

IT may not be according to professional etiquette, to say to a sick man, if the treatment I shall give you does not prove beneficial and satisfactory, you shall pay nothing for it, but it would save the unfortunate sick people a large amount of money. Rev. Dr. A. Wilfred Hall, of New York, has made a most valuable Hygienic discovery. His method of treating disease *without* medicine has had a wonderful success.

Very bad cases of kidney complaint have been cured, and hundreds of sick people have been saved from the suffering caused by sick headache, dyspepsia, dysentery, rheumatism and other ailments. The treatment is so simple and easy to practice, that any person can use it at home with safety and comfort. Full particulars, terms, &c., had by addressing
