

of the later Edmonton dinosaur. The two genera appear to be closely allied and in both the footed form of ischium is present.

EXPLANATION OF PLATE I.

Left lateral aspect of skull of *Stephanosaurus marginatus*; one-fifth the natural size.

Abbreviations.—*D*, lateral temporal fossa; *DN*, dentary; *J*, jugal; *L*, lachrymal; *MX*, maxilla; *N*, nasal; *NO*, nasal opening; *OR*, orbit; *PD*, prementary; *PF*, prefrontal; *PM*, premaxilla; *Q*, quadrate; *QJ*, quadrato-jugal; *S*, squamosal; *SA*, surangular.

THE LONDON BIOLOGICAL CLUB.

This club, which was formed on February 6th last, has twenty chartered members. It is the intention to hold monthly meetings and conduct field excursions. On March 6th, Dr. Hill, of the Institute of Public Health, gave an address on "Life", and on April 3rd Dr. Woolverton delivered a lecture on "The Mammoth Cave".

Recently the club presented a memorial to the Honourable Minister of Game and Fisheries, Toronto, which called attention to many native birds which have become seriously depleted in numbers, chiefly owing to shooting by sportsmen and others. Direction was drawn to the scarcity of quail in certain localities and the hope expressed that continuous protection be given so that the birds would have every chance to recover, in time, their former numbers. Other birds mentioned were the Eagle, Fish Hawk and Great Blue Heron, which have now become exceedingly rare. Many of the beneficial smaller birds are also in need of protection. In the opinion of the club, the easiest way to increase the amount of protection given by the present laws is to enact and enforce a license for all firearms except military rifles, which would prevent a great deal of the thoughtless slaughter at present carried on.

It was also suggested that the Government purchase abandoned woods and other cheap areas of land and marsh on which hunting could be prohibited, thereby forming breeding sanctuaries.

The officers of the London Biological Club are: President, Dr. H. W. Hill; Vice-President, Dr. S. Woolverton; Curator, Mr. J. F. Calvert; Secretary-Treasurer, Mr. J. W. Noble.

We extend to this new sister club our warmest greetings and best wishes for success in all branches of its work. The motto of the club, "Learn to live and live to learn," is an ideal one.

A. G.
