Brother John's Remarkable Paophecy.

A Monk Who Lived in 1600, Three Hundred Years Ago.

The real Antichrist will be one of the monarchs of his time, a Lutheran Protestant. He will invoke God and give himself out as his Messenger (or apostle).

This prince of lies will swear by the Bible. He will represent himself as the arm of the Most High, sent to chastise corrupt peoples.

He will wear the armor of his innumerable armies, who will take for their device the words "God with us," will resemble the infernal legions.

For a long time he will act by craft and strategy. His spies will over-run the earth, and he will be master of the secrets of the mighty.

He will have learned men in his pay who will maintain, and undertake to prove, his celestial mission.

A war will furnish him with the opportunity of throwing off the mask. It will not be the first instance a war which he will wage against a French monarch. But it will be one of such a nature that after two weeks all will realize its universal character.

Not only all Christians and all Muslims, but even other distant peoples will be involved. Armies will be enrolled from the four quarters of the globe.

For, by the third week, the angels will have opened the minds of men. They will perceive that the man is Antichrist, and that they will all be damned if they do not overthrow this conqueror.

Antichrist will be recognized by various tokens. In especial he will massacre the priests, the monks, the women, the children, and the aged. He will show no mercy, but will pass torch in hand, like the barbarians, but invoking Christ!

His words of imposture will resemble those of Christians, but his actions will be those of Nero and of the Roman persecutors. He will have an eagle in his arms, and there will be an eagle also in the arms of his confederate, another bad monarch.

In order to conquer Antichrist it will be necessary to kill more men than Rome has ever contained. It will need the energies of all the kingdoms, because the cock, the leopard, and the white eagle will not be able to make an end of the black eagle without the aid of the prayers and vows of all the human race.

Never will humanity have been faced with such a peril, because the triumph of Antichrist would be that of the demon, who will have taken possession of his personality.

The black eagle, who will come from the land of Luther, will make a surprise attack on the cock from another side, and will invade the land of the cock up to one-half.

The white eagle, who will come from the North will fall upon the black and the other eagle, and completely invade the land of Antichrist. The black eagle will find itself forced to let go the cock in order to fight the white eagle, whereupon the cock will have to pursue the black eagle into the land of Antichrist to aid the white eagle.

The battles fought up to that time will be as nothing compared with those, which will take place in the Lutheran country; for seven angels will simultaneously pour out the fire of their censers upon the impious land. In other words, the Lamb ordains the extermination of the race of Antichrist.

Men will be able to cross the rivers over the bodies of the dead, which in places will change the courses of the streams. Only the bodies of the most noble, the highest captains and the princes will be buried; for to the carnage of the battlefields will be

added the destruction of myriads who will die from hunger and pestilence. It will be made manifest that the combat, to be fought out in that part of the country in which Antichrist forges his arms, is no human conflict. The three animals, defenders of the Lamb, will exterminate the last army of Antichrist. But it will be necessary to make of the field of battle a funeral pyre as great as the greatest of cities, for the corpses will have altered the features of the land by forming ranges of little hills.

Antichrist will lose his crown and die in solitude and madness. His empire will be divided into twenty-two states, but none will have any longer either fortification or army, or ships of war.

The white eagle, by order of Michael, will drive the Crescent out of Europe, where there will be no longer any but Christians. He will install himself at Constantinople.

Then will commence an era of peace and prosperity for the universe, and there will be no longer any war. Each nation will be governed according to its own heart and live in accordance with justice.

The Lamb will reign and the happiness of humanity will begin. Happy will be those who, escaping the perils of this marvellous time, will be able to taste of its fruit. This will be the reign of the Spirit and the sanctification of humanity, which could not come to pass until after the defeat of Antichrist.

Drugery.

By the adoption of modern gas appliances you may abolish drugery from your home.

GAS COOKERS eliminate the drugery of lighting fires, the handling of coal and ashes, and enable you to prepare meals in half the time required with old-fashioned appliances.

GAS WATER HEATERS are indispensable in every well-regulated household.

GAS LIGHTING is best for the eyes and the pocket.

THE PERFECTION GAS IRON is a recent addition to labour, time, and money saving appliances. This Nickel-plated Gas Iron may be had complete with stand and a length of metallic tubing for the small sum of \$3.00, and should be in every household.

