The usual meetings of the United Kingdom Allieance for the Total Suppression of the Liquor Traffic have been held at Mauchester. The gatherings were largely attended, but there was little new in the troceedings. However, it was stated, that of the 550,000 required for the "five years" agitation fund," about £45,000 had already been subscribed. It was observed in the report that too much must not be expected from the new constituencies, but still the Council felt certain that under household suffrage "the power of the publicans would be knowledge concerning the Magadalla prisoners to knowledge concerning the Magadalla prisoners to knowledge concerning the Magadalla prisoners to

the Bishop of Capetowa's name is suit compressed in the public prints. Miss Burdett Courts, who furnished means for the endowment of the Bishop rice in South Africa, has taken a decided step in reference to the action of the latter in appointing a Bishop of Maritzburg, with the intention of virtually superseding De. The uncertainty as to the fate of the respected Dr. Livingstone, the African explorer, has for months kept up a leverish excitement. The indefiniteness of all the reports that have reached Europa has ulternated hopefully and despairingly. Once more hope is in the accordant. The Cape Mail just arrived, brings us the substance of a letter, in which he dictated.

Several prominent Southerners have recently expressed to the President their conviction that a general value is still alive. A report, says Mr. Mollant has been received at Zambar of Livingstone's pine sage through a district. The way and the place where he was said to have open tilled.

It is not often we read of the honorary rights of citizenship being conferred upon a lady. Such an event has lately occurred at Frankfort, and the recipient was Mademoisable Pauline Lucca, the celebrated vocalist. This lady has been giving a concert there, the proceeds of which were devoted to the fund for rebuilding the Cathedral, destroyed by fine a few mouths ago. She was received at the currence of the Concert-hall by the Archbishop of Mayence, and the Municipal Council did the honors of the down, conferring upon her before her departure the citizenship of Frankfort.
