TO-DAY'S MESSAGES. Minister of
Fisheries InvestigatesDROWNING FATALITY.
NEW YORK, Sept. 14.
Two women and two children were
drowned last night when a small boat
capsized in a storm in the Susquehanna
River at Clarks near here.WOMEN TARRIED AND FEATHERED.
ED.
JACKSONVILLE, Fla., Sept. 14.
Two white women were tarred and
feathered by a mob of 150 men here
Saturday night. The women were
seized by the men while walking to-
ward the City Prison Farm, where
they had been sentenced to serve
thirty days sentence for disorderly
conduct.CROMPT ACTION AGAINST COM-
MUNISTS.
ALGERS, Sept. 14.
Hard luck is in store for the Com-
munist members of the French Cham-
ber of Deputies who try to stir up an
agitation among the natives. Deputy
Henriot has been placed in jail and
Deputy Doriot is being sought for.ELECTRICAL STORM IN EASTERN
STATES.
NEW YORK, Sept. 14.
Eight persons are known to be dead
as a result of an electrical storm
Sunday in the east, which broke the
record breaking September heat wave.
Property damage is estimated at \$500,
000. Western N. Y., portions of New
England, Penn. and Maryland, are
hardest hit.Memorial Window
UNVEILED IN ST. ANDREW'S
CHURCH.
A large congregation was present at
the morning service at St. Andrew's
Presbyterian Church yesterday when
the beautiful stained glass window,
"The Crucifixion," was unveiled to
the memory of Mr. and Mrs. W. F. Frew,
by the Pastor, Rev. R. J. Power. Dur-
ing his sermon, Rev. Mr. Power an-
nounced that the Prime Minister in-
tended to replace the window to the
memory of the late Moses Monroe by
another which would be more in har-
mony with the others in the sacred
edifice.Distributing
Agricultural Lime
Preparations are now being made
by the Department of Agriculture for
the distribution of the agricultural
lime which is being prepared at the
Chalker Lime Kilns. A large number
of orders have already been received
for the material, and the demand is
so great that distribution will have
to be made on some equitable basis
for the present time. Some farmers
have asked for as much as twenty
tons, but as arrangements for crush-
ing only 200 tons had been made they
will have to be content with a limited
quantity until arrangements for
grinding a larger quantity than has
been agreed upon are completed. The
Minister has also made recommenda-
tion to the Railway Management for
a reduction in freight charges with
the result that all the lime shipped
through the department will be
classed as 10th rate. The reduction ob-
tained is considerable and will en-
able farmers all over the Island to
obtain lime at a rate that will make
its application to the land a profitable
investment.Personal
Mr. "Pop" Dean arrived by the ex-
press from Grand Falls on Saturday,
and leaves by S.S. Newfoundland for

We have been informed by a resi-
dent of Prescott Street that several
cats have been destroyed in that neigh-
bourhood during the past week
through some form of poisoning. It
is believed that some person is re-
sponsible for the "cat killing" and if
the practice is not stopped it is likely
to lead to serious consequences.PROPOSED VISITS

sept14,31.eodCANADIANS
and Imperialists
Le Drolt (Ottawa): Mr. Howard
Ferguson, interviewed by the press
in Montreal, said on his return from
Europe that he came back more im-
perialist than ever! It would be no
exaggeration to say that he was al-
ready passionately so before his depar-
ture from Ontario, but if his trip has
resulted in strengthening his im-
perialist convictions, it is a pity. He
will not be the first in the political
history of our country, who has
learned, through a visit to London, to
sacrifice Canada. For imperialism
is the sacrifice of Canada to the ad-
vantage of an agglomeration of
countries of an Empire; a fatal
doctrine with which all our great
Canadians have vigorously strug-
gled.VAN HOUTEN'S COCOA

STUDEBAKER CORPORATION.

Company is in Strongest Financial

Position in Its History Says

President.
NEW YORK, September 5.—Presi-
dent Erskine of Studebaker Cor-
poration, states: "Our cash holdings
stand at upwards of \$17,000,000, af-
ter deducting about \$2,000,000 in di-
vidends paid on September 1. Viewed
from any angle, the corporation is
in the strongest financial position in
its history."
"Automobile business continues at
a surprising rate, and I look for a
big third quarter. Our sales in July
and August amounted to 25,000 cars,
and September's business will proba-
bly bring the total to more than 35,000
for the third quarter. We have been
operating close to capacity since
March 1, and there are at present no
signs of any severe let up. Eighty-five
per cent. production is in closed mod-
els."
"Our exports to August 1 exceeded
the total for the entire year 1924."
Mr. Erskine declined to discuss
earnings, but intimated that the fore-
cast which he has already made of
third quarter's net could still be ac-
cepted, notwithstanding price reduc-
tions recently made. He stated at the
time that the outlook for the third
quarter earnings and sales double
those of the corresponding period of
1924.
On this basis it may be assumed
that Studebaker will earn upwards of
\$4,000,000 in the current three months,
or more than \$2 a share on 1,875,000
common shares. Added to the first
six months' showing of \$5.24, this
would bring earnings of the first nine
months to around \$14,000,000, or be-
tween \$7 and \$7.50 a share.
On the prospect of an increase in
dividend payment this year, or an
extra dividend in addition to present
\$4 annual rate on common, Mr. Er-
skine likewise refused to comment,
stating that this was a matter for the
directors to determine at their meet-
ing at the end of October.
Studebaker's sales of 35,000 cars in
the third quarter would compare with
42,054 in the second quarter and 29-
937 in the first three months. It would
represent the second largest third
quarter in the corporation's history,
and compares with previous record
established in third quarter of 1923 at
40,695 cars. It would be almost double
the 18,921 cars sold in the correspond-
ing quarter of 1924.CANADIAN FAILURES
in August
There were fewer commercial fail-
ures in the Dominion of Canada during
August than in that month of all
years since 1920, according to the re-
cords of R. G. Dun & Co., while the
liabilities are the smallest for the period
in six years. Numbering 126, last
month's defaults compare with 130 in
August, 1924, and with 289 in 1922,
the high point for the month. In Aug-
ust, 1920, the number was 102. At \$1,601,-
584, last month's liabilities made a
close comparison with the \$1,837,160
of August, last year, but are much be-
low the amounts for August of all
other years back to 1919. The in-
debtedness was particularly heavy in
August of both 1922 and 1921, being
in excess of \$12,000,000 and \$10,000,-
000 respectively.
The Canadian insolvency statistics
for August are compared herewith for
a series of years.
