Guelph Evening Mercury

THURSDAY EVENING, AUG. 7, 1873

Town and County News.

Y. M. C. A.—There will be no literary exercises this evening, but the members will meet for business at 8 o'clock.

THE MOONLIGHT SOCIAL to-morrow is at Mr. Robt Mitchell's residence. Don't make a mistake and go to the grove.

A NEW WAY.—The sewing machine manufacturer in Fergus is now trying the plan of running until 6:30 p. m. and giving a half holiday on Saturday.

BRASS BANDS.—A prize of \$100 for the best, and \$50 for the second best brass band will be offered at the Central Exhibition, to be held here next month. Entries to be made a week previous to the show.

AT MOUNT FOREST ON Friday last, a little boy, son of Mr. T. Swallow, struck his brother with a new lash hammer on the face, cutting him from the eye down the cheek, about 1 1/2 inches in length. The wound was dressed and is doing well.

THE SUNDAY AT HOME; THE LEISURE HOUR.—The August monthly number of these readable and well-illustrated publications have been placed on our table by Mr. John Anderson, who has them for sale.

CHOLERA.—We have received from the Bureau of Agriculture and Statistics a small pamphlet—"Memorandum on Cholera"—containing much useful information of a kind which is fortunately not much needed in Guelph at present.

The wheat harvest is now in full operation in this section, and on all hands is announced to be a most excellent crop. The yield will be good and the sample first rate. Farmers in this section will be very busy during the coming fall and winter. —*Mount Forest Confederate.*

We learn from a Manitoba paper that Mr. Kenneth McKenzie, (formerly of Puslinch) of Rat Creek, brought in from Ontario and Minnesota one hundred and ninety-six head of superior horned cattle and a number of fine horses. A few more farmers like Mr. McKenzie and we would do.

THE FUNERAL of the late John Clarke, conductor on the Great Western Railway, took place at Fergus on Wednesday with Oddfellows' honours. The members of Fergus Lodge No. 73, accompanied the remains to the railway station, and a deputation went out to Southampton, to be present at the interment.

TREES DESTROYED.—Some time during Wednesday night, we understand, some miscreants not having the fear of the law before their eyes maliciously destroyed some six or eight shade trees on Palmer Street, near the North Ward School. Such conduct should be severely punished, and no doubt should the culprit be found out they will get all the law allows.

REAL ESTATE.—We call attention to the advertisement in another column of Mr. Hatch, land and loan agent, giving particulars of some excellent properties in the County which he has for sale, also some good lots and houses in Guelph. Persons having any notion of making real estate investments cannot do better than give Mr. Hatch a call.

WELLINGTON, GREY & BRUCE RAILWAY.—The evening train passing here at half past eight now runs through to Harrison. It is remarkable that an amount of passenger traffic is now carried on this line. The two cars of the regular through trains are usually filled to the utmost capacity, and once or twice lately passengers have experienced much difficulty in obtaining a seat.

THE BAKERS of this town, kneading a little recreation, have made a doughy determination that on Thursday, the 14th inst. they will rise lightly, like their own bread, in the morning, and travel to the famed Lake of Puslinch, where they will discourse in flowery language on the floury plain, and consume a large quantity of their finest cakes. About forty couples are expected to join in the picnic. What a loud affair it will be if all the couples are *forte*!

GUELPH DIRECTORY.—The pioneer edition of this welcome and useful work, compiled and published by Mr. J. H. Hacking, has just reached us. It gives the name, business, and residence of every adult male within the corporation limits, together with the female householders and ratepayers. There is also a brief historical and descriptive sketch of the town; an account of its various institutions, municipal, religious, educational, and otherwise; a business directory is a work which needs much patient and careful industry to prepare, and we congratulate Mr. Hacking upon the result of his labours.

THE JACKSONS and their fair friends rusticated at Puslinch Lake on Wednesday to the number of about seventy, conveyed in five wagons. The trip there and back was much enjoyed, and a most agreeable time was spent at the lake. A noticeable feature of the excursion was the presence of an *improvisato* brass band composed of some musical amateurs employed at the Maldeon Factory and one or two outside friends. Though irreverently christened the "Bull-Frog Band" by some of the youngsters, this little company of instrumentalists played a good selection of music, and contributed much to the day's enjoyment. They gave a "taste of their quality" to the inhabitants of Hespeler on their way home.

