CRICKET. THE ASYLUM TEAM'S TOUR. The Asylum cricket team left here on Monday morning for a short tour. It returned Tuesday night with honors even, the game with Clinton having been lost, and that with Guelph won. It was cold and rainy-looking When the Londoners arrived at Clinton on Monday, and the possibilities for a full day's cricket seemed meager. However, an early start was made, and the Asylum went to the wickets.
Waler and England faced the bowling
of McMurchie and Kennedy. The first
wicket fell with a total of 7, Walker being run out—a most unfortunate oc-currence for the visitors. George Sippi filled the vacancy, and England con-tinued to bat with confidence. The drawn the Asylum was victorious by second wicket fell with 22 runs up, Sippi being run out. Burnand, Flynn and three runs on the first inning. Guelp Thurling only added 2 runs between them to the total, although Flynn score, which amounted to 43 before he was caught off McMurchie. England's performance on a somewhat bumpy wicket was extremely creditable and compiled without a change. Dr. Hobbs added 11, and A. B. Cox, by careful cricket, compiled 19, and the Asylum inning closed for 104, by no means a discreditable sum under the conditions. Clinton faced Burnand and England. Runs came slowly and the wickets fell quickly. Kennedy, McTaggart and McGowan, who all made 12 each, were the only batsmen to make any stand. Clinton was out for 69, leaving the Asylum in the lead nand bowled in great style, the former taking five wickets for 32, and the latter four for 35. With this fair lead the Asylum went in for the second inning. A dry rot seemed to set in, and the whole team went out for the extraordinarily small sum of 21. Terry completely baffled his old friends, and took seven wickets for 10 runs, while McMurchie captured three for 6. Clinton again went in, and had small diffi-

LUMBAGO

I had been troubled for several years with Lumbago. I could hardly stand; until one day I was advised to use Dodd's Kidney Pills. I secured a box, and I can safely say I have never felt the pains since. I believe they are an excellent pill, and I may publish this if you see fit, so as to help others.

Howson, c Walker, b Burnand... Early on Tuesday morning the Lon-

doners left for Guelph. There again they batted first. Terry, who had returned to his old love for this occasion, played brilliant cricket for 46. Walker, who contributed 16 after careful batting, was the only other man to each double figures, although Burnand ait far and wide for nine runs, which own ground with handy bounlaries, would have been more than doubled. The inning closed for 90 runs. Guelph played steadily, and Shelton compiled 30 before he was out. With ne wicket to fall, Guelph had only alf a dozen runs to make to win, and seemed as if the asylum might los the occasion, and Gueiph closed its inning for 87. England again bowled didly, taking five wickets for 2 runs. The Asylum went in again and tiently for 35, while Mullins and Reid added 10 apiece by careful cricket. Burnand gave another exhibition of hard hitting, for which he gained nine runs. Guelph started its second inning, bu there was no time to snatch the game out of the fire, and when stumps were

other team from winning, but the Maple Leafs had all the luck and Hamilton won out by only an eyelash. Guelph seems to be Hamilton's meat, anyway, and it was much more interesting for all present to see a hard-fought battle and well-earned victory than a one-sided contest like that of last Saturday. Two or three good men make a wonderful difference in a ball team, and with the pitchers they now have, and Moore behind the bat, the Leafs have a team that is bound to win a fair percentage of games. Moore is a great strength to the team.
