### SEEKS TO RESTRAIN BOARD OF EDUCATION

Ross Cameron Has Filed an Ac-  
tion at Osgoode Asking for  
Injunction.

Ross Cameron, 153 Ross avenue, has filed an action at Osgoode Hall, asking for an injunction against the board of education, restraining it from the use of the open grounds forming part of the school premises of Ross avenue as a playground on any day except school days.

The plaintiff alleges that annoyance is caused when the children are turned out onto the board planing of this school while the sullen ground of the Winchester is not open to them. Riverdale Park is suggested as a substitute.

### SERGEANTS OF Q. O. R. HELD PLEASING EVENT

Celebrated the Formal Opening  
of Their Mess at Camp Borden  
Recently.

A very interesting event took place in the lines of the 16th Q. O. R. Overseas Battalion at Camp Borden recently, when the sergeants of that unit celebrated the formal opening of their mess.

The battalion sergeant-major presided and among the speakers were Col. Wigle, commanding 3rd Brigade; Lieut. Baldwin, brigade orderly officer; Major W. G. Mitchell, Capt. H. E. Rooney and Capt. Reagin of the 16th Battalion. Unfortunately, Lieut.-Col. Leveson, the commanding officer, could not be present owing to his recent accident, but his return to the battalion.

In addition to the usual toasts, a most popular toast to "Our Comrades in the Trenches" was heartily responded to. The brigadier then gave a stirring and instructive talk on conditions in the trenches, as he saw them. This was most interesting to the sergeants, who hope to proceed overseas at an early date. An excellent musical program, provided by the sergeants themselves, rounded off a most enjoyable evening.

### PATRIOTIC LEAGUE SUPPLIES.

This is Toronto's output for the month from 270 circles and the workrooms at the league.

### TOO MANY FAMILIES SAILING FOR ENGLAND

Disregard Wish of Authorities  
That Women Relatives of Sol-  
diers Remain at Home.

Despite the wish expressed some time ago that wives and other women relatives of soldiers now in England, should not sail from Canada to help crowd a country already overcrowded, it is reported that the passenger lists of Atlantic liners are mostly made up of women and children, while family parties going over to be near the head of the house.

A late boat for Liverpool carried 47 families composed of 47 mothers and 79 children; 106 married women in all were on board, and 41 single women. In the first 153 women, 69 children and only 74 men; in the second, 106 women, 55 children and 10 men. These were all first class passengers and the second and third class passengers were in about the same proportion.

One reason for the easy exodus of Canadian families is that Canadian soldiers are so well paid that they can afford to have their wives near them even when an ocean voyage is entailed in so doing.

### TO CONSIDER QUESTION OF PAVING ALLOWANCE

City and Suburban Railway Co.  
Meeting on Wednesday  
Morning.

Chairman McIntyre of the Ontario Railway Board has called a meeting of the representatives of the City of Toronto and the Toronto Suburban Railway Company for Wednesday next to consider the question of paying the track allowance on Dundas street.

Engineer Middlehurst's report is that the track is worn out on the Dundas street track allowance, but the brick pavement on Keele street is in good condition.

### POEM PRIZE AWARDED.

### RAGS AND WASTE PAPER ARE GREATLY NEEDED

Systematic Saving by Canadian  
Housewives Can Avert  
Threatened Paper Famine.

One of the things which Canadian housewives have not yet realized to the fullest is that the threatened paper famine may be more or less averted, if not altogether averted, by a campaign made with the object of collecting rags and waste paper in a systematic manner for the purpose of supplying dealers who at present are reported to have a shortage in this respect.

Some time since the alarm was sent out by the department of commerce, Washington, which issued a circular bearing the injunction, "Save your waste paper and rags," and pointing out that the attention of the department had been directed to the matter by the president of a large paper-manufacturing company, who asked to make it known that the saving of rags and old papers would greatly better existing conditions for the manufacturers.

The circular also noted that something like 15,000 tons of different kinds of paper and paper board are manufactured daily in the United States, and a large portion of this is used over again in some class of paper.

Half a million copies of the circular were sent out, with the effect that interest was aroused and a good deal of relief brought to the paper industry thru the educational campaign which the governmental circular evoked.

As an instance of how prices have advanced, a magazine article quotes the cost for rags in one mill alone to be this year \$12,500,000 more than last, or a daily increase of \$40,000.

The disastrous fires in northern Ontario, in which paper mills have been more or less involved, have doubtless crippled the industry at a much more acute and furnish a strong hint for renewed thrift in the matter of rag and paper-saving in the home.

## Talks With Screen-Struck Girls

By Beatriz Michelena  
(Copyrighted 1916 by Beatriz Michelena)

Beatriz Michelena

I HAVE received a very interesting letter from a girl in Decatur, Ill., and, following the suggestion in my first "talk," she has filled it quite full to the brim with questions. One of these will furnish me a text for this article.

