

Finger Rings

All the rings advertised in our list are guaranteed for at least one year, some a much longer time, and any ring not exactly as represented will be replaced with a new one. Our descriptions are in no way misleading or exaggerated, being as short, concise and truthful as we can possibly make them. You can work for any of these rings without danger of disappointment upon their arrival.

When ordering do not send strips showing size desired, as small slips of paper are liable to be lost, but state size in your letter, following the directions given very carefully to avoid an error.

Standard Ring Gauge

State size desired when ordering, by naming one of the following numbers: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10.

To get exact size, pass a piece of stiff cardboard or blotting-paper *very lightly* around second joint of the finger, cutting it off so that when drawn as tightly as possible the ends exactly meet. Then lay it flat upon the following diagram, one end beginning at the line marked 0, and the other end will then indicate the desired size.

Rings Exchanged

We cannot, under any circumstances, exchange a ring which has been worn, for a different size or other style. We shall be very careful to send exact size ordered and if, through any error in measuring, your ring does not fit, we will exchange for proper size upon receipt of the ring and 5 cents to pay for postage and packing. If the ring is not just what you expected and you wish some other in our list of equal value, we will exchange upon receipt of the ring and 5 cents.

If you desire a higher priced ring, we will exchange for the difference in the retail price, or upon receipt of the additional subscriptions required for ring selected.
