A Notable Address.

It was a notable address which Mr. Morine, K.C., made to the Rotary Club, on Tuesday last, a full report of which is published in this issue. The subject was "Co-operative Marketing," on the principles successfully adopted by the Citrus Fruit Growers of California, applied to the fish trade of this Colony. Those principles, and the methods practiced in California in their administration, were clearly explained, and so, too, was the manner in which they could be applied here. Incidentally, there were many "high lights" in the address, upon some of which we shall venture to comment. Not many months ago, we spoke of the constructive statesmanship evidenced by Mr. Morine's proposal for acquiring the shares held by fishermen in F.P.U. projects, and of converting those projects into Co-operative institutions, as part of a measure of general co-operative marketing, and now we have again to compliment Mr. Morine upon a worthy addition to what he then proposed. He gives the public from time to time the benefit of mature thought, and interests and stimulates the public to adequate consideration of great problems.

When Mr. Coaker first appealed to the fishermen, and instituted the F.P.U., his "Down with the Merchant" cry fell upon ears attuned to hear it readily. "The ancient grudge," as Mr. Morine calls it, of fishermen against merchant, the hereditary feeling that the fisherman was a victim and the merchant a tyrant, swept Coaker's projects forward on the crest of a wave of prejudice. That spirit is not yet dead. It was created by evils inseparable from the fishery business as carried on in this Colony to this day, and will not pass until the system is destroyed. It is a solemn warning which Mr. Morine utters, when he says to the fish merchants, in effect, "destroy the system or it will destroy you: cure existing evils, or Coaker's quack remedies will continue to be taken by a distressed people, and the trade of the Colony be pulled down, as blind Samson destroyed the temple and himself at the same time." Long credits mean bad debts. They have to be paid by overcharging the successful, or by the insolvency of the trader. Local sale by fisherman to exporter, ending the producer's interest here, deprives the fisherman of ambition to cure well, and undue competition abroad by local exporters depreciates the net return to the Colony, and ultimately brings the exporter to insolvency. Bad for fisherman and exporter alike, and disastrous for the Colony as a whole, the existing system demands a radical cure.

Official regulation has been tried, and disaster, almost irretrievable to all, and really so to

many, resulted. "Nationalization," a potential tragedy of an overwhelming kind, is now proposed by the master mummer who imposed the Fishery Regulations, and though intelligent men see the danger which threatens, the persons most immediately interested—the exporters—seem as incapable of fighting the menace as they were to oppose the danger which has just passed by. "People who do not heed the mutterings of workers who are not satisfied with constitutional methods to assure a just place in the world are living in a fool's paradise," said President Moore recently to the Canadian Trades and Labor Congress. It is the same message that Mr. Morine gives when he says that if a sane system of marketing is not adopted, making the fisherman full partner with the exporter in the net proceeds of his toil and their capital, they will inevitably fall a prey to the quack remedies which Mr. Coaker is proposing. It is high time to awake out of sleep. The toiler is demanding his fair share. He will have it by fair means or foul. If the fair means proposed by Mr. Morine is also the best means for all concerned, why not adopt it before it is too late? What Mr. Morine proposes is voluntary co-operation by fishermen, as opposed to official regulation by politicians. He would have the producers absolutely keep control of their own business at every stage of the game. Mr. Coaker's proposition is that highly paid overlords, having no personal interest in the fish, shall do with it as they will. Mr. Morine would make full partners of fishermen and merchants, in handling their own fish, while Mr. Coaker's proposal would reduce both to a common slavery, with himself, in reality, the supreme and only despot. Mr. Morine's plan appeals to all with the sense of freedom and ideals of free trade which are as the breath of life to a free born Briton, and Mr. Coaker's reeks of Russia, and the discredited and disastrous methods of Lenin and Trotsky. There ought to be no question of which proposal the free and intelligent people of this Colony will prefer, if the contending policies be adequately explained, and if our own people be true to their own instincts and not drawn away by unworthy prejudices or narrow personal interests.

\$50 in Prizes for Best 'Windsor Patent' Loaves

The "Windsor Patent" Bread Baking Competition, which is now an annual affair, will be held on the 30th of the present month at Bay Roberts. Last year over 350 loaves were exhibited, the prize winners being:—Mrs. John P. Powell and Mrs. Will Cameron of Cuckoo, and Mrs. B. Cooper of Heart's Content. This year \$50.00 in gold will be given for the best 8 loaves exhibited, and it must be stated whether the bread is baked from coal or wood, gas or electric, as there are separate prizes for each grade. The exhibit will be judged by the Teacher of Domestic Sciences, Miss Alice N. Furneaux, and the only stipulation is that the bread must be baked from "Windsor Patent" flour. No entrance fee is charged, and all loaves should be addressed to Mr. Frank Howell, Bay Roberts, or to Harvey & Co. Ltd., St. John's. After the exhibition is over the bread will be distributed to the poor and needy.

Twenty Years Ago To-Day.

(Evening Telegram, March 11th, 1902.)

As an outcome of the negotiations between the government and the merchants \$3.50 per cent for fat and free berths were offered for the fisherman of ambition to cure well, and undue competition abroad by local exporters depreciates the net return to the Colony, and ultimately brings the exporter to insolvency. Bad for fisherman and exporter alike, and disastrous for the Colony as a whole, the existing system demands a radical cure.

Reports From the Fleet.

SHIPS MAKING GOOD PROGRESS.

The following messages were received up to last night from the sailing fleet:

DOWNING BROS.

Terra Nova (7 p.m. Thursday)—38 miles E.S.E. Bonavista; everything working well; ship making good progress.

Ranger (Friday a.m.)—10 miles N.E. Cape Bonavista; making good progress; everything working O.K. Viking—Harbored at St. Pierre out of storm.

