**FIRST AMERICAN JOCKEY LOSES LIFE IN FRANCE**

James Mulrennan, Who Formerly Rode For McAvoy, Killed.

BROOKLYN, Nov. 1.—Former Jockey James Mulrennan, who once rode for J. H. McAvoy, a well-known turfman, has been killed in action. His relatives here have just received the sad news. Mulrennan enlisted last year and went to France with a regiment of infantry. He was the first American race rider to lose his life on the battle line. Many English and French jockeys have been killed in the war.

**Boxing Bouts Are Banned in National Sport Drive**

Sunday Competitions Are Forbidden—Golf Players To Take Part in Campaign.

NEW YORK, Oct. 31.—Professional boxing and all sporting competition planned for Sundays during the drive of the United War Work campaign executive committee in charge of the committee, of which John R. Mott is chairman, held at the University Club, a resolution was passed which provided that the sports committee of the campaign should sanction boxing activities only in army camps and at naval stations of the country. The resolution also provides that the sports committee will not approve of any sporting competition held on Sunday.

John D. Rockefeller, Jr., told the committee that protests against boxing as a means of aiding the war fund had been received from ministers in all sections of the country. This action means that the country-wide program which has been planned by James W. Coffroth of California, will have to be canceled unless the boxing promoters decide to conduct the benefit boxing shows through independent committees of their own.

Although it was pointed out at the meeting yesterday that the boxing show for the Red Cross at Madison Square Garden netted \$60,000, and that the present extensive boxing campaign was expected to raise at least \$1,000,000, the committee frowned upon the sport. Dr. Joseph E. Ruckert, who has charge of the athletic activities in the training camps, pointed out to the committee that the action of the National Catholic War Council, which had not permitted the boxing, was arbitrary about offering their aid, did not represent the prevailing spirit among the professional boxers, but was prompted by a sincere patriotic purpose of offering their services for the drive. Nevertheless the committee decided that it did not want to accept money from any source in which professional boxers appeared.

The action has placed Coffroth, who came here from San Francisco at the request of the sports committee, in an embarrassing position. He has endeavored to explain the situation to the committee, but has not been successful.

It is known that not all of the co-operating organizations will make up the United War Work Campaign. Those who are opposed to accepting the aid of the boxers and the organizations which expect to conduct their games on Sundays for the Jewish Welfare Board, the National Catholic War Council, and the Salvation Army, have encouraged aid from these sources at all times.

**TORONTO WAR VETS WANT HOCKEY TEAM**

Good Material Among Returned Soldiers in the Queen City.

TORONTO, Nov. 1.—If some influential and experienced hockey players would only take hold Toronto could have a hockey team to cheer for. There are right now in Toronto a score or more good hockey players who have returned from overseas who are anxious to get into hockey again, and a hockey club just suits their ideas. A lot of these boys come from out of town, and are either at the military hospitals here or attending re-educational classes, or have remained in the city after being discharged. These lads are so keen on forming a senior or intermediate team that they are here, preferably a senior team—that they have asked H. Payne, who managed the Veterans' hall club, to handle the project temporarily for them.

"The prospects for a good team are superb, but I want distinctly understood that I will not have any of official connection," said Payne today. "I had my fill of baseball this summer and want a rest. However, the boys are very keen, and all they need is a manager who knows his way around the hockey sector without a guide. They will show him plenty of good hockey, and, say, wouldn't the vets' team make a hit? Why, every man in town behind a service button would be down cheering his luns out for the 'buddies' on the ice, and the boys from the hospitals and home would have something to take a real interest in the long winter days. It certainly looks good to me."

Around town some of the Vets are hankering for Major Hugh Sinclair, of No. 2 Garrison Depot Battalion, a Varsity hockey and football player, to take hold, and by the same token a high-class right-hand man to help him out, and a lad who knows his business. Teddy Marriott, is also back in town. Teddy would be a drawing card himself. He has a host of friends in town and he is an astute hockey man. Why, there are rumors from France that Teddy tried to start a hockey league up along the Vimy front. He proposed to play on the pond behind Mount St. Eloi, but Heinke kept the puddle so persistently agitated that even a veteran icemaker like Marriott could not get ice.

**CANADIAN CHESS PLAYER DEFEATED IN NEW YORK**  
New York, Nov. 1.—In the longest game of the International Masters tournament at the Manhattan Chess Club, Frank J. Marshall, United States champion, yesterday defeated J. S. Morrison of Toronto. The match lasted 84 moves. By defeating the Canadian champion, Marshall tied with Oscar Chailles and Boris Kostich for second place.

**JABS AT SPORT**

WILLIE KIDD, formerly a St. Louis professional soccer player, is attached to the Signal Corps and is training at Toronto.

ADDIE MORRISON, one of Canada's greatest canoeists, died at a Montreal Hospital recently. He was a prominent member of the Grand Trunk Boating Club.

PAL MOORE, American bantamweight, now stationed at the Great Lakes Naval Training base in Chicago, will go to England representing the navy and battle with Jimmy Wilde, flyweight champion of Great Britain.

BILL O'REILLY, fifteen years ago a famous cover-point of the Montreal Shamrock lacrosse team, died in Montreal.

ACCORDING TO Secretary Hewitt, sport in the Canadian navy is asked that the junior series be postponed till November 10. Guess the Tinned City boys are but by the "m" as well as the local boys.

IN AN ARTICLE published recently by a local paper it was stated that Smith, Gillies and Cline were the only three members of last year's O. H. A. team left. How about Archie McKay and Johnny Burgess?

McKay and Burgess both played first-class hockey last winter and expect to be on the ice again this winter, when the bells ring.

THE W. O. B. team is entered in the City of London. A number of good bowlers from the heights will be lined up to meet the local men.

BILL COUGHLIN, third baseman for the Detroit Tigers, is said to be on his way overseas as a Knight of Columbus secretary. Coughlin helped the Tigers capture the American League pennants of 1907 and 1908.

JOHNNY WOLGAST, a brother of former champion Ad. Wolgast, is fighting his way toward the welterweight championship by date in 55 battles, records show that Johnny lost only two decisions. He possesses all the attributes necessary to the successful boxer and carries a punch in either hand.

**JOCKEY SCHUTTINGER GETS HANDSOME SUM**

NEW YORK, Nov. 1.—One thousand dollars for one minute and twelve seconds was the reward of Jockey Andy Schuttinger for his great ride on Eternel in the latter's victory over Billy Kelly at the Laurel track on Monday. This is the biggest riding fee paid a jockey many years. When the other jockeys heard of it, their tongues began to wag. "Snapper" Garrison, he of the whole and finish that landed many a forlorn hope in front when their backers' hearts were like lead, said that all I got for riding Boundless, the winner of the \$50,000 American Derby. It was no minute and twelve seconds of work either. I was an hour and fifty minutes at the post, and then, in the holding pen, had to drive Boundless every foot of the mile and a half route. Compared with a ride, Schuttinger had a nice easy glide down a toboggan slide. Owners are more liberal with their money these days.

**TORONTO SOCCER MEN TO GO TO NEW YORK**

TORONTO, Nov. 1.—The Sportsmen's Patriotic Association of Toronto, through its president, J. J. Mulrennan, today sent a telegram to New York to the war welfare committee of the United States offering to send a Canadian soccer team to New York to compete against the United States champions at the Polo Grounds in the first of the international events in the great nation-wide movement in the United States. The Toronto team will be selected by the T. and D. and Provincial League directors.

It is expected that there will be a return international soccer game in Toronto following the match in New York for the benefit of Canadian patriotic funds.

**BOB MOORE, RACE DRIVER, RETURNS FROM FRANCE**

BATTLE CREEK, Nov. 1.—Bob Moore, an American automobile racing driver, is one of the few men who have been tumbled from the skies in combat with German aviators who have lived to tell "how it felt." Moore, who is recuperating here, was reported killed on the western front. He was "shot down in flames" and in his fall broke four ribs, punctured his lungs, broke his right hip, and so injured one eye that the sight likely will be impaired. He spent some months in a hospital in Paris. Moore was a member of the French Escadrille.

**ETERNAL RETIRES FOR SEASON**

LAUREL, Md., Nov. 1.—Eternal has run his last race this year. He goes into retirement with six out of eight races to his credit and a victory over Billy Kelly to top it off.

