To the Editor of the ADVERTISER To the Editor of the ADVERTISER:

I see by a very sensible editorial in last night's ADVERTISER that you think as the majority of the citizens do, that the action of the aldermen in refusing to appoint a committee to confer with London West on committee to confer with London West on amalgamation was extremely childlike and undignified. The Council of London West recognizing the fact that the City Council of 1890 could not be bound by the offer of a previous Council appointed an Amalgamation Committee and notified the city to that effect. This was all they could do; so that if there is any hitch in the negotiations, the blame clearly rest with the City Council and not with that of London West. The London South amalgamation scheme has guilty to trespass, but the Judge refused to admit the plea. Trial fixed for Saturday. John and Charles Stephens, two very small boys were charged at this morning's Police Court by G. T. R. Constable Logarian to the same offense and the case was laid until Wednesday next.

DETROIT IN THE INTERNATIONAL
A Detroit dispatch says: The directors of the Detroit club have made a good fight for a place in the National League, and have failed. Now that there is nothing left but the International, a strong effort will be made to strengthen it. Detroit is on record as a candidate for a place in the National League, and next year will be right in line for a franchise. The International managers will now move and boom things. Five cities—Detroit, Toronto, Hamilton, London and Saginaw—have posted the \$1.000 cuparcities—Betroit, Toronto, Hamilton, London and Saginaw—have posted the \$1,000 guarantee, and with Montreal can form a six-club league. If Albany and Utica can be induced to join, the league will be all right again. Buffalo has forfeited its franchise by failing to pay up.
