**PROHIBITION OF IMPORTATION OF LIQUOR**

**Canadian Government Takes Drastic Step Shortly After Election**

Ottawa, Dec. 21.—The first steps to ward total prohibition throughout Canada is being taken by the government as one of its first post-election measures. Although official announcement will not be made until tomorrow it is understood that at a meeting of the cabinet council held at 10 o'clock in the morning the decision was made to prohibit the importation of alcoholic liquors into Canada.

This will shut out a big source of revenue during war time. It will affect the Scotch and Irish whisky, champagne and other wine goods now imported to the extent of millions of dollars worth each year. It will also especially the Quebec importing houses which are now the distributing centers for the dry provinces.

Still more drastic legislation looking to the curbing of a liquor traffic in Canada is forecasted for the near future. Prohibition of the manufacture of liquor entirely except into the homes for medical or other necessary purposes, is the next step. In what the government aims to do to secure total prohibition by the process of cutting off all external or foreign sources of supply leaving only domestic sources as a basis to be gradually stamped by those who are willing to pay the high price for "home" which are sold to retail almost immediately.

The government is determined by the realization of the stern necessity of stopping all forms of national waste either of money or of man power and of preventing any further diversion of food material now so urgently needed by the Allies. No further battles, war, or what can be won in the manufacture of liquor.

"The Reaker" Monday evening's performance at the opera house, which the gifted star, Emily Stevens, appears, has been given a part of special distinction by the author-director, William Christy Cabanne.

The part of "The Reaker" has been entrusted to that sterling actor, Walter Miller. Mr. Miller was associated with Mr. Cabanne on the Pacific coast under the Griffith banner. He has had valuable experience in both stage and screen work. His motion picture experience has included feature productions with the Biograph, Fox and Universal companies.

Leo Delaney has the important role of John Harding. Mr. Delaney is one of the most valuable players known to the screen world. Among his recent pictures are "Guns, Snowflakes," and "The Vital Question." Before going into the stock work which comprised his first stage experience, Mr. Delaney was a successful lawyer. He is a native of Vermont.

Eugene Borden, who plays the part of the sailor lad in "The Reaker," is also a graduate of stock work on the speaking stage. "Hauling Shadrows," a World production, is one of his best-known pictures.

Well known Metro favorites make up the larger part of the cast. Among these are Daniel Jarrett, Sue Balfour, Mrs. Mathilde Brundage, Baby Ivy Ward, Belle Bruce, and the ever-popular Chinese actor, Charles Fong. Added to these is Millicent Fisher, a Southern beauty who has been termed "the girl with the screen face." Much is predicted for this recent recruit to the screen.

**PT. GEO. BOLTON DIED OF WOUNDS**

Member of Canadian Railway Troops, Laid to Rest in France.

Mr. Edward Bolton of Restigouche, Que., has been notified that his brother Pte. G. Bolton of the 4th Battalion Canadian Railway Troops has died of wounds.

Pte. Bolton was a son of the late Mr. and Mrs. Edward Bolton of Restigouche and was just twenty-one years of age. He enlisted in July 1915 with the 171st Battalion. He is survived by five brothers and one sister.

The following letter has been received from the Chaplain giving particulars of his death.

1 Dec. 1917.

My Dear Sir:

I am sorry to have had news of the death of Pte. G. Bolton, 664530, of the Canadian Railway Troops, who was killed on the 29th of Nov. at a field hospital at Reims, after suffering from wounds. He was very fit, courageous and was in pain and I greatly regret to say he died some short time ago. He was over 20 years of age, for I had your name among his belongings. There will be no more news.

I laid his body to rest this morning at eleven o'clock in the British Cemetery here and his grave is marked. A cross will be erected over it.

He has given his life for others. No man can do a nobler thing than that. With those who mourn and who suffer our heartfelt sympathy is with all who love him. Believe me, Yours very sincerely,

J. W. LOGAN, Chaplain to the Forces, No. 9 Field Ambulance.

**CHICAGO HEARS LATEST PEACE TERMS**

Kaiser Will Make New Offer It is Said—Still Not Acceptable.

Chicago, Dec. 20.—What purports to be an outline of the Kaiser's much advertised "Christmas peace terms" has reached here through the same central diplomatic channels which earlier in the week received information to support intimations from abroad that a new peace offer is coming.

In the main the terms as described follow the lines of those said to have been written by Foreign Minister Von Kuchelbecker last summer. At the time they were denounced as having been written purely for political purposes.

The so-called terms, which must be appraised only at their face value are said to include the following:

To leave the distribution of Alsace-Lorraine to a plebiscite of inhabitants.

England to pay Germany for her lost African colonies and the money to be used for the rehabilitation of Belgium, Serbia, Roumania and Northern France.

Russian provinces bordering the Baltic, the Black Sea and Prussia to become independent under a German plan.

Poland to be called an independent state under Austrian suzerainty.

Disarmament, freedom of the seas and commerce to be left to the post-war conference.

Roumania, Serbia and Montenegro to retain their original boundaries, with the right of access to the sea being granted to Serbia.

Turkey to remain intact.

Sincerity or Not.

Whether such a proposal of terms is really another step in the German propaganda to impress the public mind that the allies are responsible for a continuance of the war, or whether it is really a feeling for peace is a subject for the estimate of governments concerned.

At first glance some are inclined to regard them as the Kaiser's much advertised Christmas peace terms, probably designed in large part to keep the German people under a illusion that they are fighting a really defensive war against foes who insist on the dismemberment of their country.

There is a very decided impression in competent quarters, however, that

**AN APPEAL FOR CHILDREN'S CLOTHING**

Mrs. F. F. Matheson Will Receive Such Articles for Homeless Orphans

Mrs. F. F. Matheson has received an appeal from her sister, Mrs. Payne, of Halifax, for clothing, etc., for some of the homeless and orphan children of Halifax. These children are in a home with which Mrs. Payne is connected. They range in age from two months to six years and the need is pressing.

Mrs. Payne says that doubtless there are lots of children's clothing going to Halifax, but it goes into the general relief stores where it is needed over and given out, but many will not go to such places for clothing.

In sending forward articles Mrs. Payne recommends that such be sent to private persons or some recognized society, so that the best use can be made of all.

We in Campbellton who remember the working of the general relief after the Campbellton fire can appreciate this advice.

Mrs. F. F. Matheson will gladly receive any donations of children's clothing, goods or money and the same will be forwarded. A committee of ladies will also make up garments for the children which will be forwarded.
