PLANTAGENET WATER.

The proprietor of the Plantagenet Springs Water has received the following Testimonials. The efficacy of the Plantagenet Water is now an established fact.

Montreal, March 22, 1850.

Since August, 1848, I have recommended the Plantagenet Waters in a variety of Chronic complaints, and with good effect. It has proved very useful in Dyspepsia, Rheumatism, and Scrofula. Weakly and nervous persons, and those in whom there was an increased action of the bowels and kidneys, took but half a tumbler at a time, repeated every hour or two. When possessed of more strength, and there existed a tardy state of the secretions, the water was more copiously partaken of; and in cases of Plethora, where a disposition to congestion predominated, with a tendency to fever and irritation, it was taken to the extent of several pints a day.
