### The Sealing News.

The anxiety prevailing on Thursday night when it became known that the S. S. Viking had run on one of the sunken sandbanks off Miquelon, and that the S. S. Portia was going to her assistance, was allayed when it became known that Capt. William Bartlett had worked her off and that she was safe and uninjured in the road of St. Pierre.

A despatch from our correspondent at St. Pierre gives some details of the Viking mishap and recovery. This pleasing news of the Captain's success in working the Viking out of a dangerous predicament was received yesterday morning and was followed late at night by excellent news from the front received from Mr. Eric Bowring who is on board the S. S. Floriel a wireless message reporting 144,000 seals for five steamers in the seals. This gives over 200,000 seals for eight steamers. If the other steamers have any luck at all, there is every prospect of a "bumper" sealing voyage.

### An Explanation and an Apology.

On March 14th we published a paragraph about shoeing, and another one the next day. On Wednesday last we were served with a writ for libel for these publications. As we had obtained our information from the highest authority, we were somewhat surprised. That day we attempted to find out if any mistake had been made as to the publication, but we could not discover where we were in fault or in what the fault consisted. After we had gone to press on Thursday evening we found that in spite of all precaution a grave mistake had been made in the name. We had used the wrong Christian name. In one paragraph we had given the name as Timothy and in the other as Tim. This was not the Christian name of the shoeing, and unfortunately the name we gave was borne by an innocent man in Harbor Grace. Naturally enough the error caused intense annoyance to Timothy Hayden.

who is a most respectable man, well known and favourably known to his fellow-citizens, and who has had nothing to do with shoeing and to whom we did not refer, or intend to refer. For our error and the annoyance we have caused him we offer him a sincere apology. We regret exceedingly we should have used a name which could cause him annoyance. We repeat we had no intention of referring to this innocent man. We were referring, as the text of the paragraph shows, to another man, a man notorious for shoeing.

### At the R. C. Cathedral.

His Grace the Archbishop was the Celebrant at the Mass of the Presanctified yesterday at 10 a.m. The church was filled.

Stations of the Cross at 3 p.m. were read by Rev. Fr. O'Callaghan.

At night in the Office of Tenebrae His Grace the Archbishop sung the third Lamentation from the Prophet Jeremiah, Rev. Fr. Ashley, the second and Altar boys the first. Rev. Father Gough preached the sermon on the Passion, last words on the cross, as uttered by Our Divine Lord. It was a powerful discourse and rich in scriptural quotation both from the Old and New Testaments.

Mr. P. J. Cantwell, brother of Mr. Cantwell, at Cape Spear, died at Philadelphia, on Friday week. Deceased who was in his 47th year was prominently identified with the Labor Union in Boston where he had made his home since leaving Newfoundland. He had been ill only two weeks. ### IN MEMORIAM.

At Pouch Cove, on March 26th, John R. Easterbrook passed away after an illness of about two months, leaving a wife and five small children to mourn their loss. He was complaining for the last year but did not quit work until the 20th of January, and then consumption developed. He welcomed death as a merciful release to end his suffering. To his sorrowing wife and family we extend sincere sympathy.—W. B. E.

### Fine Showrooms.

Mr. John Henley, upholsterer, whose specialty is the manufacture of high class mattresses, having recently greatly enlarged his factory on Henry Street, has added two splendid showrooms to the place, one on the ground floor and the other on the second floor. The ceiling and pillars in both departments are done in pitch pine and varnished, and the walls are done in pale blue with very artistic friezes for bordering. A nice office has been also added to the second floor. Mr. Henley's business is rapidly extending and he deserves the success which through energy, enterprise and application to business he has achieved.

### Fishing Fleet Busy.

By the Portia we learn that the fishing fleet at Rose Blanche are now doing very well, the average catch being pretty nearly up to that of last season. Herring bait is plentiful and if fine weather prevails a good spring fishery will result. From members of the Portia's crew we get the catches of some of the bankers. These are: Grayling, Capt. Chuet, 350 qts.; Hazel, Capt. Tibbo, 350; Asalla, Capt. Bond, 400; Monie and Monie, Capt. Bond, 280; Edna Carter, Capt. Farrell, 130; Arminia, Capt. Noss, 60; San Juan, Capt. Pope, 130; Acme, Capt. Critch, 380; Cayuga, Capt. Fudge, 200; Laymon, Capt. Laymon, 140; —, Capt. Vallance, 200.

