

NOW IT'S WAR BETWEEN THE FRENCH AND IRISH

Montreal Citizens From the "Ould Sod" Indignant at Treatment on Catholic School Board.

MONTREAL, June 30.—The Irish Catholics of the city have decided to take action to defeat if possible the plan of the French-Canadian majority in the city council to leave them without adequate representation on the Catholic School Board, which controls French and Irish Catholic schools alike.

Three aldermen compose the council's delegation on the board, and it has always been the custom for two of these to be French and one Irish. At a recent meeting of the council, however, the French-Canadian members, who are in the majority, voted to appoint a third French-Canadian to the position on the board left vacant by the expiration of the term of the Irish member, ex-Ald. Dan Galt.

They claimed that the other members of the board, elected by the religious authorities and by the provincial authorities, included Irish members, and therefore the Irish citizens would be over-represented if they were allowed their usual aldermanic delegates.

The Irish citizens are very indignant and a monster petition, worded very strongly, is being presented to the lieutenant-governor begging him to disregard the action of the city council's French majority and to make an appointment from amongst the Irish aldermen.

It is freely stated that the French-Canadian action is merely a reflection of the troubles of French-Canadians in Ontario and Maine, where, under Irish bishops, the French Catholics are protesting that they are not granted the rights and privileges which are rightly theirs in the matter of parochial schools and other questions.

Sudbury Man Wants Share in Proceeds of Mine Sale.

Application for the winding up of the Nickel and Copper Company, Limited, of Ontario was made before Chief Justice Meredith yesterday by R. C. Levesque, on behalf of William McVittie of Sudbury.

In his claim Mr. McVittie states that the company owned valuable nickel deposits in Sudbury, and that they sold out to Frank B. Chapin and J. R. Booth for \$1,500,000, and that he had not received any statement as to what was done with the money. He claims to be a shareholder in the company to the amount of \$3500. He further states that he has received neither interest nor an accounting of the company's affairs since its incorporation in 1900.

Mr. Levesque, who is looking after McVittie's interests, says he has received information to the effect that J. R. Moodie of Hamilton, one of the directors of the company, was paid over \$100,000, as well as large sums to other directors. Lieut.-Gov. J. M. Gibson is also credited with receiving \$35,000. Owing to the fact that Mr. Gibson and Mr. Moodie are in the old country the case was enlarged until their return.

Family Cured of Eczema By Cuticura Remedies

"The Cuticura treatment has absolutely cured me and family of eczema which I, my wife and two-year-old child had for eight months. It started with small pimples on the head of my child which gradually broke out in sores, and it was not long before I and my wife got the same. Our heads were one mass of sores, we could not sleep and the itching was terrible. We suffered for eight months. We tried different kinds of ointments and medicine but it did us no good and soon it began to break out on our bodies until a friend who had the same trouble told me about Cuticura Soap, Cuticura Ointment and Cuticura Resolvent, and I was surprised. After the first few days our heads began to heal and in two months we were absolutely cured of this terrible eczema."

(Signed) EUGENE POTTS, 531 Ralph St., Brooklyn, N.Y.
