NEW STEAMER FOR MINAS BASIN.

P. A. R. Is Calling For Tenders For New Boat.

Kentville.—An announcement is made by the Dominion Atlantic Railway Management that following the successful arrangements for a subsidy in connection with their Minas Basin Service, between Parrsboro and Kingsport, tenders for a new boat are now being called for.

Plans for an up-to-date boat, providing additional freight and passenger accommodation, together with adequate space for carrying automobiles, have been approved by the Department of Trade and Commerce. Patrons of this popular route will look forward with pleasure to the placing of this new boat in the Basin service later in the season. The P. A. R. is to be commended for its progressive policy in providing, in addition to its attractive train service, the same up-to-the-minute accommodation for its water connections as well.

President McEade, of the Parrsboro Board of Trade, and Hance J. Logan, M. P., are also deserving of credit in connection with the securing of the subsidies, as they thus express confidence in the splendid future of Nova Scotia, and believe in supporting worth while projects for the betterment of the Province.

Once a mother has used Baby's Own Tablets for her little ones she always keeps a supply on hand, for the great relief continues her there is nothing to equal them in keeping children well. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach, thus driving out constipation and indigestion, colds and simple fevers, and making feeding easier. Concerning them, Mrs. Saluste Polletier, St. Dumas, Que., writes:—"I have used Baby's Own Tablets for the past ten years and am never without them in the house. They have always given me the greatest satisfaction and I can gladly recommend them to all mothers of little ones." NEWSPAPER PUBLICITY WINS. H. L. Leeper, postmaster in Yakima Wash., is ready to admit that there is about as much difference between newspaper publicity and word-of-mouth publicity gained from bulletin boards and posted notices, as there is between daylight and darkness, according to The Yakima Republic.

For several weeks recently Mr. Leeper had notices posted to the effect that bids were desired for the operation of the Yakima-Toppenish star mail route. Days and days went by with no one applying for the job. As the final date on which the bids had to be at Washington, D. C., approached, and no enquiries had been received yet, he decided to give out the notice as a news story.

The story was given three or four lines in The Republic and since its publication the postmaster has received more than twenty calls. "And that isn't the half of it," he says, "for they are still coming."—EX.

ANNAPOLIS VALLEY, NOVA SCOTIA

Have you seen Annapolis Valley in the springtime of the year? Have you seen Annapolis Valley in the spring? When the apple trees are blooming and their sweet scent fills the air. And birds of every hue are on the wing? If you've seen it in the spring time then no matter where you go its praises evermore you're bound to sing. For you've seen a bit of heaven. That's unequalled here below. If you've seen Annapolis Valley in the spring.

Have you seen Annapolis Valley in the good old summer time? Have you seen it when the days were warm and bright? When the fog from grim old Fundy Perches on the mountain top. And the sea breeze rolls it into billows white? If you've seen it in the summer then the vision lingers yet. And often you recall the wondrous sight. For you've seen a bit of heaven. That you never can forget. If you've seen the Valley when the days were bright.

Have you seen Annapolis Valley in the golden autumn time? When it seems of joy and peace the bluest shade? When over all the landscape lies A beautiful magic light. And the fruit trees sweep the earth with luscious load? If you've seen it in the autumn there you've seen with one of old. (For in vain you sought for other fitting words) "Oh bless thou now thy servant And let him depart in peace. For his eyes have seen the glory of the Lord."

COAL STRIKE FEARED.

Dominion Fuel Board Chairman Issues Warning. Ottawa.—Dr. Charles Camsell, chairman of the Dominion Fuel Board issues the warning that the wage agreement between the American anthracite operators and miners will expire on September 1st of this year, and that many well-informed coal men fear a suspension of operations in the anthracite fields at that time. Just at present, says Mr. Camsell anthracite coal is coming into Canada at a normal rate. There are also available other domestic fuels such as British anthracite, coke and low volatile bituminous coals and there will be shortly a certain amount of Alberta domestic coal, but should there be a suspension of operations in the anthracite fields that would last for any considerable time, a very serious shortage of supply for domestic consumers in Central Canada might occur. This would result in high prices and possibly a recurrence of the distressing conditions of the winter of 1922-1923.

Walter Lindley-Jones, editor and founder of the Mercantile Guardian, of London, Eng., and an authority upon commercial matters in general, recently passed through Canada on the last lap of a journey around the world, by Canadian Pacific steamships and trains. Mr. Lindley-Jones states that a terrific boom is due in China as soon as hostilities cease there and that Great Britain and Canada will be the chief beneficiaries.
