, Herefords, Aberdeen-Angus, Galloways, Devons and Grades or Crosses. The Dairy Shorthorns, Ayrshires, Holsteins, Jerseys, Guernseys and Grades compete for \$1,200. Exhibitors of sheep can show Cotswolds, Lincolns, Leicesters, Oxfords, Shropshires, Southdowns, Dorsets, Hampshires, Sutfolks, and Grades or Crosses, and win \$2,000 in prizes. The swine exhibitors get \$1,400 for their exhibits of Yorkshires, Berkshires, Tamworths, Grades or Crosses, and Bacon hogs. As pure seed is now recognized as necessary to successful farming, growers of these are offered \$900 as an inducement for them to make a good display. The poultry department has grown to be tho biggest poultry show in Canada, and breeders show great enthusiasm in competing for the \$3,000 prize money.

We look to the farmers of this county to uphold their reputation as successful breeders and feeders of good live stock. The financial, inducements offered are certainly worthy of their best efforts.

New York, Oct. 11.—Wm. R. Hearst formally accepted the invitation of his followers to run for mayor to-night at Carnegie Hall, and fired off a sizzling speech against Tammany. The mass nieeting, as arranged, was to be a general notification of Mr. Heart and the fusion candidates, but it came down to a direct whooping it up for Hearst and an all round roasting for Justice Gaynor.

For some time past a movement has been on foot among the Anglican churches of Toronto for the celebration of a ten-day mission for members of the Anglican Church in Advent, 1910, and in preparation for that event a three-day convention will be held here on Nov. 29 and 30 and Dec. 1, this year. MARKETS AND FINANCE

Tuesday, October 12.—Although the offerings of produce on the Central market were very small this morning the supply was sufficient to meet the demand. All prices with the exception of wheat remained steady. The market for wheat was firmer and the price was raised nearly two cents. The meat market remained firm at the same prices as quoted a few days ago. There was a fair offering of poultry, but it was not up to the usual quality. Dairy produce was very firm and in a few instances eggs were offered for 32 cents a dozen.

No other noticeable change took place.
