WOULD HAVE THE WAR VETERANS CULTIVATE LAND

President Calhoun of the
Vacant Lots Garden Club
Believes Much Grain Can
Be Grown on Vacant Lots

EXHIBITION RESULTS

Splendid Exhibition of Vac-
ant Lot Garden Products
Brings Out Large Crowd;
Competition Was Very
Keen

President Calhoun, of the Vacant
Lots Garden club, in his annual ad-
dress last night called attention to the
fact that the Calgary club had re-
sponded more readily to the call for
sponsored more production than any other
club in Canada. He explained the
difficulty experienced in covering the
work of the club in the early part of
the season, which was owing to a lack
of funds, so that there was a con-
gestion later on and some dissatisfaction
in consequence of the early drought.

In spite of the early drought the
results have been good, and the lesson
has been learned that the man who
does intensive cultivation gets the best
results.

The president suggested the need of
a thorough reorganization of the office
records and the plans of operation.
Owing to the loss of funds by plowing
the fees will have to be increased.

Will Raise Grain
He believed that in future consider-
able grain will be raised on the vacant
lot gardens. The returned soldier
problem can be solved by settling them
on acreage in the city rather than on
large tracts in the country districts.
The new executive will once again
endeavor to induce the city council to
grant a reduction in taxes where lots
have been cultivated. By beginning to
plow this fall, Mr. Calhoun thinks a
great deal of the rush will be avoided
next spring.

Secretary's Address
The secretary, L. U. Fowler, reported
on the great difficulties encoun-
tered in taking over the work of Sec-
retary Burrows, and at the same time
meeting the combined rush of applica-
tions from old and new members.

The owners of land live in nearly
three thousand bulletins were printed
and 6,000 visits were made to the office
and found for 1,114 men and women, while
24 had their membership fee returned
because the lots applied for could not
be secured. Great trouble was en-
countered in getting a sufficient num-
ber of teams to do the plowing, and
as a result over \$500 was lost on plow-
ing, to which must be added \$221.15
paid in wages and \$17.15 for laboring.

Recommendations
He advised a change to be made:
That the club plow all large plots and
let the single lots be done some other
way, or the club could buy an outfit
that might work day and night during
the busy season. Mr. Fowler estimated
that the total number of lots cultivated
was 6,600.

The receipts of the club for the year
are \$3,876.27, which includes a govern-
ment grant of \$800 and a municipal
grant of \$300 (part of a total grant of
\$500). There is still \$500 due from the
city. On October 1st the club had a
balance on hand of \$111.80.

Election of Officers
The club at the annual meeting
elected six directors and suggests six
more. The first election was a second
round and the whole executive elects the
officers at their first meeting.

The six elected last night are: H. G.
Burrows, Wm. Webb, Wm. Stank, J.
J. Webster, Glen Allan and H. Killey.
The second six suggested are: J.
Barnicutt, Geo. Fleehurst, Fred Nye,
Geo. McPherson, H. G. Kempton and
L. U. Fowler.

Several members reported a bumper
crop of spuds. One member grew 30
bushels on a lot 30x100 feet. Another
grew 110 bushels of Irish Cobbler on a
lot 100x110 feet.

About three carloads of potatoes are
already in the storehouse. One carload
of these comes from out of town.

The following are the prize winners at
yesterday's exhibition:
For the best potato grown on a vacant
lot: 1. G. J. Scott, 317 Fourth
avenue N.W.; 2. W. B. Patterson, 116
Twenty-sixth avenue N.E.; 3. Mrs. Geo.
Simpson, 300 Fifteenth street west.