News from Japan.

From a letter and papers received in Guelph we gather the following particulars of the voyage from San Francisco of the Rev. Geo. Cochran and Dr. McDonald with their families, who left Toronto in May last as missionaries to Japan.

They left San Francisco on Thursday, the 5th June, on board the British steamer *Quang Se*, bound for Yokohama direct. There were 194 passengers, 413 tons of cargo, and 17 boxes of treasure.

The weather was rough for two days, causing a large amount of sickness. Very few of the passengers escaped sea sickness. The tables were but poorly patronized during the first two days. By Sunday, however, the sea was calm, and the passengers began to have a pretty sharp appetite, and could take their meals just as often as they were ready for them, which is pretty often on board ship.

They were accompanied by several missionaries of other denominations, and two young ladies, who are going out as teachers; also by an English Consul and lady. The first Sabbath, after the English Church service was read, Rev. Geo. Cochran preached. On the second Sabbath Dr. McDonald officiated. The weather, after the first three days, was delightful, which continued up to the 23rd, when it became thick and foggy. On the morning of the 28th they had a severe gale with a heavy sea, and had to stand back for clear weather. However about midnight of the 28th it cleared off, and the vessel pursued her journey and reached Yokohama on the 30th June.

Shortly after their arrival, they were treated to several shocks of earthquake-fires in all. The houses rocked to and fro like a drunken man, and caused no little consternation among the new comers. It appears that the inhabitants there are accustomed to these shocks, and they do not mind them. The letter describes Yokohama as a beautiful spot with splendid scenery.

Soon after their arrival they were called upon by a number of the English residents, among whom was the English Church clergyman, who gave them a hearty welcome. Living is very high, the prices of every thing being double and in many cases four times the price in Canada, so that to support two missionaries in Japan will cost the Society quite a sum yearly. They have taken a house close beside the British Legation, and will therefore be under the protection of the "old flag." They called at the Legation, and were kindly received.

On the first Sabbath after their arrival they attended a union church, which was very well attended. Three natives were baptized, but no preaching, as that is not allowed as yet in public. There are about 50 converts among the natives, who will doubtless add materially as aids in the introduction of Christianity into that dark land.

The Japanese modes of conveyance are not yet up to civilized countries. The vehicles are two-wheeled carts drawn by Coolies, who are in waiting at every corner. Their dress would not be called "full" in Canada, but they endeavor to keep up the "fashion" of Japan, and are not particular as to how it accords with civilized tastes.

At the time the letter left Yokohama—8th July—they were all in good health and spirits, and hoping that their new field of labor would not be unfruitful.

Local and Other Items.

EARLY closing on Saturday is being tried in Toronto.

KICKED.—On Friday last Mr. Peter Shaughnessy, of Normanby, was kicked heavily on the chest by a two year old colt. He will be laid up for a few days.

FIRE.—The frame barn of Mr. Patrick Sheehy, Arthur, was destroyed by fire on Friday evening last. A reaping machine and twelve tons of hay were consumed therein. No insurance.

This annual meeting of the Canada Life Assurance Company was held in Hamilton on Tuesday. The report shows the Company to be in a flourishing condition.

GALT P. O. SAVINGS BANK.—The deposits in the Galt Post Office Savings Bank during the month of July were \$1,837, and the withdrawals \$908.46, leaving a balance of \$928.54.

Daniel Sheehy, of Arthur, appeared before Thos. Swan, Esq., J. P., Mount Forest, to answer to a charge of assault made by one Thomas Armstrong, of the same township. The assault was alleged to have been committed as long ago as the 28th of May last. The case was dismissed with costs, \$7.00, on Monday last.

