## The Bear's Paw

A Marked Feature in the Korean Situation.

The Queen of Korea Said to Have Asked Russia's Protection.

While the Czar's Flag Flies Over Getsubito Island.

Lord Lennox, Conservative Member for South Sussex, Resigned—Cholera Spreading in Holland.

Lord Lennox Resigns.

LONDON, Aug. 10.—Lord Walter Charles Gordon Lennox, Conservative M.P. for the southwest division of Sussex, has resigned his seat in Parliament on account of ill-health.

The Eaton Failure.

LONDON, Aug. 10.—Mr. John Eaton, who is in Glasgow in connection with the embarrassed business affairs of James Eaton & Co., drygoods merchants, of Toronto, has, it is understood, succeeded in arranging a favorable settlement with the creditors of the firm in Scotland.

Cholera Spreading in Holland.

ROTTERDAM, Aug. 10.—In consequence of the spread of cholera in Holland, steamer passengers for America are subjected to five days' quarantine before being allowed to embark. Five new cases of cholera and one death were reported in Maastricht today, and two new cases in Amsterdam. A few new cases have been reported in five small towns in different parts of Holland.

Stole the Baron's Purse.

MARSEILLES, Aug. 10.—An Italian named Palmieri was sentenced here to three years imprisonment for having robbed Baron Arthur de Rothschild of his purse last January at the Toulon Railroad. The purse contained 14,000 francs. Palmieri will be charged at Nice with having murdered Zander Alender near Monte Carlo late last December. Alender was an Englishman. He was killed and robbed, and his body was thrown under a bridge.

From Anglicans to Romanists.

LONDON, Aug. 11.—The Rome correspondent of the Daily Chronicle says that the Pope received yesterday several clergymen who were recently converted from the Church of England. The Pope said he rejoiced at their conversion. He and his successors would be prepared to sacrifice all except the custody of the sacred deposit of the truth to welcome back those separated from the fold by schism and historical errors.

The Canadian Mail Service.

LONDON, Aug. 10.—The Allan Steamship Company, in a long letter to the Times, repudiate the suggestion that they oppose a Canadian mail service in fear that their own interests would be affected. They give in detail the reasons why they believe the service would be unsuccessful. The main reasons are the frequent presence of ice and fog in the St. Lawrence River and Gulf, which would not allow twenty knots to be maintained safely; and the difficulty in connection with railway carriages between the summer and winter termini, Quebec and Halifax.

Hydrophobia Cured.

ST. PETERSBURG, Aug. 10.—Strong proof of the value of inoculation in cases of hydrophobia is furnished by United States Consul Hansen at Odessa, who transmits a report of the Odessa Bacteriological Station for the year, comprising detailed and careful records of the efficiency of the Pasteur treatment as applied by that institution with a view to determining its worth. Many of the cases treated resulted from the bites of rabid wolves, supposed to convey the most virulent and dreadful form of hydrophobia. The results of the treatment were that of 793 cases treated but six died (all children), and in these cases from four to twelve days had elapsed between the wounding and the inoculation.

The Bear's Paw.

Advices by the steamer City of Pekin say a telegram received at Yokohama from Seoul states that the Russian flag is to be seen on the Island of Getsubito. It is surmised that Russia has seized it.

The Queen of Korea, in concert with her relatives, the Bis family, has appealed to the Russian Minister for Russian protection in case of emergency, and the Minister has consented to grant it.

The Berlin Tageblatt says France has offered to co-operate with the Russian fleet at the seat of war.

The telegraph line in Korea is controlled by the Japanese in the south and by the Chinese in the north, and both refuse to transmit news dispatches.

It is calculated that China will have 60,000 soldiers in Korea before the close of September.

A dispatch from Paris says that the Mikado's cousin, Prince Konatsu, who has been studying maritime forts in Europe, has left Paris for Havre en route to Japan, returning by way of the United States.

Fifty Japanese officers, who have been studying in France, have started for home.

The Times' correspondent at Shanghai says that 12,000 Japanese from Fusan and 8,000 from Gensan are marching on Seoul.

The Shanghai correspondent of the Central News says: During the absence of the Chinese fleet the Japanese attacked the Chinese at Wei-hai-wei on Thursday morning. They were repulsed at one entrance and then tried the other.

The London Standard's correspondent in Berlin confirms the dispatch of Aug. 3 announcing that Li Hung Chang had been deposed of the yellow jacket in consequence of his remissness in prosecuting the war. The Emperor's object in treating the Viceroy as he did was not to disgrace him in the eyes of the world, but simply to reprove him for his dilatoriness. The rebuke merely signifies that the war is to be prosecuted in earnest, and that the Viceroy will be held primarily responsible and answerable for the issue. This corresponds with the same diplomatic source that it is China's intention to continue the war until Japan's strength is exhausted, and she is compelled perhaps by the powers, to sue for mercy, and for pardon for the Kow Shing affair, which has greatly irritated the powers.

## HUNDREDS ENTOMBED.

Poles Hopelessly Imprisoned in a Burning Mine.

Only a Few Saved—No Chance of Saving the Others.

