A Permanent Cure of a Diseased Liver,
of many years duration.
Copy of a letter from Mr. Gamis, hemist

Copy of a letter from Mr. Gamis, Heavil, to Professor Holloway

Dear Sir,—In this district your Pill's

command a more extensive sele than any
other proprietary medicine before the public. As a proof of their clicacy in Liver
and Bilious Complaints I may menion the
following case. A lady of this tewn with whom I am personally acquainted, for years was a severe sufferer from disease of the Liver and digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings, and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not exper rienced any symptoms of relapso, and offen declares that your Pills have been the means of saving her life.

I remain, dear Sir, yours truly, J. GAMIS: Nov. 22, 1852.

To Professor HOLLOWAY.

. SIR .- I beg to inform you that for years I was a sufferer from Chronicellhommatism, and was often laid up for weeks together by its severe and painful attacks. I tried every thing that was recommended and was attended by one of the most emineut surgeons in this town but; obtained no relief whatever, and fearing that my health would be entirely broken up. I was induced to go into our County Hospital, where I had the best medical treatment the Institution afforded, all of which proved of no avail, and I came out no better than i no avail, and I came out no octor than went in. I was then advised to fry your Pills, and by persevering with them was perfectly cured, and enabled to resume my authors and although a considerable pation, and although a considerable od has elapsed. I have felt no return

whatever of the complaint. 1 am, Sir, your obliged servant, (Signed) W. MO W. MOON

An extraordinary Cure of Dropsy, after suffering for eighteen months. Copy of a letter from Mr. G. Briggs, Chemist, Goole, dated February, 15th, 1853.

To Professor Holloway, SIR, I have much pleasure in in-forming you of a most surprising core of Dropsy recently effected by your valuable medicines. Captain Jackson of this place

was afflicted with Dropsy for upwards of eighteen months, to such an extent that caused his body and limbs to be much swellen, and water oozed as it were from his skin, so that a daily change of apparel became necessary. How ithis landing the various remedies tried, and the different medical men consulted, all was of no avail until he commenced using your Pil's, by which, and a strict attention to the printed directions, he was effectually cured, and his health perfectly reestablished. If you deem this worthy of publicity, you are at liberty to use it.

I am. Sir. vours respectfully. (Signed) G. BRIGGS These celebrated Pills are wonderfully efficacious in the following complaints. Volt & Ho! Jaundice