For the best vegetable and flower gar-
den plot on a vacant lot cultivated by
boys and girls 14 years and under: 1. D.
and S. Childrow, 818 Twenty-first avenue
N.W.; 2. Heath Fowler.
For the best collection of seed grains,
not less than 1-2 gal. of each variety to
be shown: 2. Heath Fowler.
Special Prizes
(Independent Order of Foresters)
Early Ohio: Mrs. Robert Patterson, 927
Fifth avenue west, \$3.00.
Irish Cobbler, 1-2 bushel: 1. M. Lynch,
\$3.00.
Cambridge Russet or Netted Gem: 1.
Heath Fowler, \$3.00.

OLD TIME REMEDY MAKES PURE BLOOD

Hood's Sarsaparilla has been and
still is the people's medicine because
of its reliable character and its won-
derful success in purifying, enriching
and revitalizing the blood and reliev-
ing the common diseases and ailments
scrofula, catarrh, rheumatism, dys-
pepsia, loss of appetite, that tired feel-
ing, general debility.
Hood's Sarsaparilla purifies and en-
riches the blood, and in so doing
renders the human system the best
service possible. This medicine has
been tested for years. It is per-
fectly pure, clean and absolutely safe,
as well as of peculiar and unequalled
medicinal merit.
Get Hood's, and get it now from
any drug store.

BENNETT TO EXPLAIN EVERYTHING TO THE LABOR PEOPLE

Will Explain to Labor Coun-
cil All About National-
ization of Railways

At the last meeting of the Calgary
trades and labor council resolutions
were drawn up condemning the action
of the Dominion government in taking
over the C.N.R., dealing with the
nationalization of all railways, and
calling for an early election. Copies
of these resolutions were sent to Sir
Robert Borden, R. B. Bennett and
President Watt of the Dominion
trades and labor council.

Mr. Bennett replied that the ques-
tions were too large to be dealt with
in a letter, and offered to take the
matter up and explain his attitude at
a meeting of the Calgary trades and
labor council on his return. There will
be a meeting of the council tomorrow
night, at which the matter will likely
be discussed, and an invitation ex-
tended to Mr. Bennett to address the
council at an early date.

Mr. Bennett left for Ottawa last
night, and may not return for some
time.

CO-OPERATIVE FIRM WILL ENDEAVOR TO REDUCE THE H.C.C.L.

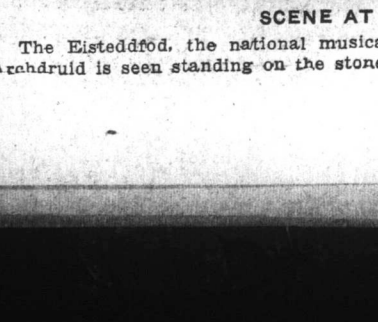

Calgary Co-operative Asso-
ciation, Ltd., Is Incor-
porated to Carry on
Business

A new company which, it is claimed,
will do much to reduce the high cost
of living and eliminate the middleman
has just been incorporated. The name
of the new concern is the Calgary Co-
operative Association, Ltd. The com-
pany, which was incorporated October
3, is declared to be for the purpose of
trading, but the charter is very broad
and gives the company power to en-
gage in all manner of business, both
as a trading company and as a manu-
facturing company.

The intention is to conduct the business
very much along the lines of the
great co-operative companies of Great
Britain. It is not the intention to sell
goods at less than the regular prices.
Shares will be sold at \$1 per share,
but in order to become a member five
shares must be subscribed for and at
least one share paid up. No member
can hold more than 100 shares, and
each person has but one vote.

A moderate interest will be allowed
on the investment and the profits di-
vided periodically pro rata to the pur-
chases by the member. The member
who spends the most money in the
company's stores will thus receive the
greatest dividends.

The trustees are: Mrs. Lillian Flood,
Mrs. Ellen Harris, J. M. Cheeser, R. F.
Richardson and W. T. D. Lathwell.
A meeting of the trustees will be
held tomorrow night in the Public Li-
brary for the purpose of organization.

