BUSINESS FAILURE

Is Frequently Caused by the Worry Attendant on Dyspepsia. DODD'S DYSPEPSIA TABLETS Step in and Remove the Cause of the Trouble, Thus Bringing Success and Prosperity. Many a man is ruined by Dyspepsia. Many a business man becomes bankrupt through Dyspepsia. A business man needs all his wits-keen, steady nerves, and a clear head. He leaves his business to the care of employees, who are careless. Or he is gruff and ungracious to customers. Trade falls off. He worries more and more. He makes mistakes. Matters grow worse and worse, and finally he "breaks."

THE LONDON CLUB

The season just drawing to a close has been one of the most enjoyable that the London club has experienced. The membership exceeds in numbers all previous years, and the fact of there being such a large number who have bowled for the first time this season goes to show the rapidly growing popularity of the game. The chief tournament, as far as Western Ontario is concerned, was that of the W. O. B. A., which was held in this city on the grounds of the local club in the month of July. This tournament drew from cities all over Ontario some 140 bowlers, 112 of whom were from other cities.

GALA DAY AT ILDERTON

The Big Fair Outshines All Its Predecessors. Splendid Displays in the Various Departments-Great Crowd in Attendance.

Ilderton fair yesterday was no exception to the long list of successes entered to the credit of the officers and directors of the popular fall fair of London township. If anything, it was even more successful than its predecessors, both from the viewpoint of large attendance and excellence of exhibits. The people of London township realize that they owe to their township a debt of loyalty, and well do they repay it. The officers of the society to whom is very largely due the success of the fair are as follows: President, J. H. McCrear; vice-president, J. Winters; secretary-treasurer, P. Bowey; directors, J. H. Hodgins, J. Ardill, R. Smith, T. Ramsey, E. Roberts, C. Needham, R. W. Jackson, A. Powell, G. B. Kennedy, J. Beacon, Bert Kennedy, and Dr. Orme.

Early in the day the crowd commenced to pour into the village, and the shades of night were falling ere they took their departure. The accommodation of the hotels was soon exhausted, and horses and vehicles were to be found all over the village, occupying whatever vacant space they could find. The village had put on a gala day appearance, being gay with flags and bunting. The fair was presented to the occasion with its selections. The weather was perfect, and the conditions were such that no visitor could fail to have a day of unalloyed enjoyment, and to take away happy and memorable memories. London township fall fair that will furnish food for remembrance and conversation in the long fall and winter evenings coming.

DENFIELD. Denfield, Oct. 6.-Died, on the 25th of September, at Denfield, Mrs. Thomas Morgan, relict of the late Mr. Thomas Morgan, in the 86th year of her age. The funeral service was conducted by the Rev. A. R. Park, on the 27th, at her late residence. The remains were carried to their last resting-place, the Denfield Baptist Cemetery, by six of Mrs. Morgan's grandsons. She had been a resident of Denfield for 76 years. Three sons and three daughters are left to mourn her loss. Her end was peace.

CARADOC. Caradoc, Oct. 6.-The funeral of the late Mrs. Vennor, an old resident of the township, took place on the second inst., from her late residence, Mount Brydges, to the Cade Cemetery, and was very largely attended by relatives and friends from St. Thomas and Elgin county. An impressive sermon was preached in the Methodist Church, Mount Brydges, by Rev. Mr. Holmes. The family have the sympathy of the community in their bereavement.

Mr. Archie Cobban, of Chicago, and Mrs. Riddell, of Nebraska, U. S., are here to attend a reunion of the Cobban family, to be held next week, at the residence of Mr. John Cobban, Mount Brydges. Mr. George Robertson, Mount Brydges, left on Tuesday to resume his studies at the Provincial University, Toronto. Mr. Robertson is taking the natural science course, and passed his last examination with honors.

BANNER. Banner, Oct. 6.-The opening of the new brick schoolhouse, on Friday, was an interesting event. The structure is of modern design, and the equipments are excellent. The Cooper, Bros., of Thamesford, erected the building, and J. C. McVicar, of Dorchester Station, furnished the seating. Mr. William Sutherland presided at the opening, which was begun by the choir singing "The Maple Leaf," with Miss Annie Dundas as accompanist. Stirring addresses were delivered by Messrs. Calvert, Beattie, Ruddle, Dundas, E. N. Winkler, E. A. John Spearman, Charles Edwards, J. P., and Alexander Rose. Miss Hodgins, of Putnam, gave a recitation, and the selections were rendered by Thomas Brown, with Miss Dundas as accompanist. Subsequently refreshments were served in the basement by the ladies. The enterprising trustees are Messrs. Ruddle, Calvert and Brown. The meeting was brought to a close by singing "God Save the Queen."

