

General Hospital Explains.

The Evening Telegram.

Referring to the item appearing in your paper, headed "Heretofore Statement," and which stated that upon the arrival of the ship, the General Hospital, Dr. Wilson, who had been in charge of the necessary examinations, had been obliged to publish the following explanation.

As a matter of fact no House Surgeon was immediately available, but Dr. Wilson, who had been in charge of the Hospital by arrangement, and in conjunction with Mr. Pippy, gave the boy all the necessary attention in the circumstances, and was very pleased to report that the boy was doing well, and is out of danger.

The absence of Dr. Keegan, who had been on vacation, was explained by Dr. Wilson, who has given excellent service, and has dealt with numerous emergencies and cases in an efficient manner. During her absence from the Hospital she has been in telephone call.

In addition to Dr. Wilson the following members of the Staff are also available in emergencies, viz. Doctors Anderson, Scully, Cowperthwaite, and O'Reilly, so that there is no fear of any lack of proper treatment to patients sent to the Hospital.

Yours truly,
W. H. RENNIE,
Sec. Board of Governors.

Magistrate's Court.

(Yesterday.)

A drunk and disorderly was released.

A Danish seaman arrested for vagrancy was granted his freedom on the promise that he would secure work to-day.

An assault case between an old man named O'Flaherty and a Government official occupied the attention of the court at a considerable length. The case was dismissed.

Three city youths appeared in the Juvenile Court charged with stealing implements from a motor boat belonging to a fisherman of the Battery. Each of the accused were convicted. One was fined \$10.00 or 30 days, and the two others \$25.00 or three months.

A young man for assaulting a woman of the same settlement was bound over to keep the peace in the sum of \$100.00.

Two young lads named Smith and Williams, who were captured by Sgt. Walls at Bay Roberts were brought back to the city and charged with the larceny of \$20.00 cash, stolen from a West End store. This case was held over pending further investigation.

Secret of His Success.

One of the most noted, successful and richest men of this country in a recent article said, "Whatever I am and whatever success I have attained in this world I owe it all to my wife. From the day I first knew her she has been an inspiration and the greatest helpmate of my life." Health is the first essential of every woman who wants to be a successful wife and to hold the love and admiration of her husband. If a woman finds her energies flagging and dark circles appearing under her eyes, she has backache, headaches, nervousness and "the blues," she should take Lydia E. Pinkham's Vegetable Compound, the medicine which holds the record of helping \$8 out of every 100 women who try it. There's nothing better.
