Toronto's Real Problems

The City of Toronto and the people who live in the suburbs have to deal with conditions and not with theories. The City of Toronto is growing, and has been growing for years at an enormous rate.

These people want water; they want streets; they want single fare transportation; they want police and fire protection, and they want roads; and they are willing to pay for them.

For years now The World has been advocating the extension of the City of Toronto to include the suburbs who work in Toronto or the industries connected with Toronto.

These are the conditions, but rather than deal with the conditions, The Globe and The Telegram have set up a theory, and that theory is Single Tax; that until a proper system of taxation along the lines of Henry George be adopted—and the effect of which is that unimproved land should be made to pay its share—nothing should be done, and especially, according to The Telegram because certain land butchers have laid out and sold lots to the people in the suburbs and have made money out of it.

And on top of all this now comes the proposal of the Canadian Northern Railway to open up 1200 acres of land at Leaside, where the proprose to have a railway town of 3000 people, and the rest of the area to be divided for residential purposes.

But the Canadian Northern have already announced in overtures made to the Town of North Toronto that they would like their new district annexed to North Toronto. They don't say how North Toronto is to supply these people with water.

The Globe and The Telegram are doing all they can to stop the annexation of North Toronto and to enlarge that municipality so as to have these additional franchises brought into existence.

Would The Telegram have left West Toronto Junction out of the city, although it is the most thriving and growing part of the city today? Would they have left out East Toronto and the Midway, although those people are all now independent municipalities?

And speaking of land butchers, let The Telegram find out who is opposing the annexation of North Toronto today and who is proposing the extension of North Toronto to include the land butchers who own large tracts in North Toronto and the gradual extension and whose object is to fasten two fares on all the people living there and then leave the city to commute them afterwards as best it can, and after they have sold their land and reaped a profit from the public.

And why should Toronto undertake to find a water supply for North Toronto and Leaside if they seek to create themselves into a separate municipality?

MINISTER DIDN'T KNOW COUPLE WHO WED

Rev. Mr. Brown Would Not Have Performed Ceremony Otherwise—License Was Not Issued at Lalonde's Jewelry Store, Nor Was Ring Purchased There.

Mr. and Mrs. Ernest C. Robbins, the week-minded persons who were married some time ago, continue to live in a little cottage in Swansea.

The marriage license was issued by J. H. Wilkinson, a Ward Seven Jeweller, and not by Lalonde & Sons, the West Queen-street Jewellers, who did not even sell Robbins the wedding ring.

Yesterday afternoon The World succeeded in seeing the items at the parliament buildings. It is signed by Wilkinson as issuer and Rev. Albert Brown as the officiating minister.

Mr. Brown Did Not Know.

There is no one who feels any worse over the unfortunate wedding than the Rev. Albert Brown. He says that, although the couple did not appear to be very bright intellects he had no reason to suspect mental deficiency.

John Clayton, a half-brother of the bridegroom, and a man named Brown, were the witnesses. Both Miss Wilson and Robbins answered the questions in a satisfactory manner, leaving no suspicion in the minister's mind that they were week-minded.

Yesterdays man giving the name of Higgins called at the residence of Dr. Forbes Godfrey at Mimico and said that he had been told by The World that the doctor was responsible for the story which appeared in this paper yesterday morning.

Dr. Godfrey was not responsible for the story in The World. He was accompanied by Robbins, and they stated that their purpose was to make Dr. Godfrey examine the man again and then force him to retract the statement made in the paper.

One, while commending the Ontario Government for faithfully endeavoring to enforce the liquor law, declares that the synd "believes that public opinion is now sufficiently advanced to warrant legislation abolishing the sale of intoxicating liquor in the licensed bar room."

The same delegate will also move in favor of a change of the Bill. "The Church of England in Canada" but that final action should be deferred to a subsequent session.

Archdeacon Inglis will move the adoption of the following resolution from the moral and social reform committee: "We recommend that the synd should urge upon the government the desirability of making it necessary to give publicity to all marriage licenses issued, thru the medium of the newspapers, and that a form of special license be prepared by way of precaution in the case of marriage between those of different races, and that the clergy be urged to encourage the calling of the bans of marriage in accordance with the laws of the church."

The same committee reports under the caption, "Race Track Gambling": "There must be no relaxing of effort against the gambling evil. The introduction of pari-mutuel machines has in some ways increased the evil."

