MANY APPLICATIONS FILED ON LANDS IN OKOTOKS OIL DISTRICT

Employees of Land Office are Kept Busy Receiving Applications

Employees of the land office were kept busy yesterday receiving applications for mineral tracts near Okotoks, the scene of the new oil discovery. Two companies are already in the field and others are in the process of construction.

Calgary business men own the majority of stock in the two companies now in the field. I. E. Spear, the well known California operator, formerly an associate of Adolph Spreckels is at the head of one company. W. E. Heron is promoting another company. The ground owned by the two corporations adjoin one another, and is in the same oil basin.

JAMES MILLS, HAMILTON CAPITALIST, IN CITY

"Calgary is a bustling, enterprising city. A city with the life and activity of yours cannot but be prosperous."

It was James Mills, father of Chas. Mills, the well known realty operator, speaking. Mr. Mills is a capitalist of Hamilton and is recognized as one of the shrewd men in Western Canada's financial world. Together with Mrs. Mills and Mr. and Mrs. C. H. Thompson, of Toronto, Mr. Mills is returning this week with his son, Mr. James Mills, senior, had never visited Calgary before. He was greatly surprised at conditions here. The industrial activity, miles of paving, pretty homes and the general air of prosperity made a most favorable impression.