LARCENY.—On Saturday last, Chief Constable Brister arrested in Berlin two daily dressed young girls named Betsy Swartz, of Paris, and Mary Jane Adis, of Berlin, charged with stealing wearing apparel and a gold breast pin from the house of Mr. Cranston, Express Agent of Galt. They were brought to Galt and appeared on Monday before the Mayor and Mr. Fleming, who committed them for trial at Berlin.—*Reformer.*

FIRE.—On Friday night, August 1st, a barn on the second concession of Egremont was burned down. It was apparently the work of an incendiary, as the dwelling house and stable on the same premises were also fired, but the fire was stopped before such headway was made. The farm is the property of Mr. John McLaren, of Mount Forest. The barn was insured in the Economical for \$100.—*Confederate.*

TWO THOUSAND DOLLARS LOST.—There has been another unfortunate loss at the express office of St. Catharines. A package containing \$2,000, and sent by a Hamilton Bank to the Bank of Commerce, is missing, and no clue has yet been discovered. Detectives are at work, but as usual they are very reticent. The loss will fall on Mr. Kellogg, the agent, for whom much sympathy is felt, every one believing the loss to have occurred through negligence on his part. He has no idea whatever what has become of the cash, though it is probable it was stolen.

CONCERT IN TREEWATER.—An entertainment in aid of the Teeswater Base Ball Club and the Belmore Brass Band was held in the Town Hall on Friday, Aug. 1st. The Belmore Brass Band performed a number of choice pieces. Miss Lowrie of Belmore, and Mrs. Dr. Fleming of Teeswater, who also presided at the melodeon in her usual happy style, gave in a very pleasing manner several songs and duets. The audience were requested in song to "Stop home with me tonight," and "Get up and bar the door," and "I saw Esau Kissing Kate," and "Jennie who lives in the Dell," said "All's Well" and "Good bye, Charlie," but "Don't forget your Nelly Darling," and we did not forget "God save the Queen," though it was only played by the piano, when the audience ought to have assisted, and would have done so, had they been asked, being naturally bashful. Several interesting and amusing dialogues took place which caused much merriment, and helped, together with the singing and the enlivening strains of the Band, to make the Concert a success.—*Com.*

POLICE COURT.
Before T. W. Saunders, Esq., P. M.
Thursday, August 7.
Mary Fitzmaurice was fined \$1 and costs for allowing five pigs to run at large in Macdonnell street.

THE LINDLEY TROUPE performed last night in the town hall to a crowded house. They commenced with the drama of Cynthia, the Zingara, which was much applauded. The broad comedy interspersed throughout the piece, including the "cushion dance," was exceedingly amusing and well played. Rowland, the trapezist, showed some clever feats on the horizontal bar; and the entertainment concluded with the farce of "The Weavers," which excited continual peals of laughter, and sent the audience home in thorough good humor.

The Montreal papers are loud in praise of the orderly manner in which the great meeting was conducted. Not a single misadventure occurred. Each resolution was proposed and seconded by two Conservatives and two Reformers.

A fire occurred on Prince's street, Toronto, between six and seven o'clock this morning, destroying a warehouse and the contents. A man named Wood, while endeavoring to obtain some valuable books, was so severely burnt that his life is despaired of. He was rescued by the engineer.

F. Jones, M.P., was robbed of a gold watch and chain, at Kemptville, on Thursday night.

A Chatham-street girl agreed to kiss a young man every day for two years if he would stop smoking. He quit, and has smoked regularly for six months, but the girl has taken to eating onions, and he is unhappy.—*Expositor.*

There is something beautiful and pathetic about woman's devotion to fashion. We don't recall any more touching incident than this, which comes from St. Louis. A lady of that city lately sent one of her last year's gowns to a starving and ragged pensioner, and mightly congratulated herself upon her charity. Imagine her surprise and pleasure when it was immediately returned, with the sad but heroic statement that it was too blazed away for the present style, and wouldn't she take out a bread-knife and change the trimming!

BY TELEGRAPH.

THIS MORNING'S DESPATCHES

Successes of the Republicans.

Cadiz Recaptured.

Great Race at Buffalo.

Cholera.

Madrid, August 6.—The powder magazine in Valencia exploded yesterday, killing many insurgents, and wounding a still greater number.