WARSAW, Poland, Aug. 11.—The extensive coal mine near Dombrowa, Government of Gdansk, have been burning since yesterday afternoon. The fire was started by an explosion of gas when the full force of men was underground. The main shaft was wrecked and comparatively few miners have been rescued. The latest report is that several hundred men are entombed in the mines, and that all hope of saving them has been abandoned. The mines are owned by the Franco-Italian Bank.

## POLITICAL MATTERS.

The East Algona Protest Dropped by the Tories—Proposed Liberal Rally in Dresden.

TORONTO, Aug. 10.—The protest against East Algona, represented by C. F. Farwell (Liberal), has been dropped, the necessary deposit not having been made.

BOTHWELL LIBERALS.

Hon. David Mills and Archibald Campbell, M.P., Robert Ferguson, M.P.E., and Dr. Samsom have been invited to speak at a meeting to be held at the Dresden town hall at Wednesday, Aug. 15, at 2 p.m. The meeting is for the purpose of reorganization, to arrange for revising the voters' list, and for holding a Reform picnic for the county at an early date. It is hoped that all Liberal electors who can possibly attend will do so.

THE FIGHTING AGAINST MR. GURD.

SACRAMENTO, Cal., Aug. 10.—The return of Mr. A. T. Gurd, for West Lambton, has been abandoned, and Mr. Gurd remains in undisputed possession of the seat to which he has been elected until the next general election comes around. Though opinions may differ as to the policy of withdrawing the case from the election courts, the general view is that it was the most desirable course to pursue. Of evidence to sustain it sufficient had been offered to justify the belief that the election would have been set aside by the courts on ordinary grounds, but the cost to both parties would have been heavy and the expense of a new election would likewise increase the burden to be borne by both sides. The special feature contained in the case—that of intimidation by an oath bound society—is included in several other election petitions now pending, and will be made a prominent issue at the trials, so that law on that point will be fully established. This was one of the chief objects aimed at in entering the petition. The money deposit was held back until it was seen whether this ground was covered by any of the other petitions, and on ascertaining that it was covered in several cases, the petition was allowed to lapse.

## UNCLE SAM'S CROPS.

Great Decline in the Condition of Corn—Spring Wheat and Other Grains Not Up to the Mark.

WASHINGTON, Aug. 10.—The report of the statistician of the Department of Agriculture shows a decline in corn of nearly 26 points since July 1, due almost wholly to the extensive drought and hot dry winds that swept over some of the Western States. In some localities the crop has been injured beyond recovery, while in others timely rains would go far towards assuring fair yields.

The condition of spring wheat has fallen since last report 1.3 points, being 67.1 against 68.4 in July.

The advice as to winter wheat from correspondents and threshers indicate a good yield of excellent quality.

The condition of oats has declined 1.2 points since the date of last report, being 76.5 against 77.7 in July.

In other grains and in fruit a decline is noted.

The condition of potatoes is 74 against 93.3 last month.

## GONE UP IN SMOKE.

Disastrous Elevator Fire at Forest—Barn and Crops Burned Near Blenheim.

FOREST, Aug. 10.—Early this morning one of the large grain elevators on the Grand Trunk property here was destroyed by fire. The elevator contained 6,000 bushels of wheat and 2,700 bushels of oats. The building cost \$1,700, and was owned by the Forest Elevator and Milling Company. The grain was owned by R. A. Hill, reeve of Forest. Loss, over \$6,000; insurance, \$5,000.

BLENHEIM, Aug. 10.—Fire completely destroyed the barns of Thomas Roe, farmer, near Blenheim this morning, together with 40 tons of hay and the bulk of this year's crop. They had just commenced threshing, when a spark from the engine started the fire. Insurance on barn \$400. No insurance on contents.

NIAGARA, Ont., Aug. 10.—A fire occurred about one mile south of here this afternoon on the farm of Mr. Alfred Ball, completely destroying his driving and implement sheds and corn cribs, farm implements and a quantity of corn. The fire is supposed to have been caused by some children playing with matches. Loss covered by insurance in the London Mutual.

NORWOOD, Ont., Aug. 10.—About 10 p.m. tonight the saw mill, planing mill and saw and door factory of W. C. Harrison were burned, together with a large quantity of lumber and most of the machinery. Loss estimated at \$11,000; insurance, \$3,000.

RIDGEWAY, Pa., Aug. 10.—The fire at Pigeon yesterday caused a loss of \$100,000. Many of the citizens escaped with nothing but the clothes they wore.

## RELATED TO MACBETH.

Sir David Wemyss, who died recently in Oakville, was related to the family who held the baronetcy of Wemyss, one of the oldest families in Great Britain. The family are descended in a direct line from the great Macbeth, the Scotch lord who founded the family, and was the vanquisher of Macduff. At the same time of the union of the then head of the Wemyss family, the Earl of Fife, was made a peer of the United Kingdom. The knight of the late Sir David Wemyss was created in 1704 for a second son of the then chief of Wemyss. The title lay dormant for some years and was finally reclaimed in 1849 and granted to Sir John Wemyss, the father of Sir David.

