

Given Up To Die

No. 100 George St., Sorel, Quebec.
 "I suffered from womb disease for seven years, with dreadful pains over the front of the body, over the back and down the legs. I had indigestion and chronic constipation and the constipation was so bad that I went sometimes for ten to fifteen days without any action of the bowels. I was ill in bed for one whole year. At one time I was so low that everyone thought I was going to die, and the last Rites of the Church were administered to me. I was treated by six different doctors without any benefit.

MADAME JOSEPH LIRETTE

"Then I got a sample of 'Fruit-a-tives,' but I had no faith in them at all, and I would not have taken them only my husband begged so hard for me to try them. As soon as I began to take 'Fruit-a-tives' I grew better, the bloating was relieved, the sleeplessness was cured, my stomach acted, and the bowels were moved, but above all the fearful womb pains were made easier. I have taken eighteen boxes in all and I am now perfectly well again."
 (Signed) MADAME JOSEPH LIRETTE, 60c. box—6 for \$2.50—or trial box 25c.—at dealers or from Fruit-a-tives Limited, Ottawa.

Eastport Man, After Murderous Assault, Seeks Death in Bay—Fatal Shooting Caused by Trouble Over Girl at Dance.

Eastport, Me., Nov. 29—Evidence of what appeared to the police to have been a murderous assault and suicide, was brought to light to-day. It tended to show that James A. Craig, aged about 35, assaulted his wife at their home in the south end last night with some instrument which has since disappeared, making a gash in the head which required five stitches to close, and it is supposed left her for dead.
 Then he left the house and at a point about a mile away drowned himself in the bay. Before death came he was discovered by a dog that attracted his master's attention and led him to the shore where Craig was found in four feet of water. He was taken to a nearby house, where he died within an hour.
 Mrs. Craig had not recovered consciousness to-day and it was feared she might not live. Craig had been drinking heavily lately, it is claimed. He was the father of six children, the eldest of whom is not over twelve.

Dalton, Ga., Nov. 29—After killing William Walls and probably fatally shooting Hal Holland, while returning after a dance near here, Pickett Colburn surrendered to the police and was placed in the county jail yesterday.
 According to Colburn the trouble grew out of the misunderstanding of his invitation by a young woman whom he asked to dance with him.

These little "specialists" have proven their real merit. Sold by A. E. SHAW'S Pharmacy—72

30 YEARS OF VILE CATARRH—Chas. O.  RHEUMATISM WILL SUCCUMB TO South American Rheumatic Cure because it goes right to the seat of the trouble and removes the cause. Many so-called cures but deaden pain temporarily only, to have it return again with doubled violence. Not so with this great remedy. It eradicates from the system the last vestige of the disease and its cures are permanent. Sold by A. E. SHAW'S Pharmacy.—74

"BABY IS EASILY HUSHED TO SLEEP IN A GENDRON BABY CARRIAGE"

"When we visit other babies I always know if they are particular about the mother's milk, the mother knows about the mother's milk of a GENDRON. The springs are triple-covered, fully tempered steel, guaranteed to absorb every jar. The hubs on GENDRON wheels are covered with rubber caps. There's no danger of scalding the furniture when you drive the baby around the house in a GENDRON. It's easy to understand why good mothers insist on a GENDRON carriage for baby."

Rural Phones
 Solve These
 Every-Day Problems

Problem I. Bad Roads:—The old way was to curse nature and idly await sun's return. The new way is to telephone for what you want, and smile because you get the information in a thousand part of the time.

Problem II. Weather Forecasts:—The old way was to work on belated information, and to excuse the losses with "That's what the farmer has to put up with." The new way is to telephone every morning to the weather man and overcome much of the needless haste and waste of the old way.

Problem III. Prices Current:—The old way was to ask a neighbor or trust to the news papers. The new way is to get information in the nick of time over the phone, thus knowing when to sell and when to hold.

Problem IV. Emergencies:—The old way of procedure when some one took sick, was to harness up the "driver" and make all haste for the doctor. Effort in this direction often procured as its only result the information: "doctor is out." The new way is to call up the doctor on the phone, and know instantly what can be done pending the medical man's arrival.

Problem V. Help:—The old way was to allow men to go on boys' errands—waste half a morning walking to Smith's only to find that his harrow was already loaned. The new way is to make the phone your errand boy—buy, borrow, begot by means of the "silent partner."

We have prepared a Booklet describing fully a rural phone system. Hadn't you better instruct us to send you this interesting bit of information, seeing it costs you nothing. Ask for Booklet B119.