THERE WILL BE NEW BLOOD IN CITY COUNCIL

Several City Fathers Decline
Civic Honors; Ald. Ad-
head Certain Mayor-
alty Candidate

It looks as though there would be
considerable new blood in the com-
position of the city council next year.
Several of the old aldermen have al-
ready declared their unalterable in-
tention of retiring. Among these are
Aldermen Adams, Marshall, Skinner and
McNeil.

Mayor Costello when asked whether
he intends to be a candidate to succeed
himself, smiles and replies that it is
early yet.

Ald. Adams seems to be the only
certain candidate for the mayoralty.
The name of Ald. Talbot has been
connected with the contest for com-
missioner against Commissioner Graves.
But Ald. Talbot has never indicated
that he is desirous of the honor.

Ald. Adams told The Albertan yester-
day that he had formally made up his
mind to drop out of civic politics as he
cannot afford the time required of him.
Ald. Marshall also says that he is not
a candidate for anything but to mind
his own business. He will not run again
this year. He says it is not because of
any grudge he has, for he has enjoyed
the work in the council; but he finds
that the other fellow should do his
business and attend to a number of other
things.

Ald. Skinner was the first to declare
his intention to quit and he has given
no indication that he has altered his
mind.

Ald. Tull also has found that he can-
not afford the time required to make
the work of an alderman a success. He
suggests that he has a subordinate in
his mind but does not care to make his
name public yet.

Ald. Brockett time will be up this
year. He is depending upon his re-
nomination at the hands of the Trades
and Labor Council, and is not quite sure
whether he will accept the nomination
if offered.

Several undecided.
Ald. McNeil is also undecided. He
says that as the time draws near he
feels like running again.

With Ald. Adams' name for mayor
there will be seven aldermen to be
elected, and it is probable that five out
of the seven will be men not now in
the council. Ex-Ald. Manery shakes
his head and says, "No, I am not a
candidate for anything but to mind his
own business. Ex-Ald. Frost cannot af-
ford to serve this coming year. Ex-
Ald. Fawkes told The Albertan that he
would not be a candidate for commis-
sioner, and he did not think he would
run for the council. He thought he
had done his share and he will willingly
share now. Still, if the city needed his
services, he would be willing to fill a
gap.

Utilities Commission Grants
Permission to Issue Treas-
ury Notes, But Tax
Sale Probable

"I wish the press would impress upon
the public the necessity of making a
big drive next week, which is the last
week during which the 10 per cent dis-
count will be allowed," said Mayor
Costello to The Albertan yesterday.
"You might also call attention to the
fact that this year the discount is al-
lowed on the current year's taxes even
if the arrears are not paid up."
"We are very much in need of money,"
continued the mayor, "and you will see
by this letter that the public utilities
commission is determined that we shall
collect our taxes before granting us
any further permission to raise money
by the sale of treasury notes. The
fact, as you will see, has very grun-
dingly given us permission to sell treas-
ury notes against the arrears of 1916
taxes, but says it must not occur again."
The letter from the utilities com-
mission reads as follows:

"It may be considered that the position
taken by the board in municipal
finance is that a moral, as well as a
legal responsibility rests upon property
owners to furnish sufficient funds to
carry on the normal business of the
municipality. An equal responsibility
rests upon the latter to see that those
who own property within its jurisdic-
tion, and who enjoy the benefits of its
organization, contribute the money,
without which it cannot continue to
exist also to see that those who in
good faith are meeting their responsi-
bilities by the member. The member
who spends the most money in the
company's stores will thus receive the
greatest dividends.

The trustees are: Mrs. Lillian Flood,
Mrs. Ellen Harris, J. M. Cheeser, R. F.
Richardson and W. T. D. Lathwell.
A meeting of the trustees will be
held tomorrow night in the Public Li-
brary for the purpose of organization.