The football match between a team of Lewis' Corners and Banner was keenly contested at "Donnybrook" on Saturday. The result was a draw, 3 to 3 in favor of Lewis' Corners. During the progress of the match Mr. McTaggart, a young man from Thamesford, got one of his knees dislocated and the tendons ruptured. "Donnybrook" well sustained its reputation. The receipts at the gate were \$300 or \$35 in excess of any previous fair at Dorchester.

James Clendon is confined to his room from an attack of pneumonia. Dr. W. Williams, of Thamesford, is in attendance. Elaborate preparations are being made for the inception of the Banner Literary Society.

GLENDALE. Glendale, Oct. 6.-The trustees of the Methodist Church of this place have recently purchased the frame church at Lambeth. One of the conditions of the sale was that the building must be moved to the present site some time in October. The contract of moving it to Glendale has been given to Mr. G. D. Jennie, of Delaware. Mr. Jennie has a wonderful reputation for this kind of work, and will doubtless move the building with credit to himself and satisfaction to all concerned.

Over two years ago Glendale appointment was attached to the Westminster circuit, one of the best circuits in the conference. Since that time the trustees have purchased a beautiful building site, and have erected fences and sheds. When Mr. Jennie completes his work, they purpose thoroughly renovating the church, and will then have a comfortable and commodious place of worship.

The Glendale people are to be commended for their spirit of enterprise. We wish them every success.

Work of Lord's Day Alliance.

We have been requested to publish the following letter which explains itself: To the Editor of the Free Press: Dear Sir-Having accidentally noticed in passing through the city your editorial, "Paul Pry Redivivus," in which I, personally, and the Lord's Day Alliance are severely and, as I think, unfairly criticised, I desire the privilege of a brief reply. I am charged with "making an attack upon the administration of justice" by the police magistrate. I made no such attack. Your own report of my address in yesterday's issue contains not a word to justify you in thus editorially charging me. I was not even thinking of the magistrate's judgment in the matter. I do not doubt that it was honestly rendered according to the evidence presented. I have heard surprise expressed by respected fellow-citizens of yours that other evidence was not submitted by the police, since there was at least one witness present in response to a summons who was not called. But the magistrate is not responsible for the presenting of evidence. It was neither fair nor warranted, therefore, to charge me with making an attack on the administration of justice. I am, however, very remarkable on the part of the street railway officials to consider and declare it to be "a work of necessity" to have such work done on Sunday, when as a matter of fact the purchase of a few spare switch points would have enabled them to replace the ones needing repair-one or two at a time even-while the work was being done any week day, as is done, for instance, by the Toronto Street Railway Company. It must have been either a desire to avoid the comparatively trifling expense this would have entailed, or a lack of business foresight that led the responsible officials to choose rather to invade the sacred hours of the Lord's Day, and to shock the sensibilities of the lovers of the Lord's Day quiet, and workmen's right to their weekly rest, who live in the neighborhood of the company's shops. If the street railway has the right on such pretext to do Sunday work and call it "necessary," would not the grocer whose wagon needs repairing or repainting, and is kept busy delivering all the week, be justified in having black-

smith and wagonmaker do the needed repairing on Sunday? Would the Free Press justify him in so doing? It was against this plea of "commercial necessity" that is becoming so frequently brought forward to justify Sunday law that I was about to argue when I made use of the case of the street railway company mending its switch points as an illustration.

(3) The personal character of the members of the said company, some of whom I have the pleasure of knowing as good and generous men, was in no way under consideration, though the public will naturally hold them responsible for the acts of their officials and employees.

(4) The "Paul Pry" attitude with which you are pleased to charge the Lord's Day Alliance is wholly unwarranted by anything said either by myself or others in the meeting on Monday night. It neither is or desires to be a private detective agency prying into private conduct, but it does not propose to allow either individuals or corporations to needlessly and offensively invade the Sabbath quiet or require their workmen to do on the Day of Rest labor that by a little foresight or expense could as well be done any week day.

"The Lord's Day Alliance stands for the securing to the whole community the right to the full enjoyment of the Lord's Day as a day of worship." It does not desire to interfere with private liberty in the use to which the hours of the day are put, nor to enforce by law its religious observance. It recognizes, however, that "the liberty of rest and the opportunity undisturbed to worship God as conscience will direct, requires the law of rest for all," allowing only the doing "works of necessity and mercy," reasonably and fairly interpreted, and I am confident with you, sir, that "the Alliance will receive the support and sympathy of all law-abiding people in its efforts" to this end.

DOES IT NOT PAY TO

Canada Business College, CHATHAM, ONT.

Is doing more for its pupils than any other business school in Canada, or perhaps, than any other on the continent. How can we do this?

First-By giving them a practical, not a theoretical, preparation for business life.

Second-The business public has learned that there is this vast difference between the graduates of this school and the graduates of other colleges, hence the strong demand for our graduates, which has enabled 230 to be placed in good positions between September, 1899, and July, 1900, a period of ten months.

The good work still goes on, and 71 have been placed between July 1 and Sept. 1 of this year.

We will give you half of the list this issue and the other half later on. Here is the list:
