# Whitewear and Household Linens

On Friday morning, Jan. 2nd, that feature of our January Sale will be demonstrated with greater effect than ever before:

FIRST-Because of a greater wealth of such goods to offer. SECOND-Because of a bigger variety of styles displayed. THIRD-Because of the better qualities and styles included. FOURTH-Because values will be more attractive than ever.

No need for us to tell how it all came about, nor to emphasize the organization and plans that were put into operation months ago; the painstaking care exercised by out experts in buying or making the goods and the many resources and unequalled facilities we command to cheapen our initial cost and so lessen prices for January selling. The goods, stocks and values must tell the tale and prove the test, and we'll leave it to your good judgment whether or no there is any virtue in our January Sale.

On Friday morning, at eight o'clock, this January Sale opens out to you in all its fullness and magnitude. We think it will be bigger and better than ever. It must be, because values are more attractive and prices more tempting. Come and judge for yourself. If you can't come send your orders by mail.

Alleged to Have Bought Drinks. A charge of treating at Chittick's was taken up. Here a man named Johnston swore that Dr. Routledge purchased him a drink, and as he was leaving said, "Don't forget me at elec-tion day." The respondent, however, had denied this, and other witnesses who were present testified that the words had not been spoken, and that the election had not even been men-tioned.
