THE BROTHERHOOD OF MAN. Editor World: While perusing your columns, I read an article pertaining to the brotherhood of man by a Baptist minister. He seems to think the only way is to appeal to the all-atoning blood; but somehow it strikes me more like an insultation.

We disapprove of the fanatic or devotee who will throw her infant into the River Ganges to appease a God of Love who is omnipotent. This being so needs no sacrifice is full to overflowing. To come nearer home, we decry the wretch Judas Iscariot, the instigator of this great plan of salvation, and we call the Jews Christ-killers still up to the present day at the least provocation.

Paul says: 1. Cor. 7 and 8: "We speak the wisdom of God in a mystery, which none of the princes of this world knew, for they crucified the Lord of Glory."

THE DUNLOP TIRE & RUBBER GOODS CO., LIMITED THE TRADE MARK THAT STANDS FOR QUALITY IN RUBBER. "Noah," said Mrs. Darwin, "why didn't you take a pair of mastodons into the ark with you? It would have been interesting to preserve them for modern zoos." "Yes," answered the patriarch, "and I intended to do it. But it was this way. I got all the animals in but a pair of hogs and a pair of mastodons. And instead of going together, the hogs took an end seat ahead, and the mastodons couldn't get in." "Which was the origin of the species," Cleveland Leader.