In the words of his owner, Jim McClelland: "Eternal will be seen under colors next time in the Kentucky Derby next spring—at least that is my hope and my plan."

He added that Eternal, apart from a slight soreness from time to time, was as sound as the day he was foaled. He is growing too, and, barring accident, will confirm as a three-year-old the greatness he has established as a two-year-old.

He cost \$2,000 as a yearling, and Mr. McClelland picked him out himself.

**Mr. Smoker---**

**Why Do You Smoke?**

IS IT because of the satisfaction you get out of a good cigar? The pleasure that a good well-selected smoke always imparts.

THERE is nothing more cheery and chummy than a cigar anyone can smoke—and enjoy—one that doesn't get on your nerves. This is why we recommend a Travellers Cigar. It is the best of its kind made.

**The Travellers Cigar**

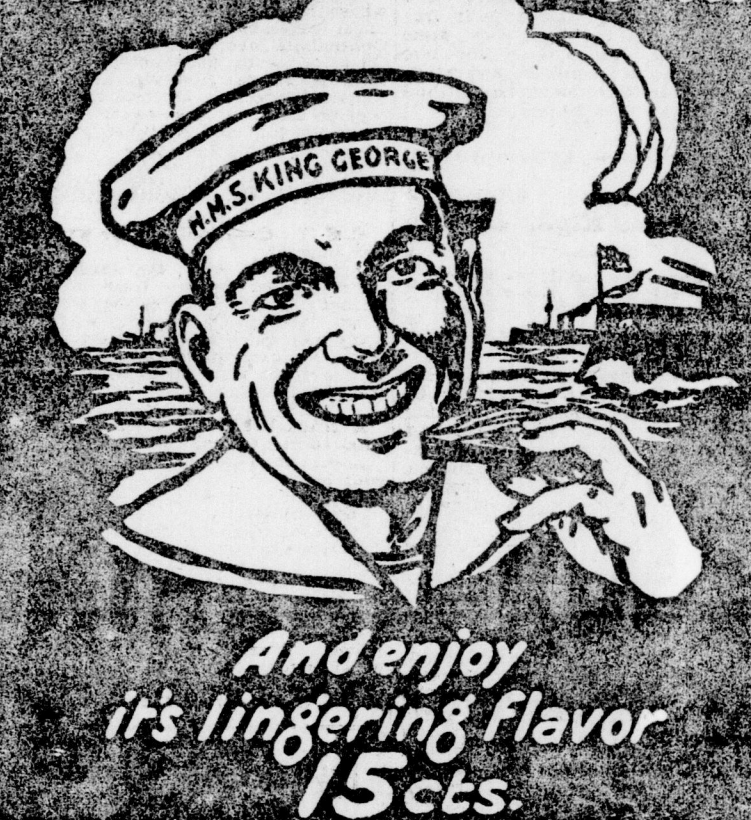

UNION 10c MADE

ANY cigar dealer in Canada can sell you Travellers. If your dealer hasn't them in stock he can get them for you from us.

**Every Light Counts---**

**How Many Lights Are YOU Burning?**

**Which You Do Not Actually Need?**

Darkness falls one hour earlier now—owing to the change in time which came into effect on the 27th inst.

Consequently FACTORIES, STORES, OFFICES AND RESIDENCES are all using light at the same time. This means a greatly-increased demand on the HYDRO SYSTEM, already overloaded by the needs of Munition Factories.

We are therefore forced to ask each consumer of HYDRO LIGHT to co-operate as fully as possible during this hour:

**Between 5:30 p.m. and 6:30 p.m.**

Disconnect all Electrical Appliances (Irons, Heaters, etc.),

Switch off that hall light, which you do not need.

Burn only ONE light in your chandelier instead of 4 or 5.

**Watch for Our Signals**

Your lights will go down and up once or twice to remind you to save current.

Compliance with the above request will make it unnecessary to inconvenience anyone seriously by shutting off the current altogether.

**The City Hydro : Phone 6480**

**WILSON'S "The National Smoke" BACHELOR**

A cigar of sterling worth, bearing the hall mark of quality, preferred by the majority of smokers throughout Canada.