The insurgents at Cadiz have surrendered to the national forces. General Pavia, at the head of the Republican forces, entered the city yesterday. Senor Rances has been appointed President of the Junta of Cadiz until the arrival of the authorities.

The Government is concentrating a large force of gendarmes in Madrid for the purpose of disarming the disaffected militia.

Senor Olozaga, late Minister to France, has, through Admiral Topete, tendered his services to the present Government.

The German Consulate at Almeria claims \$50,000 damages.

The Government troops have re-occupied Lorca. The insurgents have gained possession of Orcluela, and threaten Alicante.

A deputation has left Salamanca for Madrid to negotiate a compromise with the Government. Since the opening of the bombardment 200 shells have been thrown into Valencia and the troops have advanced 600 yards. The insurgents are making a most obstinate resistance. The insurgent fleet has landed a detachment at Montrill on the coast of the Province of Grenada. All the Government funds were seized and a contribution of 8,000 reales levied.

The Germans have captured two insurgent frigates in the harbour of Malona.

Berlin, Aug. 6.—The Provincial Correspondence affirms that the recall of Capt. Werner settles the difficulty arising from the capture of the Vigilante.

Buffalo, Aug. 6.—Fully 25,000 persons were on the grounds at the races to-day. The display of private equipages was unsurpassed. There were two very important races contested. The first for the big purse of \$20,000 for horses in the 2:21 class, and the second for a purse of \$2,000 for 2:45 horses. An intense degree of interest was excited by the big race, and a large amount of money was wagered. There were seven entries to the purse, chief among which were Fullerton and Jim Irving, though Gloster, Camors, and Sanjour were not to be despised, as it transpired. Sensation was the race after a most exciting contest; the time made being 2:20 1/2, 2:21 1/2, 2:24, 2:26 1/2, and 2:28. The 2:45 race was not without its elements of interest, though it was an easy victory for the Chicago mare Clamentine, who had been the favourite throughout.

New York, Aug. 7th.
A general fight occurred in Warren County, Kentucky, on Monday, in which a constable endeavoring to make an arrest was stabbed by one of the contestants named Hark, who was in turn killed by another constable. Another rioter was badly shot.

John Tobin, of No. 1, Bridge St., died of Asiatic cholera at a late hour last night. It is feared the disease will soon make its appearance in other quarters, and every precaution will be taken to guard against its spread.

Mrs. Jane M. Warren, 12th street, also died of cholera last night.

Fire in Pembroke.
Special Despatch to the Evening Mercury
Pembroke, August 7.—A fire broke out at about half past 6 o'clock this morning in the premises occupied by G. E. Sayers as a dwelling and confectionary shop in Main Street in this town. Fortunately it was a quiet calm at the time and through the great exertions of the inhabitants the fire was confined to these buildings. The property was owned by J. & A. Millar by whom it was lately purchased. No insurance on either buildings or stock. The want of a fire engine was much felt.

Shooting a Thief.
A farmer residing in the vicinity of Ottawa city heard a commotion in his chicken house the other night, and being a timid man he didn't reconnoitre. But the next day he got down the old musket and put in a charge of powder and a handful of buckshot. As he was putting the piece away, it just occurred to him there might be two thieves, so he put in another charge of powder and some more buckshot. Then he thought he might as well put in a third load in case of an emergency, so he rammed down some more powder and poured in some more shot. Then he smiled a half-satisfied sort of a smile, and suspended the old musket on a nail to wait the coming conflict. And it came. That very night he heard his fowls complaining about something, so he grasped his musket, opened the window shutter, shut his eyes, and blazed away. The next instant he was jammed through a seventy-five dollar mirror in the opposite end of the room, and he saw about fourteen million stars and meteors, and rockets, and things, and his wife and girl up stairs screamed murder and fire, and the hired man came bounding into the room with a seven-shooter, firing at random, putting a hole through a \$150 family portrait, and the neighbors a quarter of a mile away thought it was an earthquake, and things were lively generally. The old farmer recovered, and after having the pieces of glass poked out of his back, and his dislocated shoulder set, he remarked that he wouldn't she take out a bread-knife and change the trimming!