The Holly River Lumber Company, of Palmer, W. Va., has failed. Liabilities, \$300,000.

## Deliberately Wrecked!

Further Developments Regarding the Lincoln Disaster.

The Death Toll Increased to Thirteen. While Eleven Were Injured—The Train Was Deliberately Wrecked.

LINCOLN, Neb., Aug. 10.—It was long after daylight before the burning pile at the scene of last night's frightful railroad wreck had sufficiently cooled to allow the gruesome work of removing the debris and search for the victims to begin. The corrected list of dead and injured is as follows:

DEAD.

C. D. Stannard, conductor, St. Joseph, Mo.

Ike Dapew, engineer, Council Bluffs, Ia.

Wm. Craig, fireman, Fairbury.

W. O. Hamble, farmer, Jansen or Fairbury, Neb.

Jos. Minger, farmer, Fairbury.

E. H. Zerneke, Lincoln.

Henry Peters, Omaha.

Dr. C. N. Birney, Council Bluffs, Ia.

E. H. Morris, traveling man, Kansas City.

A. S. Ebbee, insurance agent, Pawnee City, Neb.

Mr. B. Bever, clothier, Pawnee City, Neb.

All the above were so badly burned to be almost unrecognizable.

INJURED.

H. C. Foote, J. McDowell, A. Aborn, F. T. Scott, C. H. Cherry, E. H. Bell, Mrs. Nellie M. Firth, John Rutherford, J. O. Buetz, Col. J. C. Bills. None of the injuries of these persons are serious.

Everything today points to the fact that the train was deliberately wrecked. The fishplates were removed with a crowbar, which was found with the plates in the tall grass near the burned bridge.

The rail was left in place so that the engineer was unable to discover the dangerously work. The coroner's inquest begins tomorrow.

A SUSPECT ARRESTED.

LINCOLN, Neb., Aug. 11.—The police shortly after midnight arrested a man supposed to be the Rock Island train wrecker. Detective Malone says there is no doubt he is the man.

FIGHTING!

A Big Naval Battle Between Japs and Chinese.

The Result in Doubt—Japs Repulsed on Land—Moving Against Seoul.

LONDON, Aug. 11.—The Central News correspondent in Shanghai says that today the Japanese made a second attempt to disperse the Chinese fleet at Wei-Hai-Wei on the Chinese coast, and to thus gain access to the port. After an obstinate fight they were compelled to retire. No details of the losses of Chinese or Japanese in this or Thursday's naval encounter can be obtained now.

Last night a Japanese fleet attacked Port Arthur, the station of China's Pei Wang squadron. The Japanese were not successful in their attack.

The hour when the Central News correspondent sent his dispatch a stubborn fight between Japanese warships and part of the Pei Wang squadron was reported to be in progress. Twenty-one large men-of-war and many small craft were engaged, and the Japanese reported to have lost heavily, although it is not known that they have lost any of their ships.

Great Britain has notified the combatants officially that warfare within the limits of the water approaches to Shanghai was precluded by Japan's promise not to attack the port and China's reciprocal promise not to obstruct the waterways leading to it. These promises the British notes added would apply to approaches used by all vessels coming from either north or south.

A dispatch received from Shanghai this noon confirms the Times correspondent's statement that 12,000 Japanese who were landed at Fusan, and 8,000 more who were landed at Gensan, are marching toward Seoul. The two forces will meet at some distance from Seoul, and then effect a junction with Japanese troops already in Seoul district. This combined army is expected to operate against the Chinese army coming down the peninsula.

Death-Dealing Wires.

JERSEY CITY, N. J., Aug. 10.—Carl H. Maxwell, a foreman, the trolley line men in the employ of the Consolidated Traction Company, was killed this morning by a live wire at the corner of Green and Montgomery streets. A horse was also killed.

Whipped a Woman.

GRANTVILLE, W. Va., Aug. 11.—At a lonely place near Munner in the Washington district 40 masked men raided the cabin of a woman named "Sis" King of doubtful reputation and dragged the

woman from bed in her night clothes. After the woman had been given 75 cuts with hickory switches she was left senseless on the ground. It is said the whipping was participated in by a number of business men who stand well in the community.

COL. DENISON, JINGO.

Col. G. T. Denison is well known in this city to be of a bellicose turn of mind, and nobody pays the slightest attention to his hysterical, warlike sayings. It is different when he goes to Britain, and, posing as a Canadian military man, tells people there that Americans hate England, and nothing prevents them seeking a war with the mother country but their fear of the British navy and 5,000,000 of Canadians. Bosh. Every intelligent Canadian who has traveled in the States and mixed with the people knows that this is not only too ridiculous to be believed, but that it is a slander upon the great body of the American people. It is not only shameful, but wicked and mischievous, for Canadians to go to Britain and by such utter folly to attempt to breed and keep up ill-feeling between two kindred peoples, who, for almost every imaginable reason, connected not only with their own but the whole world's well-being, should cultivate to the very utmost and live for all time in peace and amity and goodwill.

Editor—Yes. You can get 50 cents a thousand for addressing envelopes.
