#### REVIVAL SERVICES IN CHRISTIAN CHURCH shot downward.

The Rev. R. W. Abberley, the English evangelist, of Liverpool, England, began a series of special revival services at the Christian Church, corner of Dandas and Elizabeth streets, last night. The meetings begin with great promise, and the church is anticipating a great spiritual awakening. Rev Mr. Abberley speaks with considerable force and enthusiasm and made a most favorable impression on all who heard him deliver his first sermon last night, which was on the theme "The Victory of the Saints." He asserted that the golden age of Christianity is not back of us, but ahead of us, and that Christ's religion will some day be universal. The sermon was a note of optimism on the world's faith and civilization. Rev. B. H. Hayden, the pastor of the church, has his people well prepared for what is believed will song service at 7:45, and preaching at Tonight Evangelist Abberley Interesting Lecture. will preach on the subject "God's Spiritual Dynamite."

> New York, Oct. 19 .- Man's first attempt to cross any ocean in an airship has failed, but Walter Wellman, five companions and a kitten, who a corrective of these essayed the voyage, are safe. The airship—the giant America—is a battered aerial derelict, abandoned at sea, perhaps still in the air, perhaps sunk beneath the waves with her costly equipment. When deserted she had been in the air probably 72 hours, a world's record for dirigibles and, driven by the wind, had travelled doubtless 800 miles. Whether the distance record for dirigibles-870 miles-also will be broken remains to be computed. Abandon Airship.

The America was abandoned where the rescue took place, in latitude 35.43, longitude 68.18. This brings to a climax one of the most remarkable flights ever undertaken. That the climax was not accompanied by a tragedy is considered a matter of exceptionally tune, as the dirigible had been blown far away from the usual lanes of trans-Atlantic travel, and was almost outside the range of coast steamers plying between ports of the United States, Cuba and South America. en all previous records, both as to

The America has undoubtedly broktime in air and distance covered. The previous time record, that of Count Zeppelin, was 37 hours. The America's time up to 8 o'clock this morning would be three full days, or 72 hours. The previous distance record was that of Count Zeppelin, of 870

The America's distance covered is comewhat conjectural, but it appears Notto Decided On Is "Vim, Vigor and to be about equal to or greater than the Zeppelin record. The latter records, however, were made overland, whereas those made by the Wellman Canadian Club, of King Street Pres- party are practically beyond comparichurch last evening. The question of ocean, continuous as such, from start to finish. In this respect the Amerand it was decided to adopt one. The ica's flight appears to be unique and

Story by Wireless.

On board steamship Trent, at sea, that cards giving the topics and the Press, Oct. 18 .- At 4:30 a, m, today members who had charge of the meet- the steamer Trent sighted the airship ing would be printed, and mailed to America, and wireless communication was immediately established. Irwin, Mr. N. R. Gray gave an interesting the operator on the airship, informed account of the different races in Can- Ginsburg, the operator on the Trent, describing in particular the characteristics of the Galatians, ed to abandon the balloon. Wireless communication was kept up from this time on between the airship and the steamer Daylight was rapidly approaching

and the Trent was requested to follow the America, which was then drifting at the rate of 12 miles an hour. After a council held on the airship it was decided the the best means of rescue was to launch the lifeboat. But this was such a hazardous undertaking that much time elapsed before the manoeuvre was executed, as the tail of the airship, consisting of tanks of gasoline and wooden blocks, threatened to capsize the lifeboat as it was dropped from the balloon into the water. This danger was at last overcome and the operation was carried out with success. In the operation the trailer

and Louis Loud, the engineer, and also knocked a small hole in the side of the lifeboat. The airship, immediately on being released of its weight of the crew and boat, shot skyward as the boat

A moderate sea was running at the Rev. Mr. Abberley, English Evangelist, Tuesday Night.

time, and after some slight difficulty the crew was taken on board, together with the lifeboat, at 7:30 a. m.

time, and after some slight difficulty this afternoon by Rev. W. J. Doherty, diamond ring; to the bridesmaids, B. A., when Miss Lucinda Amy Taytime, and after some slight difficulty less telegraphy has distinguished it-

self by showing the great assistance n accomplishing the work of rescue. The Morse lamp signalling also took between Irwin and officers of the Trent, which gave the signals leading Taylor, of Peoria, III, as maid of monor. The groom was attended by Mr. Fred- in blue, and decorated with chrysan-The crew was picked up in latitude

5.43 north, longitude 62.18 west, where the America was abandoned. Mr. Wellman said that the airship had been blown far out of her course so that it was inadvisable to proceed
