It's Different!

Try a tin of Fry's Pure Breakfast Cocoa—to-day. You will enjoy that delicious chocolate flavour so much that you will not want to go back to any other cocoa. It's different.

Everybody likes Fry's, from the children to the old folk. And it is really good for all—rich in nourishment, invigorating, strengthening, sustaining. True, it ought to be good—it has been continually improved for nearly 200 years.

Place a frozen peach or pear in the center of each individual serving of fruit salad.
Lima beans are less apt to boil over if a small lump of butter is added to them.

ZR-3 to Conserve
Every Ounce of Weight

ON AMERICAN FLIGHT.

FRIEDRICHSHAFEN. (A.P.)—Beer will make up part of the ballast of the ZR-3 on her flight to America. There will be several kegs taken on board for members of the crew, who have their quarters mid-ships in the big dirigible, and there will be bottled beer for the officers in the passenger car just under the airship's nose. Beer is served regularly to the crew on all German ships at sea, where it is considered part of the daily ration.

There will, however, be no violation of the Volstead Act as the beer taken from here will be consumed before the ship reaches the 12 mile limit of American shores. The kegs and empty bottles will be kept aboard as ballast, for nothing will be thrown overboard during the voyage.

It is necessary to retain everything possible to help the ship keep its original weight. Even the dish water

from the kitchen empties into a tank, and will be kept until the good ship pokes her nose into Lakehurst and ties herself up at the big naval mast.
