ACROSS THE CONTINENT. Some Interesting that About the Grandwest. The Attractions of Sans.

County Crown Attorney Badgerow.

Mr.T. C. Irving of Bradstreet's have return

to the city from a three week's trip to Bribin Columbia, via the Canadian Pacific Railway On their way out they stopped over at Winipeg, Calgary and Banff, the popular healt resort at the foot of the Rockies. At Ban

they met the Hon. Alexander and Mrs. Mackenzie who have spent some time there and who intend going to the end of the line before returning to Toronto. The ex-Premier's health has been much benefited. Banff is declared to be a lovely spot, with a new hotel built by the Canadian Pacific, and scenery which canaot be surpassed in Switzerland.

Mr. Irving states that the opening of the railway has done great wonders for the country. English and American tourists are numerous, and it seems to be coming the fashion for Britishers fond of travel to cross the American continent by this road and proceed to Asia. Nearly a dozen train loads of tea were met coming east. All along the line the people are hopeful because of the great grain crop this year, far surpassing that of 1886.

Vancouver is beginning to get over the effects of its big fire and is going ahead. Real estate is stiff, being held at high figures.

General Superintendent Whyte of Winnipeg is making preparations for the moving of the grain crop, and the indications are that he railway has already the facilities for transporting all that the country can produce for some years. The C.P.R. has also built small hotels at Fields, the Glacier and North Bend, and is doing everything to make travelers comfortable.

Notwithstanding the duliness of trade in some of the city carpet kouses and the bombastic and foolish statements of the numerous small fry, the orders in our Carpet Department during the pust week are simply immense. The cause is quite plain and easily accounted for. Honest, square deading, good value, nobby styles, economy in cutting, well laid carpets and satisfactory workmanship.

Inspection and comparison invited, and if our style is not better and our prices lower than any other house in this city don't buy.

We guarantee to effect a saving of from five to ten per cent, in quantity as economy in cutting is one of our specialties.