MOOSE JAW AND REGINA OFFICIALS INSPECT CARS

Superintendents of Saskat-
chewan Systems Strong
for One-Man Cars

A. H. Dion, superintendent of the
Moose Jaw street railway, and D. W.
Huston, superintendent of the Regina
street railway, are in town inspecting
the one-man cars, or as they call them,
the safety cars.
Mr. Dion told The Albertan that they
had heard of the great success of these
cars in Calgary, and had come up to
look them over. They had watched
the operation of the cars for two days
and were very much pleased with them.
Not only did they appear to him as
a saving in the cost of operation, but
from the point of safety he thought
they were a great improvement on the
two-man cars. He believed that with
passengers getting on at the front,
under the eye of the man operating the
car, the danger from platform accidents
was practically eliminated. Most of
these accidents were caused by the lack
of co-operation between the conductor
and the motorman. He is prepared to
introduce this type of car into Moose
Jaw as soon as the present law for-
bidding them is repealed.

Hitherto the government of Sas-
katchewan has forbidden the use of
cars operated by one person, but the
scarcity of labor is likely to cause this
law to be repealed. The Moose Jaw
company has been employing women
for conductors, but even this has not
been sufficient. The government has
been making inquiries as to the safety
of labor, and will repeal the law very
soon.

drive a wedge between the German
people and their emperor, peace was

CITY HALL NOTES

The Morbach building in Rivers-
will be taken over by the city as
about \$500 expended upon it to fit
for an apartment block as Rental A
Creighton believes he can fill it in
winter.

In regard to the accident claim
Mrs. W. T. Pickford, who claims
damage because of a fall sustained
a slippery sidewalk last March, Com-
missioner Graves is anxious to have
the law amended to make it obligator-
y for claims to be made within a specified
time. This accident happened March
19 and was not reported until May 17.
In the meanwhile, conditions had
changed much and it was impossible to
obtain any evidence in defense.

Chief Smart reported to the commis-
sioners in favor of granting the men
one day in four for the whole year on
condition that they would be per-
mitted to engage voluntary help at some
of the outlying fire halls, these men to
receive pay at 75 cents per hour when
engaged. On consideration of the
promise of those firemen who have
no double-hitch suits, to secure them
personally, as women also recommend
the pea jackets and heavy trousers.
This matter was held over for further
consideration.

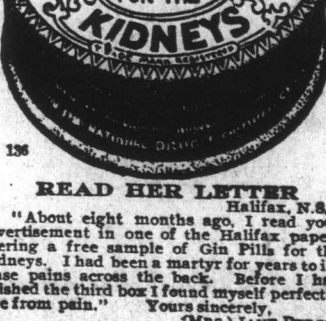

Two appeals were received by the
commissioners asking for some form
of a curfew law. The local council
would have children under 14 sent home
at 9 p.m. in the summer and 8 p.m. in
the winter. On consideration of the
association would have this law apply to
all under 16. The matter has been re-
ferred to Commissioner Graves to as-
certain if the old curfew law which
has been in abeyance for years was
ever repealed, and if not to make ar-
rangements to sound the siren at the
appointed hour.

CITY WILL MAKE WAR ON BAKERS

City Solicitor Will Prose-
cute Under the Bread
Bylaw

The commissioners, at their meeting
yesterday, decided to have the bread by-
law enforced to test the constitutionality
of the bylaw. Bread has been seized
from several bakers, who were selling a
loaf marked "20 ounces." In one case the
loaf weighed less than 19 ounces. The
legislative committee decided they would
not alter the bylaw and let the law take
its course.

The matter will be forced to an issue
at once, for if the civic authorities do
not make the first move the lawyer re-
presenting the bakers intends getting out
an injunction to restrain the city from
enforcing the bylaw. At present it is
simply a case of who will make the first
move.

READ HER LETTER
"About eight months ago, I read your
advertisement in one of the Halifax papers
offering a free sample of GIN PILLS for the
Kidneys. I had been a martyr for years to in-
tense pains across the back. Before I had
finished the third box I found myself perfectly
free from pain."
