A London coal company recently lost
3,000 tons of coal, the result of over-thought-
fulness. Seventy barges loaded with coal were
floated from the dock of the company, and
to secure greater safety they were stoutly
lashed together, tandem fashion. One of
them sprung a leak and sunk, pulling down
the other sixty-nine.

A correspondent of the *Country Gentle-

from which forty bushels of grapes have
been sold for two successive years, and it is
probable that it will produce fifty bushels
this year.

JACKSONVILLE, Fla.,
18th August, 1894.

To whom it may concern—and that is
nearly everybody.—This is to certify that
I have used Coutts & Sons' "Acetocura" on
myself, my family, and hundreds of others
during the past fifteen years for headache,
toothache, rheumatism, sciatica, sprains,
cuts, boils, abscesses, scarlet fever, chills and
fever, and also with good success on myself
(as I was able) in an attack of yellow fever.
I can hardly mention all the ills I have
known its almost magical power in curing,
such as croup, diarrhoea, biliousness, and
even those little but sore pests to many
people—corns. The trouble is with pa-
tients, they are so fond of applying where
the pain is—and not where directed, at the
nerve affected. And the trouble with the
druggists is that they also want to sell
"Something just as good," which very often
is worse than useless.

Wishing you every success in your new
establishment, and that a more enlightened
public may appreciate the blessings of your
Acetocura, is the fervent wish of

Yours truly,

CAPT. W. M. SOMERVILLE,

Late of U. S. Engineer Service, and for-
merly of the Marine Department, Canada.

MANY A YOUNG MAN

When from overwork, possibly assisted
by an inherited weakness, the health fails
and rest or medical treatment must be re-
