Real Estate and Financial Agents

E make a specialty of Okanagan Valley fruit lands and Vernon city property. Being brokers purely and simply, we are in a position to give perfectly unbiassed advice as to values and location; and, having had many years experience in the west, our advice is based on actual knowledge of circumstances.

WE ARE AGENTS FOR

The United Canadian Underwriters, Ltd., of Van-

The Railway Passengers Accident and Liability Insurance Company of London, England.

The Standard Life Insurance Company of Edinburgh, Scotland.

We have many opportunities to lend money on absolutely gilt edged rural and city property security, and will, if so desired, act as agents for the collection and transmission of interest on such loans. Our charges in such cases will be found extremely moderate.

Write us for any information you desire about the Okanagan Valley. We take pleasure in answering questions and to the best of our ability give facts, not fancies.
