Rumor of Dutch Protest Over Seizure of Ships Causes Unloading.

C.P.R.'S FRESH BREAK

Three-Point Decline is Added to Loss of the Past Week.

New York, March 18 .- A new and more

complicated phase of the international

situation was injected into today's heavy stock market. Rumors of a protest by Holland at the proposed commandeering of Dutch ships by this government formed the basis of heavy selling. Important rails and industrials reacted to 3 points and some specialties con-1 to 3 points and some specialties considerably more, the sciling assuming wider dimensions in the final hour.

Dealings in the early part of the session were nominal to the point of insignificance. Many stocks ordinarily classed among the leaders were scarcely quoted until well toward the close.

Canadian Pacific was heavy to weak thruout, extending last week's severe reversal by 3 points. Other transcontinentals, also grain carriers and coalers, were down 1 to 2½ points, with shares of eastern roads.

General Losses.

down I to 2½ points, with shares of eastern roads.

General Losses.

Among specialties, American Sumatra Tobacco, which may be adversely affected by the Dutch situation, broke 4½ points. Sugars and oils were swept into the receding tide of the last hour, yielding 2 to 6 points.

United States Steel was immune from the setlack most of the time, but finally succumbed to pressure, scoring an extreme loss of 1½ points. Other steels and kindred equipments relinquished midday gains of I to 2½ points, closing at variable net losses. Sales amounted to 485,000 shares.

Bonds, both rails and industrials, were sympathetically depressed and Liberty is sues also reacted. Total sales, par value, \$2,775,000

United States bonds, old issues, were unchanged on call.
