HALDADAY'S STANDARD

WIND MILLS. 26 sizes.

OAKVILLE, March 3rd, 1885. DEAR SIR,—In regard to the 15-foot Geared Wind Mill, I will say it does good work. I use it for pumping, running a grain crusher, cutting box and roof pulper. The cutting box used to take six horses to run it all day; but the wind mill does the work now, and does not get tired either. I expect to run a cider mill with it next fall, and purpose attaching my grindstone as soon as I can get a pulley. The mill is perfectly self-regulating. The No. 2 I X L Grinder works like a charm. We can grind ten bushels an hour easily. I might also add the Four-Wheel Carrier and Four-Tined Grapple Fork I got from you are giving the best of satisfaction. The Fork is far ahead of anything I have seen. Respectfully yours, H. G. MOORE.
