CORN COBS AND GRAIN

OUR GRINDER first crushes the cob and then grinds it. The Hopper is so arranged that small grain and corn cobs can be ground together. This machine will even grind cut hay and corn stalks. Do not buy two machines to do your grinding when you can get one machine which will do all kinds of grinding, and do it better than any other machine on the market.

We manufacture also TREAD POWERS, THRESHERS, HAY PRESSES, FEED CUTTERS, CIRCULAR SAW MACHINES, etc.

FRUIT AND ORNAMENTAL TREES

TREES

Our Stock is as Good as the Best

Now is the time to decide what you are going to plant, and where you are going to get them.

Will it not be better to send direct to an old reliable nursery and be sure of getting the varieties you want, free from San Jose Scale and diseases, than to buy of travelling agents, who import trees often infested with these pests, and that you have no certainty of being what you want till they bear, and paying higher prices besides? Send for my catalogue, or send a list of your wants and see what I can do for you. Address,

Having an unusually large stock of trees, vines, bushes and plants, both fruit and ornamental, of our own growing, we are compelled to extend our trade, which has hitherto been chiefly confined to the Niagara District. Having no agents, we have no fancy prices to protect, and so offer at very low rates to be in touch with the times. Price list free on application.

Dealers and Jobbers' orders packed with care and dispatched cheap than elsewhere. Stock guaranteed free from San Jose Scale. List us price your wants. We guarantee satisfaction. All Canadian-grown stock.