### The Portia's Run.

The s.s. Portia, which went up to render aid to the Viking, returned here at 2:30 to-day. Thick snow was encountered with a lumpy sea until 1 p.m. yesterday. When it cleared off the Viking was sighted about 7 miles off St. Lawrence. The Portia bore down on her and circled around her a couple of times. Both captains hailed each other and the crews of both steamers cheered each other heartily. The ship reported all well and seemed to have a big trip of scale.

### A Boon to Stock-Raisers

To Know How to Cure Colic, Distemper, Colds, Swellings, Etc.—Saves Thousands Each Year.

It is a matter of vital importance to every farmer, horse-owner and stock-raiser to know exactly what to do when one of his animals is taken suddenly sick.

The letter of Mr. Frank T. Fullerton, which we print below, gives information of inestimable value, and tells of his experience in curing ailing stock during the past thirty-eight years.

"Several years ago when my horses took colic I used to give them Cayenne Pepper in hot milk, but in a few cases only did it help, and because I had no proper means at hand I lost several valuable animals. Some one told me of the success Mr. Wendling, of Brockville, Ont., had in his racing stables with 'Nerviline,' so I laid in a supply. It wasn't very long before Nerviline saved the life of a valuable stallion of mine, which was worth at least \$1,000.00. This horse was taken with colic, and would have died, had it not been for Nerviline. I have used Nerviline for reducing swellings, for taking out distemper lumps, and easing a bad cough, and always found it worked well. I recommend every man who owns horses or cattle to keep Nerviline on hand."

Mr. Fullerton is one of the best known residents of Stormont, and his recommendation as an experienced and practical horseman proved beyond question how valuable Nerviline really is.

Give Nerviline a trial. It's good for man or beast, internally or externally. 25c. per bottle or five for \$1.00. At all dealers or The Carrington Co., Kingston, Ont.

### News From Magdalen's

Mrs. O'Brien, wife of Inspector O'Brien of the Health Department, had a letter yesterday from her niece, Miss O'Brien, now in Montreal, saying that she had word from her relatives on the Magdalen Islands which stated that no news could be had from there owing to the fact that the cable there had become broken, and of course it was impossible to effect repairs during the winter months. The Harlaw left Halifax on March 2nd for the Magdalen's but had to back, presumably owing to ice. However, the Minto managed to get there. It is expected that navigation will be open soon and the belief is contended that a good deal of seals have been landed there. More than likely some of our sealers will be despatched there as in former years to collect them.

### The Diana Arrives.

The S. S. Diana, Capt. Sorbo, arrived to Harvey & Co. at 3 p.m. on Thursday direct from New York, after a passage of 5 days. Leaving on the 19th inst. she had very fine weather until Wednesday last, when a strong N.W. gale with dense fog and heavy sea was encountered. Early Thursday morning the weather cleared and she made a good run to port. She has a cargo equal to 10,000 barrels mostly flour, beef, pork, etc.

The ship was here last year with a cargo of coal to A. J. Harvey & Co. and the same captain was in charge. A large amount of freight having accumulated at New York the Red Cross Line chartered the Diana, which before leaving was running between Halifax and the West Indies in the coal trade. She takes a cargo of tale to New York.

### Holy Week Ceremonies

The solemn and beautiful ceremonial of the Roman Liturgy for Holy Thursday and Good Friday was performed by the Very Reverend Dean Bern, in the Academy Hall of Littlefield.

The spacious hall was arrayed as a chapel pro tem, for the accommodation of the large congregation—residents of Kilbride, Topsail Road, and Pearl Town—and very lovely was the exquisite Altar of Repose on Holy Thursday, adorned with a profusion of choicest bloom and rarest plants. The singing and chanting of the Nuns and pupils during the ceremonies was most effective and devotional.

The Very Reverend Dean carried out the impressive ceremonies with his usual fervour and precision. Rejoiced indeed are his friends—who are legion—to know that the Dean's health is so improved, and we feel that all will unite in an earnest prayer that, for many years he will be spared to minister to the spiritual needs of his devout parishioners.
