21st, in the afternoon, when the business of appointing committees, electing officers, and enrolling members will be transacted. President Jack, of the N. B. University will deliver an introductory address, on the Teacher's Profession at the evening session. At the profession at the evening session. At the profession at the evening session are sent by mail, the larger being sent by express and freight. American homes should be applied works of sart, and mental culture will be read and discussed make more refined and beautiful the lives of The morning session of Thursday will be de- all dwellers therin. voted to observation of practical lessons given by Instructors in the Normal School, and to paper and discussions on the promotion of Notwithstanding the boastful language by Instructors in the Normal School, and to

and a special committee has been appointed to consult with the heads of the Fire Pepartment on the subject. Col. Marsh suggested that twelve handred flambeaux might be obtained from the Grand Falls at small expense.

Flambeaux certainly would be more pictureque than the oil lamps, but as they only but not keep alight half the time, and on the bearers they would not be so durable, handy and cleanly as the regulation torch.

There is plenty time yet to perfect all the armagements for the reception. All the money required will be forthcoming.

There is plenty time yet to perfect all the farrangements for the reception. All the following responsible. The special committee who have charge of Shermans Wharf, the Exhibition Building, and the Steamers for which certain sums have the Steamers for which certain sums have the Steamers for which certain sums have the committee who have charge of Shermans Wharf, the Exhibition Building, and the shadow of conscription is constantly of constitutions of the Exhibition Building, and the shadow of conscription is constantly but the shadow of conscripti University. Irish University will be governed by a chancellor and a senate of sixty six members who are empowered to hold examinations and grant degrees to properly qualified students without regard to their religious belief. This measure will go a good

the anomaly which has hitherto existed in Ireland, where, although it possessed two well equipped Universities—Dublin and Queen's—Catholics, though they are the great numerical majority of the population were numerical majority of the population were Scotia, which will be held at Halifax from Scotia, which will be held at Halifax from States to pay for wheat, says, in reference to Manday the 30th of September, to Friday the firmness of the French exchange on the Manday the striking assysticing

## Beautiful Pictures for All

The Great Art Publishing House of George

The third annual meeting of the Educational Institute of New Brunswick will open on Tuesday, August 19, and continue to the 21st, in the afternoon, when the business of Those who need pleasant, profitable work, about correspond with them.

The strength of Canada's position on the paper and discussions on the promotion of pupils in graded schools, and on the granting of certificates to pupils on the completion of Advanced and High School courses. At the afternoon session a paper on the place of written examinations in public schools will be read and discussed. At the closing session, in the evening, one on the value of pictorial illustrations in school instruction. Each in the evening, one on the value of pictorial illustrations in school instruction. Each evening session will be opened by music, furnished by a select choir of ladies and gentlemen under the leadership of Mr. E. Cadwallader.

N. B. All the sessions of the Institute are N. B. All the sessions of the Institute are cargoes of squid to be taken to American

opportunity or sending their warmest greeting to the temperance reformers of the various provinces of the Dominion of Canada trusting that their noble permissive liquor law, entitled the Canada Temperance Act, 1878, may soon be carried into operation throughout the Dominion, and thus prove a beneficient means of securing the sobriety, social progress and compressed processed are resulted by the sound of the sunny side, at four or live oclock, and the blind drawn down. The mistake people generally make is to throw open their windows at all hours of the day, no matter whether the atmosphere outside be cool or scorching. Let us have some air, they say, and in comes the treacherous breeze—for even hot air is pleasant while it is gently blowing taking account of the sunny side, at four or live oclock, and the blind drawn down. The mistake people generally make is to throw open their windows at all hours of the day, no matter whether the atmosphere outside become the cool or scorching. Let us have some air, they say, and in comes the treacherous breeze—for even hot air is pleasant while and also the moral and religious welfare of people of Canada." Sir Tilley briefly responded, and referred to the progress of temperance in Canada, where he has been the head of the Order of Sons of Temperance for many years.