She asks:

"Why is it so many people give a bad name to picture actresses? Why can't a movie girl be just as honorable and make her living just as honestly as any girl at some other occupation?"

This brings up the whole question of morals in the motion picture profession, and it seems to be a very burning question in some quarters. Made so, perhaps, more often by misconception and misrepresentation than by conditions actually existing.

No one is placed in a very true one that "The devil one finds in Paris is the devil he brings there with him."

There is good and bad everywhere; either may be had for the selecting. In the picture profession a girl may find the same degree and quality of bad that she may find in the village or the city block at home, or she may find

the same degree and quality of good. It rests with the girl rather than the profession.

A girl can most assuredly be just as honorable in pictures as elsewhere. Some of the sweetest and best girls I have ever known are motion picture actresses.

Why then the bad name that so many people give the profession? In the first place people are always looking for the bad, and especially looking for it in the high places. They would much rather find it than the good. The newspaper editor, who must necessarily be a keen judge of human nature and human likes and dislikes, knows this. That is why so many headlines concern themselves with crime and divorces and scandal.

Now in looking for the bad, the people naturally turn their eyes in the direction where the spot light of publicity strikes most brilliantly. Scandal of a humble factory girl has small relish, but if it be about a woman of fame and achievement it is very sweet indeed.

No one is placed so prominently before the public gaze than the motion picture actress. Little notice is given her virtues. That side is uninteresting. But if she takes the smallest step amiss, a great shout goes up at once. Her misdeed is magnified and extended until it is made to overcast the entire profession.

### ASK SOLDIERS TO VOTE AGAINST GOVERNMENT

Sir Charles Hibbert Tupper and  
H. C. Brewster Circularize  
British Columbia Men.

VANCOUVER, July 31.—A message to British Columbia soldiers, signed jointly by Sir Charles Hibbert Tupper and H. C. Brewster, leader of the opposition in the provincial legislature, claiming to represent the public sentiment of the province, has been published here. It calls on the soldiers to vote against the government. It says in part:

"We believe a united effort should be made by the lovers of clean government and efficient administration, both Liberals and Conservatives, to drive from office the men who are misgoverning our province."

"You will exercise your franchise with nothing but the most sincere desire for the welfare of British Columbia. You have long known the record of the present government. Their tenure of office has been marked by extravagance, incompetency and wholesale corruption."

"It is not a fight for parties, but of the people against official wrongdoing. It is a fight in which not only the Liberals, but many Conservatives are united."

### GRENADIERS RECEIVED SOX.

The members of the "Overseas League of the Royal Grenadiers" consisting of the wives, mothers and other relatives of the men of the 128th Overseas Battalion, have supplied the men of their care with 1,100 pairs of socks. These socks were done at the Monday afternoon meetings which were held weekly at St. Paul's parish house, Bloor street east. The men of the league will need two pairs monthly during their absence and the good work of supply will be continued.

### NEW BANK BRANCH.

A branch of the Canadian Bank of Commerce has been opened at Drummondville, Que., in the temporary charge of Mr. E. R. Tanner.

### BRIGHT STEEL ON RANGE.

If the steel portions of the cooking range are allowed to become dark they spoil the trim neatness of the kitchen. Powdered pumice stone, or bathbrick, moistened with kerosene, make good cleansers for the steel, as a rule, when well rubbed in; they will not be effective if the metal has actually become oxidized.

### ENGLISH SOCIETY WOMEN GIVE UP THEIR OUTINGS

Remain in Town During Hot  
Summer and Assist Patriotic  
Needs.

English society women this season set the example of remaining in town for the purpose of assisting patriotic needs, even the the mercury soared and cooling waters beckoned to them from the distance.

Recently a novel method for raising money was launched upon the public in the shape of the "Country Market," held in the garden of a house in Belgrave Square, London. Her Royal Highness Princess Henry of Battenberg, president of the "Working Ladies' Guild," the organization in whose interest the affair was held, attended both as buyer and seller at a flower stall and a number of prominent women acted as sellers, garbed for the most part in simple white frocks and sunbonnets of pronounced country type.

Among the names chronicled are those of Viscountess Bury and her mother-in-law, the Countess of Aldmarie, who were in charge of a poultry stand; Mrs. Walter Long, wife of Major Long, D.S.O., formerly A.D.C. to the Duke of Connaught, who successfully presided at a fruit stall; Lady Maud Cavendish, eldest daughter of the Duke of Devonshire, the newly-appointed governor-general of Canada, who offered as her wares tempting baskets of strawberries and cherries, and Lady Elcho did service at a confectionary stand.

The venture conveys a hint which has not yet been worked upon along exactly the same lines on this side of the water.

A Free Prescription You Can Have  
Filled and Use at Home.

Philadelphia, Pa. Do you wear glasses? Are you a victim of eye strain or other eye weakness? If so, you will be glad to know that according to Dr. Lewis there is hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription.