JOB BROS. & CO.

Neptane (Friday p.m.)—25 miles east of Funks; making very good progress; very stormy, strong N. wind, thick.

Thetis (Friday p.m.)—20 miles N.E. Funks, making good progress; no other ships in sight.

All the ships report stormy weather, but apparently ice conditions are favorable to progress to the whaling ice. The Viking, which reports having harbored out of the storm, will likely proceed on her voyage to the Gulf to-day.

Herring Inspector Has Two Months' Prospero—Ship Completely Overhauled.

After walking from Exploits where the Prospero has been ice-bound for over two months, Mr. E. Coyell, Government Herring Inspector, reached the city recently. He states that the ship is firmly jammed in the ice, three miles from Exploits, and it is unlikely she will get clear before the spring. The crew have not been idle and the Prospero has received a complete renovation. The stateroom furniture has been re-varnished, the engines have been taken apart and overhauled, and the saloon has been painted and decorated. Food is plentiful, and when supplies run out, they can be replenished by teams which take goods sent out to Exploits from St. John's to the ship. Coal is also plentiful but wood is being used in the galley to conserve the supply. The herring cargo is in good condition. Papers and periodicals are welcomed by those on board; all are in good health.

Have you a cold? Many people have now a cold. The sort of cold that comes with headache, aching of the limbs, loss of appetite and sore chest, that is in effect a mild form of "flu" can perhaps best be met by the timely use of McMurdo's Laxative Bromide Cold Tablets with Quinine. A few doses of this remedy will put down the fever, relieve the headache and pains in the limbs, set the organs of elimination working, and cure the cold before it has time to develop into something more serious. This remedy is a reliable one and if taken promptly will have favorable results in a short time. Price 30c. a box.

Juvenile Offenders

Go to Prison.

COMMITTED SERIES OF LARCENIES—YOUTHFUL PRISONERS WEEP BITTERLY.

A most unusual story of a series of larcenies committed by a small gang of boys headed by a youth named Jackson, was told in the Magistrate's Court this morning. Four boys were arraigned before the Magistrate. Their names were Goose, Jackson, Dunn, and Goode. Jackson, who had previous police records. They were charged with the larceny of cigarettes and money from various shops. Three pleaded guilty. Mr. G. W. B. Ayre entered a plea of not guilty on behalf of Goode. The principal witness for the prosecution was a little fellow named Williams who had been made a cat-sap by the others. The customary procedure in most of the larcenies was for Williams to go in behind the counter of the shop and pass out goods to Jackson, the ringleader. Jackson was so accomplished in the ways of Bill Sikes that he could open a shop door with ease without ringing the bell. Most of the larcenies were committed in broad daylight. Head Constable Byrne said that Jackson was the instigator in all the crimes in which the accused had been implicated. Two of the accused had once gone aboard a schooner in port and when found by the police, were cooking pancakes. They also boarded a steamer and tampered with parts of the engines. If these boys were not dealt with, said the Head Constable, they would probably split up and form gangs of their own. Jackson possessed a record which would do credit to a hardened criminal. Although only 14 years old he had served four terms of varying length in the Penitentiary, and had twice been released on bonds. He was sentenced to six months' imprisonment; Goode was given three months, and Dunn and Jackson were each sentenced to three months.

INVESTIGATING BELL ISLAND TROUBLE.

That the trouble among the Conception Bay relief workers on Bell Island will be settled with complete satisfaction to all concerned, is the opinion of Superintendent O'Neill who returned to town yesterday afternoon. He had been to various points along the line as far as Carbonar, investigating the causes of the trouble. Hons. Dr. Campbell and Dr. Barnes accompanied him. The Superintendent has not yet presented his report to the Inspector General, and consequently was not in a position to give any information with regard to his investigations.

TURNED AWAY.—You may probably remember that last year hundreds of people had to be turned away from Irish Night because they hadn't purchased tickets in time. Get yours Monday at Royal Stationery.

The C. L. B. Band and Majestic Orchestra have kindly agreed to "drown dull cares away" at the Grand Dance in the Cadet Hall on St. Patrick's Night. The men pay \$2.00 double, and the ladies (God bless them) just \$1. Each ticket has a supper coupon included.—mar11.31,5,10,11

NO WORD FROM 'FLATON.—No news of the return of Major Cotton from Battle Harbor has yet reached the city. The weather on Labrador is reported to be very stormy. Major Cotton flew from Battle Harbor to Cartwright and proposed going to Rigolet; an early return is necessary if he proposes to locate the sealing patch.

The Regular Meeting of the St. John's Mechanics' Society will be held in their Hall, Monday evening, March 13th at 8.30. JAS. A. LEAHEY, Secretary. mar11.21

SEALS AT TWILLINGATE.—Mr. S. Lovridge received a message yesterday afternoon from Mr. W. Ashbourne, Twillingate, stating that a number of seals had been taken at that place and that prospects were bright for the men to make good hands. The message reported that a violent N.E. by N. gale was raging.

NOTICE.—There will be a meeting of the Star of the Sea lady supporters on Monday evening at 9 o'clock in the Club Rooms. All ladies interested are particularly requested to attend this meeting. L. PAYNE, Sec. Amusement Committee. mar10.31

WIRELESS STATION CLOSED.—The Cape Ray wireless station has been closed down this season. A daily message from the Viking, which is prosecuting the sealing voyage in the Gulf, will therefore be impossible. The best that can be hoped for is that the messages will be picked up at Glace Bay, and Point Amour and relayed back to St. John's.

"All the world and his wife" would probably attend the St. Patrick's Night Dance in the Cadet Hall, but the tickets are limited. Get yours from John Feehan, W. H. Jackman, A. S.
