

## Tea Time Talks

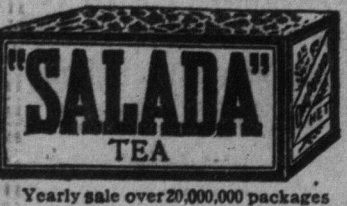

It's always tea time when you are tired or thirsty.

### Tea Spoils with Age

No tea is fit to drink after it is two years old. That is the age limit of tea quality and benefit. The best tea is the freshest.

"Salada" Tea owes much of its world wide reputation to its sale fresh from the plantation. The leaves are fresh picked every week the year round; then dried, sorted and packed in air-tight lead packages. Every five weeks a new picking of "Salada" comes fresh from plantation to purchaser.

Bulk teas, carried year after year, lose their freshness.

Ask your grocer for "Salada" Tea or send for a free trial package which contains 25 cups of delicious tea. We will mail it to you without charge. Say whether you use Black, Mixed or Green Tea and the price you pay per pound.

### STREET RAILWAY MEN ADVISED NOT TO STRIKE

Company is Acting Under Its Agreement—Trouble at Steel Works About Settled.

HAMILTON, April 3.—(Special.)—Sergeant Walsh and Constable Hollis will apply for a summons against James McLarey, proprietor of the Terminal Hotel, for violating the License Act to-day. When the officers entered the hotel they met the proprietor, and demanded admittance to the bar. The proprietor hastened to comply with their demand, and almost immediately thereafter he was found five men in the bar.

The trouble between the street railway and its men has been settled for the time being. They met Saturday at midnight and were in session until nearly 2 o'clock Sunday morning. Magnus Sinclair, an officer of the International Union, was present, and the new schedule, which will come into effect Monday morning, was submitted to him. He advised the men that the company, under the new schedule, will be living under the terms of agreement, and said they could not strike. The men are not altogether satisfied with the settlement, as on some points they will not be able to get ten hours work.

**Abolition Argument Ends.**  
Argument in the street lighting arbitration was concluded Saturday, but it is not likely that the award will be given until June. Judge Snider gave an award on the subject previously, in which he ruled that the city was entitled for the last five years of the agreement which expired last July to a reduction from \$82.50 to \$67, but the company argued, and the court of appeals ordered the case reopened for new evidence.

Fred Moore, 76 years of age, died to-night at the Home for Incapables. Although some of the men returned to work at the blast furnace of the Hamilton Steel & Iron Company, the police haven't yet been entirely withdrawn.

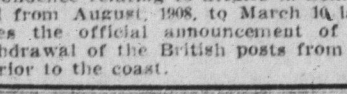

**Woman's Sphere.**  
St. Paul's Presbyterian Church celebrated its anniversary to-day, and a memorial window, installed for the late Matthew Leggat by his widow, was unveiled by Wm. Leggat, Montreal. Rev. Dr. Hendrick, Ottawa, preached. In the evening he spoke on "Chivalry." He blamed the suffragette movement on the men, declaring that they had abdicated their rightful position in their greed for gold. A woman liked to be governed, and was content to play second fiddle so long as the first fiddle produced rich tones, but she was not content to be a plaything.

Rev. S. B. Russell, pastor of the Presbytery, preached a special sermon to the Knights of Pythias.

Crown Attorney Washington has ordered an investigation into the death of a newborn infant found in an outbuilding connected with Harry Robbins' house, Bullock's Corners, and the inquest will be opened Tuesday evening. The mother, Miss Lizzie Corcoran, who is very ill, has been placed under police surveillance.

**ALTERED GRADE MARKS.**  
Colborne Apple Exporter Heavily Fined for His Trick.

OTTAWA, April 3.—The department of agriculture draws attention in a special bulletin to the fact that Robert Coyle, Jr., apple exporter of Colborne, Ont., pleaded guilty before Magistrate Miller, to a charge of tampering with the grade marks on a shipment of apples after they had been passed by a Dominion fruit inspector.

A Montreal inspector held up the car containing the apples at Coteau Landing, as it was en route to Boston for export, and found the evidence of the original grade marks having been removed, and marks for higher grades substituted. Coyle was fined \$100 and costs.

**Doctors Condemn Oily Liniments**  
The Public Are Warned to Be Careful of These Strong-Smelling Oily Liniments Containing Harmful Acids, Ammonia, Etc.

Many people have clung to the old-fashioned idea that a thick, greasy liniment is the best kind. Doctors say not—can they think through the pores and reach the seat of the pain.

When asked his opinion a few days ago, Dr. Roberts stated that he considered strong, penetrating liniments to be superior to any of the white ammonia liniments. In his twenty-five years of practice he had witnessed cases of rheumatism, sciatica and lumbago that simply would not respond to ordinary treatment.

The same physician also spoke of the great advantages of keeping a preparation like Nerviline in the home. Fifty years' continued success and the endorsement of the profession are proof that Nerviline is the liniment for the home.

Any good druggist or dealer can supply the large size bottle 25c. or sample size 25c.

**OWN WINTER SUSPECTED AS SMUGGLER.**

During the first three months of the year, nine times the number of immigrants have passed thru the league as compared with the same period of last year, and five times the number as during the same period of 1908.

## MAN'S SALVATION IS FAITH IN GOD'S WORD

Says Rev. W. Patterson in Dedicatory Sermon at High Park Presbyterian Church.

"A plank that will never give way in the Christian platform is faith in God's word," said the Rev. William Patterson, D.D., of Philadelphia, in preaching the dedicatory sermon to a congregation which taxed the capacity of High Park Presbyterian Church yesterday evening.

Dr. Patterson, who is a former pastor of Cooke's Church at Lenox, was introduced by the Rev. J. H. Patterson, D.D., of Philadelphia, in preaching the dedicatory sermon to a congregation which taxed the capacity of High Park Presbyterian Church yesterday evening.

He alluded to the higher criticism as a destructive doctrine, which was undermining the nation and causing men to lose their confidence in God's word.

The gospel of Christ was like medicine; it had to be taken in order to do good, and in conclusion he appealed to his hearers to seek salvation at the earliest opportunity.