"We strongly protest against the two banker, charter which have been granted, giving the holders the legal right to operate in every city in Canada. Gambling is criminal except on the race track, and such gambling which we in Canada permit on the race track is illegal in all the states of the American Republic except seven; and thus our own country is a kind of gambler's paradise. The situation calls for persistent and energetic protest."

Party of Orphan Girls. BROCKVILLE, June 5.—(Special.)—A party of orphan girls from the Quarrier Homes, Scotland, numbering 7, arrived today at the Canadian distributing centre here. They range from six to fourteen years.

LIVELY TOPICS FOR THE SYNOD

Cathedral Scheme, Marriage Law, Pari-Mutuels and Temperance Policy Will Be Under Fire.

Marriage laws, the banish the bar movement, and the downtown church problem will be among the live topics before the Anglican Synod at St. James' Parish Hall at the meeting which opens their session on Tuesday morning.

Quite an animated discussion is looked for on Tuesday afternoon when the report on the state of the church report comes up. Some prominent clerical and lay delegates take the view that undue attention has been concentrated in the St. Alban's Cathedral project, considering the urgency of the downtown church requirements.

The board held its first meeting at headquarters this afternoon, when the commanding officers were called. It is understood that they all denied knowledge of any liquor inside the lines, either in officers' or other tents.

ST. CATHARINES, June 5.—(Special.)—The council of the labor party today decided against an immediate general strike, in spite of protests by the Waldoles, referring such action for next month. In the event of the government refusing to consider a measure for the revision of the constitution, which the Socialist deputies have introduced in the chamber, both the Socialist and Liberal League have issued an urgent appeal to their followers to refrain from violence, and to devote their energies to opposing the addition of the plural vote by parliamentary methods.

DUCHESS LIKELY TO RECOVER SPEEDILY

Symptoms Which Created Grave Anxiety Have Materially Lessened, and Convalescence Within Short Time is Expected—Royal Party Has Canceled Engagements

MONTRÉAL, June 5.—(Can. Press.)—Improvement in the condition of Her Royal Highness the Duchess of Connaught was shown through to-day and towards evening the alarming symptoms of the previous day had so much abated, that it is now hoped her complete recovery will follow within a very short time.

This was intimated by the following bulletin issued by the physicians early this evening: "Her Royal Highness the Duchess of Connaught has passed a comfortable day, suffers less and the symptoms which gave so much anxiety have improved materially during the last 12 hours."

(Signed) C. S. Worthington, M.D.; A. E. Garraw, M.D.; W. W. Chipman, M.D.

It is expected that the governor-general and his wife will continue to occupy the Strathcona residence on Dorchester-street until her royal highness is able to leave the hospital. But until her condition has so improved that she is out of the possibility of danger no future plans are likely to be made.

The duchess occupies a suite in Ward L at the Royal Victoria Hospital, which commands a magnificent view of the mountain and the western grounds of the hospital.

All social and other engagements of their royal highness have been cancelled and their future movements depend upon the health of the duchess.

LORD BENTINCK ILL IN TORONTO

Lord Charles Cavendish Bentinck, a British peer, was taken to the Victoria Memorial Hospital last night from the Prince George Hotel suffering from blood poisoning in the leg, contracted while visiting in Winnipeg.

Lord Bentinck has been making an extended tour thru Canada, and had intended leaving for Niagara to-night. He arrived in Winnipeg yesterday evening and immediately on being taken to the hotel was given medical attention. Dr. Frederick Inmett of Sherbourne-street was called, and after dressing the leg had his patient taken to the hospital. He is in a serious condition, and his leaving this city has been indefinitely postponed. He is an officer of the Ninth Lancers.

Strawberries This Season Will Be Ten Cents a Box. Canneries Are Short of All Kinds of Fruit and Are Offering High Prices, Which Means That Toronto Consumers Must Pay More—Decrease in Acreage, But Increase in Number of Growers. (By a Staff Reporter.) ST. CATHARINES, June 5.—One of the important features in connection with the home grown strawberry outlook, is the fact that the canneries are short of all kinds of fruit, and are making an effort to grab most of this year's Niagara district crop. They are offering \$1.4 cents a box in the patch, which is an increase of 25 per cent. over last year's price.