With the "PERFECTION GAS IRON" a whole day's ironing may be done at a cost of five cents, give better results, and do more work in half the usual time. It is always hot and ready, clean and smooth. Send post card, with phone #7, and the Gas Company will send a man to give practical demonstration of any, or all, up-to-date household appliances.

NOTE—It is important that Gas Cookers and other appliances be kept perfectly clean and free from grease. Use "SO-KLEAN" enamel cleaner. It will quickly remove all stains and grease from metal or enamel. 25 cents per packet.—Jy23,15

Put Out of Commission.

A minute prior to the close of last evening's football match, J. Kavanagh, of the B. I. S., who was training for to-morrow's road race and who was looked upon as a likely winner, accidentally received a kick in the ankle and had to be taken to a doctor for treatment. It is not unlikely that his injuries will prevent him from taking part in the runty event on two occasions Kavanagh was the winner of this annual six mile road race.

"On Zephyr's Wings."

AT VIGORNIA.

The grand pastoral play "On Zephyr's Wings" was reproduced yesterday afternoon at Vigornia, the residence of Mr. and Mrs. John Browning, King's Bridge Road. The attendance was not quite so large as on the former occasion owing no doubt to the day not being a holiday. The weather, however, was more favourable and the beauty of the grounds was enhanced by the gay costumes of the performers, and beautiful flowers that seemed to have bloomed for the occasion.

The play was cleverly acted and all the performers acquitted themselves creditably, the portrayal of the various characters being given with grace and an ease that would have done credit to professionals. Particular mention must be made of Miss Joan Rendell who took the part of Babilard, particularly at the last moment, to replace Miss Nellie Job who was absent from the city. The dancing was very graceful and the music by the orchestra was well rendered. The proceeds which were greatly increased by the sale of flowers, candy, plain and fancy work will be devoted to the fund for cots for the wounded.

Trepassey Train Service.

Commencing to-day the Reid Nfld. Co. will operate a tri-weekly train service to Trepassey in conjunction with the regular daily service to Renews.

Trains for Trepassey will leave the station at 5.30 p.m. on Tuesdays, Thursdays and Saturdays arriving at Trepassey about 1 a.m. the following day. On the return trains will leave Trepassey at 4.35 a.m. on Mondays, Wednesdays and Fridays and reach the city at 11.30 a.m. with the train from Renews.

To-Morrow's Attraction

The Mount Cashel Garden Party, which takes place to-morrow afternoon, promises to be the biggest success yet. The principal attractions are the six mile road race from Torbay, for which our best known long distance runners are in training and eight competitors have entered so far; the pony races, which is a new departure and should prove of more than ordinary interest. Not the least enjoyable also will be the baseball game for the H. D. Reid Cup and the five-sides football match. Other miniature games will also be in evidence. All that is necessary for the event in aid of this institution is a fine day.

Continues successful—The cod fishery on the local grounds continues to be a phenomenal success. Yesterday boats at the Battery got record fares, some fishermen got as

high as ten boat loads from their traps.

Nfld. Soldier in S.W.A.

Mrs. W. Lewis, of York Street, is in receipt of a letter from her son Will, who is serving with an Engineer Corps in South West Africa. In his letter he states that during the recent revolt, which was so speedily checked by Botha, his corps performed much strenuous work in the way of bridging and mining. Will Lewis will be remembered as one of the first members of the C.L.B. in this city. He served in the South African War and won two medals during the campaign. After the declaration of peace he visited this city and spent a short time in camp with the C.L.B. during the summer of 1902. Since his return to South Africa, he has been making good as a contractor. Now that the trouble in the land of his adoption is over he expects to get to England and thence to the front. He has a brother Ralph, at the front with the Canadians.

No Cause for Alarm.

The s.s. Newfoundland, Capt. Davis, entered port last night, bringing a cargo of coal from North Sydney. She was about nine and a half days. There was some anxiety felt for the ship as she was not reported since leaving here. On the way to North Sydney the engine became deranged in the engine room. The ship was practically stopped for several hours while repairs were being effected, but beyond the delay nothing else out of the ordinary happened.
